#### **INCIDENT OBJECTIVES (ICS 202)**

1. Incident Name:	2. Operational Period:	DAY											
ARCHIE CREEK / THIELSEN	Date/Time:												
	10/17/2020 0700	- 1800 SAT	and	10/18/2020 0700 - 1800 SUN									
3. Objective(s):													
Provide for the safety of all responders and publ	lic at all times.												
Protect communities, critical infrastructure, timbe	er values, recreation	sites and na	atural	resource values.									
Implement Covid-19 prevention and mitigation p	procedures as outline	d by the CD	C and	the Geographic Wildfire Response Plan									
Implement strategies and tactics that commit responders only to operations and tasks that will have a high probability of success with the least exposure necessary.													
Coordinate suppression repair tasks with Resource Advisors and implement in a manner that will minimize impacts to protected cultural and aquatic resources.													
4. Operational Period Command Emphasis:													
Manage span of control with assigned resources	s and develop organi	zation for tra	ansitic	on on 10/18/2020.									
General Situational Awareness:													
Monitor the weather, scout work area for hazard	ds and adjust your wo	ork assignm	ent ba	ased on conditions.									
5. Site Safety Plan Required? Yes No X Approved Site Safety Plan(s) Located at:													
6. Incident Action Plan (the items checked below are in	ncluded in this Incident Ac	tion Plan):

#### FIRE WEATHER FORECAST

FORECAST NO: 38 SHIFT DATE: Saturday, Oct 17-18, 2020 PREDICTION FOR: 0700-1800 UNIT: OR- Umpqua NF TIME AND DATE FORECAST ISSUED: 2000 hrs. 10/16/20 **INCIDENT NAME:** Archie Creek/Thielsen

Incident Meteorologist – Bob Tobin SIGNED: Bob Tobin

**WEATHER DISCUSSION:** High pressure is sitting out in the eastern Pacific through next week. This puts the Pacific Northwest in a general northwest flow. Several weather systems will move through the region. The first system will move through Saturday morning and bring increasing clouds to the region. The second Sunday afternoon will bring a few light showers that are expected to remain north of the area. More light rain will be possible at times through next week. Easterly winds on Friday will become northwest to north the remainder of the weekend. This will result in slightly cooler temperatures and higher relative humidity.

<b><u>SKY/WEATHER TODAY:</u></b> Mostly cloudy in the morning. Clear	ng in the afternoo	n.
MAX TEMPERATURES / MIN RELATIVE HUMIDITY:		
<b>3000 FT: (Archie Creek)</b> 62 to 67 degrees (Down 3-5)		/
<b>5000 FT: (Thielsen)</b> 60 to 65 degrees (Down 3-5)	/ 35 to 40 (Up 5%	<b>(</b> 0 <b>)</b>
<b>20 FOOT WINDS:</b> <u>Slope/Valley</u> : West-northwest 8-10 mph.	Ridges: West-n	orthwest 10-12 mph.
LAL: 1. Inversion: Moderate at 400 ft AGL.	0	Rain (> or = to 0.25"): 0% ng Height: 3300 ft AGL.
SKY/WEATHER TONIGHT: Partly to mostly cloudy.		
MIN TEMPERATURES / MAX RELATIVE HUMIDITY3000 FT: (Archie Creek)45 to 50 degrees (Up 2 to 3)5000 FT: (Thielsen)33 to 38 degrees (Up 1 to 2)20 FOOT WINDS:33 to 38 degrees (Up 1 to 2)	(	e ,
Slope/Valley: Northwest-north 5-8 mph.	Ridges: N	lorthwest 5-10 mph.

<u>3-5 Day Outlook, Mon-Wed (3000 Feet):</u> High pressure remains		
Monday: Mostly cloudy. High Temp: 50-60 Min RH: 50-60%.	Wind: NW 8-12 1	mph.
Tuesday: Partly cloudy. High Temp: 60-65 Min RH: 50-60%. V	Vind: NW 8-12 m	ıph.
Wednesday: Mostly sunny. High Temp: 50-60 Min RH: 45-559	6. Wind: NW 8-1	0 mph.

*Observations from midnight through 1700 PDT Friday, 10/16/20:* North Bank (1913ft): Temps 45F/66F, RH: 100%/58%, Pk Wind: ESE 7g12 mph. Little River IRAWS (2100ft): Temps 44F/70F, RH: 97/53%, Pk Wind: SW 7g12 mph. Grandad (2900ft): Temps: 46F/72F, RH: 82%/37%, Pk Wind: SW 3g4 mph. Lookout Mtn PRAWS (4739ft): Temps: 49/72, 57%/29%, Pk Wind: ENE 2g3 mph. Cinnamon<sup>4</sup>(4834ft): Temps: 38F/73F, 93%/31%, Pk Wind: NW 5g14 mph.

### FIRE BEHAVIOR FORECAST

FORECAST NUMBER: 37	TYPE OF FIRE: Wildland
FIRE NAME: Archie Creek / Thielsen	OPERATIONAL PERIODS: Oct. 17-18 2020 0700-1800
DATE ISSUED: October 16, 2020	TIME ISSUED: 2000 Hours
UNIT: Umpqua NF	SIGNED:Don Strand
	Typed/printed:
	INPUTS
WEATHER SUMMARY: See a	attached forecast
	OUTPUTS
FIRE BEHAVIOR	
GENERAL: Continued moderate weather with ter	mps near or slightly above average for this time of year. Fuel
	10-hr becoming receptive to ignition for a few hours in the
afternoon. Still expect minimal smoldering fire be	ehavior due to the effects of recent precipitation. Larger logs,

afternoon. Still expect minimal smoldering fire behavior due to the effects of recent precipitation. Larger logs, snags, stumps and woody debris (mega chunks) will continue to smolder with occasional small open flame. There may be a few more smokes visible during the afternoon.

**Archie Creek**: Forecasted 1-hour fuel moistures minimums will be near 8% and 10- hour fuels near 8%, 1000-hour fuel moistures near 21%. ERC-G values yesterday were 23 and forecasted to be 24 today. Trend is a little higher for Sunday. ERC chart for yesterday at Grandad RAWS – located several miles NE of Archie Creek Fire. ERC's are about average for this time of year.

**Thielsen**: Forecasted 1-hour fuels moistures 6%, 10-hour fuels moistures will approach 11%, 1000-hour fuel moistures will be near 22%. ERC-G values yesterday were 20 and forecasted to be near 20 today. Trend is for a little higher on Sunday.

#### Safety

While doing fire suppression repair, continue to watch for trees and snags burning at their base while traveling through or working in or adjacent to the black. These snags can burn until they fall, posing a serious hazard to folks below.

### Safety Message

17-18 October 2020

**INCIDENT:** Archie Creek/Thielsen

OPERATIONAL PERIOD: 0700-1800

#### **TOPICS:**

### COOL NIGHTS/WEATHER

The weather has moderated for the duration of our tour. However, we can expect cool nights with lows near 40. Make sure you have the means to stay warm through demobe. Now is not the time to compromise your immune system with deep Fall/early Winter right around the corner.

### **HEAVY EQUIPMENT**

Post lookouts around equipment work areas. Establish communications with equipment boss and operator. Do not work down slope from equipment. Familiarize crews with specialty equipment and processes.

### DRIVING/TRANSPORTATION

Practice defensive driving skills and maintain time and distance from other vehicles and visual obstructions such as curves and blind spots. Be aware of debris fall and logs along the right-of-way. Keep your speeds low and take your time.

"Complacency is the handmaiden of serious injury."

"Don't forget your COVID protocols and mitigations"

### Deliberate Risk Assessment-Hazard Summary 17-18 October 2020

Hazard	Mitigation	Post Risk
COVID Viral Transmission	Maintain awareness of health, perform self-checks, maintain social distancing, wear face covering when within social distancing space (minimum 6'), report and isolate if not feeling well, implement Module of One and Hub/Spoke criteria to greatest extent possible, establish relationship with local public health, establish a schedule to clean all frequently touched surfaces, maintain cleanliness of own workspace, box meals by crew (no more than 20), single person distribution for meals and hydration (24 hour supply of hydration each day supplied with breakfast)	Low
Extraction Time	Identify medivac sites and helispots. Initiate ground transport to accident site. Identify EMT's from resources assigned to division. Provide line qualified paramedics to each division as available. Review IWI protocol to ensure familiarity. Utilize short haul in remote areas. Evaluate on-going need for repositioning medical personnel.	High
Steep Terrain/Gravity	Do not work crews above or below each other. Post lookouts for rolling material. Watch footing in loose soil, rock and around vegetation. Do not work below heavy equipment. Scout and identify travel routes. Establish LCES.	Moderate
Physical Factors	Maintain hydration schedule. Closely monitor work rate and implement rest periods. Maintain nutrition. Ensure adequate work/rest.	Moderate
Environmental Factors	Assign medical personnel to camp. Assess for known allergies and report to medical personnel. Obtain Bee Bopper/wasp spray and yellow jacket traps. Locate dumpsters/trash, food and feeding areas away from sleeping and assembly areas. Establish work windows during periods of heavy rainfall and/or cold weather conditions. Evaluate transportation routes for washout and debris fall potential and establish MAP for disengagement.	Moderate
Snags/Falling	Conduct on-going risk analysis of all work areas. Use mechanized falling to the greatest extent possible. Avoid use of agency personnel for hand falling. Follow Hazard Tree Safety Guidelines (IRPG page 22). Ensure use of protective equipment. Use qualified personnel for danger tree identification.	High
Transportation	Signing of all incident roads that provide access to divisions. Daily updated travel plan maps. In local communities obey the posted speed limits. Use reader boards to control entry as needed. Identify and evaluate contingency and alternate escape and travel routes, implement controls as needed. Practice defensive driving. Maintain an awareness of wildlife, rock fall and heavy truck traffic. Reduce speed and increase following distance as needed.	High
Public Interaction Heavy Equipment	Implement road and area closures in and adjacent to the perimeter.Post lookouts around equipment work areas. Establish communications	Moderate High
	with equipment boss and operator. Do not work down slope from equipment. Familiarize crews with specialty equipment and processes.

6. Control Operations/Work A	ssignment	s:											
<u>Task:</u> Utilize qualified READ to identify burned and scorched danger trees. Cut, process, remove and deck danger trees that could threaten the 4711 Road (see Archie Creek and Thielsen Danger tree falling specifications). Utilize mechanized equipment to limit exposure to falling and bucking hazards. Use hand falling and bucking only as needed. Pile Slash for future disposal. <u>Purpose:</u> Remove danger trees that could potentially threaten the 4711 Road travel corridor. Prepare and store merchantable logs for removal. <u>End State:</u> Danger trees are identified by qualified READs and removed based on Archie Creek Fire Repair Plan. Merchantable material is available for removal and remaining slash is piled for future treatment or disposal.

# Thank You

On behalf of Roseburg District Bureau of Land Management, Umpqua National Forest, and all cooperators on this incident, we'd just like to thank you for your efforts to clean up trash and other debris around and within the fire area. Several of us who have worked on incidents around the West and the nation have noticed how 'clean' our work areas / Divisions have been. Thanks again for your diligence and keep up the great work!

**Cheers!** 

Resource Advisors and Agency personnel

# Weed Wash!!

The weed wash stations are still up and running! The objective, is to complete suppression repair and minimize damage to the natural resources. Thank you for your continued vigilance in helping us achieve that objective!

#### BOTH FIRES HAVE A WEED WASH.

• Archie Creek Weed Wash location. (not at the ICP)

Directions: Take 138 West into Glide, make a right (North) just West of the Glide Community Center (about 0.8 miles from Archie ICP). You'll see signs at the entrance. This is also the new Staging Area.

• Thielsen Weed Wash location is at DP-3.

PLEASE wash your vehicles during the following situations:

- Prior to demob....DO NOT take our weeds home with you!
- Whenever logistically possible, wash equipment/vehicles prior to moving from the BLM/Private checkerboard to Forest Service- administered lands.

\*\*If you are just arriving to the Archie Creek or Thielsen Fire, take all vehicles through the weed wash before entering the fire areas.\*\*

- 1. Initial mobilization into camp;
- 2. Final demobilization;
- 3. Moving from BLM to FS;
- 4. As often as possible!

\*Federal agencies and private industry spend thousands of dollars a year in the fight against noxious weeds as they spread from the valleys (or other infested areas) into un-infested Public Lands and plantations. Prevention is by far the most effective proactive weapon we have; it saves taxpayer dollars, and all it takes is a little extra time.

# **DEMOB INSTRUCTIONS**

Follow all COVID-19 mitigations and steps below while demobing.

### Demob steps for all resources (must be done in order):

- Any resources that were off pavement must go through weed wash. See the weed wash page in this IAP for locations and further instructions.
- 2. Check out with **Ground Support** at either camp.
- 3. Turn in any radios to the **Communications Unit** and checked out supplies to the **Supply Unit** at either camp.
- 4. Call Demob Unit @ 541-887-0815
- 5. Call Finance @ 509-949-3210 or 360-601-8820
- 6. Scan this QR code and review the information on COVID.

If you follow this process you will be made available in the ordering system faster for your next assignment.

Any questions about the process please contact the Demob Unit at 541-887-0815.

Thank you and safe travels!

Human Resource Message – Archie Creek & Thielsen Fires October 17, 2020

#### Heads Up:

Just wanted to call attention to the fact that we are at the end of this assignment and our crews will begin tearing down both the ICP and the Thielsen Spike Camps this weekend. There will be a lot more activity in both camps as the yurts are taken down and vehicles are driving back and forth. Because of the increased activity, as always, situational awareness is key to our safety. Be sure to look up, look down, and look all around as you go about your day and look both ways before you take off across the parking lot or field regardless of whether you are walking or driving. There are a lot of moving parts at the end of an assignment so Heads Up!

Good Morning Everyone and Heads Up!

**Lost and Found**: Lost and found at the Archie Creek ICP is in the Communication Yurt. If you are missing something you might check in with the Info. folks as they just may have what you are looking for. Information yurt located across from the Medical yurt at the ICP.

**<u>Finance</u>**: Understand we still have some volunteers out there but just learned that there is funding so if any of you volunteers want to get paid all you have to do is turn in your shift tickets and CTRs, and our Finance folks will see that you get a check. If you have any questions about your time, contact Finance at any of the numbers listed on the Finance page in this IAP.

Human Resource Message – Archie Creek & Thielsen Fires October 18, 2020

#### THANK YOU FOR A JOB WELL DONE!

#### Good Morning Everyone!

Today is our last day on this incident. We will be turning this assignment over to a Type 4 Team at 1800 hours today. We want to thank all fire personnel for the outstanding work done on the Archie Creek and the Thielsen Fires. Because of your dedication and hard work, we were able to meet the Incident Objectives timely and safely.

It was a pleasure working with you on this incident and we expect that we will be seeing you again on another incident sometime in the future. We appreciate your work ethic and your can-do attitude which contributed to a very positive work environment for everyone.

The fire season was quite devastating for many families here in the pacific northwest and the Archie Creek fire was no exception. Families lost homes, property, and many valuables. Lives were changed because of the devastation. Thank you for being here and helping this community. There are not enough words to express the gratefulness of the families living in this community, the businesses, and the agencies whom you helped. **The words "Thank You" seem inadequate but they are nonetheless heartfelt.** 

As you travel back to your home units, please drive defensively. If you become fatigued, please safely pull over and rest until you can continue your route home. **Remember we are always in the public's eye so keep in mind appropriate behavior and** always do what is right.

Take care, be safe and we will see you on the next fire assignment.

Adversity doesn't develop character, adversity reveals character. ~ Dr. Tony Bacon, The Art of Servant Leadership

NWCG Wildland Fire Leadership Development Program

Thought for the Day

Respectfully, PNW Team 12

Susie Manezes, Human Resource Specialist – Contact – 602-571-9327 PNW Team 12 HRSP

# <u>Archie Creek Fire & Thielsen Fire</u> <u>Training Message</u>

All open training assignments on this incident must be "closed out" with the TNSP by end of shift Saturday October 17<sup>th</sup>. Remember to check for signatures....

*TNSP Hours:* 7am – 7pm PST Erika L. Davis ~ (850) 841-0038 ~ <u>Erika.Davis@USDA.GOV</u>

#### TRAINING CLOSE-OUT PROCEDURES

https://tinyurl.com/y54ufg3v

- Initiate Close-out via QR code
- Send completed Performance Evaluation(s), Evaluation Record(s), Final Evaluators Verification (if applicable)

### Logistics Information

#### Archie Creek Kitchen

Breakfast:	0600-0830
Dinner:	1800-2030

Last meal served will be breakfast on Sunday, 10/18.

#### **Archie Creek Showers**

0500-1200

1400-2200

Last Shower at Basecamp: Sunday 0800

Last Shower at ICP: Sunday 0900

#### **Archie Creek Laundry Service**

Last drop off Saturday 1200

Pick up laundry no later than Sunday 0900

#### **Thielsen Spike Kitchen**

Breakfast:	0600-0900
Dinner:	1800-2030

Last meal served will be breakfast on Saturday, 10/17

#### **Thielsen Spike Showers**

0600-1200

1600-2200

Last Shower: Saturday 0900

### **FINANCE**

### Communications for Finance should be sent to <u>2020.Thielsen.finance@firenet.gov</u> <u>2020.Archiecreek.finance@firenet.gov</u>

# If you have a need to file a claim – don't wait till you are demobing Call us now!!!!

Demobing tomorrow? Make sure all your CTRs or Shift tickets are turned in.

### **REQUIRED BY ALL PERSONNEL: COVID-19 DAILY CHECKLIST**

Supervisors are required to go over this list each morning with assigned resources. Please make a notation in the remarks section on your daily Crew Time Report documenting your daily health assessment check.

#### Self-Awareness / Screening

□ Notify supervisor if you or others experience:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches

- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea
- Have you had close contact within the last 14-days with someone who is currently sick with confirmed COVID-19? (Note: Close contact is defined as within 6 feet for more than 15 minutes per CDC Guidelines)

 Review and follow crew and division plans to isolate, triage, and transport symptomatic personnel: Contact line EMT or COVID Module personnel for next steps.

- Masks must be worn at all times in base camp, spike camp and ICP.
- Modules (e.g. crews, engines) should send representatives to pick up meals for the entire group: 1 person for engine crews, 3-4 people for 20 person crews.
- Join morning briefing via phone (number provided in IAP)
- Observe 6-foot social distancing during briefings and while standing in line for meals, and any other time you are near people outside of your module.
- Limit contact between firefighters and the public as much as possible, use crew representatives to pick up supplies, fuel, etc.

### 24 hours 417-459-5759

#### **EMERGENCY PLAN**

#### **INCIDENT WITHIN AN INCIDENT**

#### **ON SCENE SUPERVISOR**

In the event of an accident or medical incident of any size, your primary responsibility is to ENSURE that the victim(s) receive prompt and effective Triage, Treatment and Transportation.

- Conduct size-up of the incident (nature of accident, number type of resources involved, latitude and longitude location); notify incident communications center and supervisor, request assistance as needed.
- Order and coordinate medical and support response to the accident.
- Evaluate special needs (law enforcement, haz mat, etc.).
- Clear the command frequency if medical emergency; coordinate with incident communications and air attack for air medical transportation needs
- Preserve and photograph the scene for accident investigation.
- Remain aware of surroundings and the status of the main incident (delegate personnel to monitor the main fire) to ensure safety of medical treatment personnel.
- Until relieved, supervise and manage all personnel involved at the incident scene.
- ENSURE THE MEDICAL INCIDENT REPORT IN THE INCIDENT ACTION PLAN IS BEING USED AND FOLLOWED.
