## INCIDENT OBJECTIVES (ICS 202)

<b>1. Incident Name:</b>	<b>2. Operational Period: DAY</b>		
THIELSEN	Date/Time From: 10/01/2020 0700	THU	Date/Time To: 10/01/2020 1900
<b>3. Objective(s):</b> <p>1) Protection of human life and safety is the first priority for all actions taken on a wildfire and can overrule all other strategic and incident objectives and management and incident requirements.</p> <p>2) Base management decisions on meeting objectives while also minimizing the risk of COVID-19 exposure to responders and the public. COVID-19 considerations may alter how you meet goals but should not lead to higher-risk tactics.</p> <p>3) Patrol and mop up as directed by operations to eliminate the risk of loss of containment when safe to do so when hazards have been mitigated and LCES has been established.</p> <p>4) Monitor fire activity and, protect as needed, the WUI infrastructure at Diamond Lake (109 recreation residences, Diamond Lake Resort, FS campgrounds, ODFW facility), Lemolo Lake (Lemolo Lake Resort/KOA, Pacificorps facilities, Cinnamon Butte, Storage Facilities at Mt. Bailey, and Hemlock Butte Ski Cabin), and Sandshed/ODOT site near Hwy 138/FS Road 2610 from the threat of wildfire to prevent loss of highly valued assets.</p> <p>5) Monitor and ensure safe passage for public on Hwy 138 as it is a major east-west transportation route which would impact both the public and fire personnel access.</p> <p>6) Implement and Coordinate suppression and suppression repair actions with the lead READ to ensure that impacts to the Oregon Cascades Resource Area, Local Roadless Areas, and Mt.Thielson Wilderness Area to ensure repair standards are followed implemented in accordance to the standards and mitigate damage caused by suppression activities.</p>			
<b>4. Operational Period Command Emphasis:</b> <p>1) Monitor cumulative fatigue and ensure all incident resources receive adequate rest.</p> <p>2) Follow established incident-within-an-incident protocols listed in the Medical Plan.</p> <p>3) Protection of human life and safety is the first priority for all actions taken and shall override all other incident strategic objectives. Evaluate risk vs. benefit in strategic and tactical planning and only commit operational resources to actions that have the highest probability of success of protecting values.</p>			
<b>General Situational Awareness:</b>  <p>Look up, look down, look all around for hazards, recognize them and mitigate them.</p>			
<b>5. Site Safety Plan Required?</b> Yes <input checked="" type="checkbox"/> No <input type="checkbox"/> <b>Approved Site Safety Plan(s) Located at:</b> SEE ATTACHED SAFETY MESSAGE			
<b>6. Incident Action Plan</b> (the items checked below are included in this Incident Action Plan):

To: All Incident Personnel, Archie Creek 2020

As Southern Area National Type I Incident Commander, I am committed to a policy of “zero tolerance” of inappropriate behavior during incident operations. Any form of harassment, discriminatory practices, or disrespectful behavior will not be tolerated. Known or reported acts will be dealt with appropriately.

I am particularly concerned about the perception that alcohol has a place in any of the Incident facilities. It is not appropriate to indulge in alcoholic beverages during any fire assignment.

The National Team from the Southern Region has a policy of “NO ALCOHOL” from the time of dispatch until the time of physical release from the Incident. Members of the Team voluntarily comply with this policy; all incident personnel will be expected to do so also.

We endorse, support, and expect an attitude of mutual respect for all Incident personnel and the public we serve. We also, endorse the attitude and work ethic that places “Safety First, every time on every Incident.” We expect nothing less.

/s/ Mike Dueitt

Incident Commander

SAIMT 1

**Fire Weather Forecast**

**FORECAST NO:** 14  
**PREDICTION FOR:** Thursday  
**Shift Date:** October 1, 2020  
**TIME AND DATE**  
**FORECAST ISSUED:** 9/30/2020 at 1800

**INCIDENT:** Thielsen Fire  
**UNIT:** Umpqua National Forest  
**SIGNED:** Ryan Fliehman  
**Incident Meteorologist (IMET)**

**Weather Discussion:** With the ridge of high pressure firmly in control of the weather pattern, conditions for the next couple of days will be very similar to the past few days. Temperatures remain 15-20 degrees above normal through Friday, before the ridge weakens and temperatures cool several degrees. Humidity values both minimum and maximum will slowly increase as temperatures fall. Terrain driven winds look to remain the dominant wind pattern. Smoke from California fires will slowly encroach on the region. Changes appear on the horizon with cooler temperatures and an increase of moisture for the second half of next week.

**WEATHER FORECAST:**

**Today:**

**SKY/WEATHER:** Hot and dry with terrain driven winds. Mid and high level smoke.  
**High Temperature...**84-89F  
**Min RH.....**15-20%  
**20-FOOT WINDS:**  
**Ridges:** Light downslope/downvalley early. Becoming upslope/upvalley 3-6 gust 10 mph.  
**Lake Level and Valleys:** Downslope early 2-5 mph. Light northwest winds after 1100.  
**CWR (>=0.10")....**0% **LAL....**1 **Haines Index...4 (Low)** **Mixing Height...8000 ft AGL**

**Tonight:**

**Weather:** Clear skies. Cold in the valleys.  
**Low Temperature on Fire...**45-50F  
**Low Temperature in Chemult...**29-34F  
**Max RH.....**60-70% (Moderate/Good Humidity Recoveries)  
**20-FOOT WINDS:** Light downslope/downvalley 2-5 gust 8 mph.  
**CWR (>=0.10")....**0% **LAL....**1

**Friday:**

**SKY/WEATHER:** Sunny skies with terrain driven winds. A few degrees cooler. Smoke.  
**High Temperature...**79-84F  
**Min RH.....**17-22%  
**20-FOOT WINDS:**  
**Ridges:** Light downslope/downvalley early, becoming upslope/upvalley 3-6 gust 10 mph.  
**Lake Level and Valleys:** Downslope early 2-5 mph. Light northwest winds after 1100.  
**CWR (>=0.10")....**0% **LAL....**1 **Haines Index...4 (Low)** **Mixing Height...10000 ft AGL**

**Extended Outlook:**

**Saturday and Sunday...**The ridge of high pressure slowly breaks down and drifts east as weak impulses of energy passes to the north. This will bring temperatures back into the 70s and push minimum humidity values into the twenties. Overnight humidity recoveries should also improve over the weekend.

Cinnamon RAWS Obs (as of 1700)	Temp (F) Hi/Low	RH (%) Max/Min	Peak Wind (mph)	Rainfall (past 24 hours)
Wednesday 9/30	85/46	79/21	SW 5 Gust 10 mph	0.00"

Please send weather observations taken in the field to IMET Ryan Fliehman at [ryan.fliehman@noaa.gov](mailto:ryan.fliehman@noaa.gov)

## FIRE BEHAVIOR FORECAST

<b>Incident Name</b>	Thielsen	<b>Forecast Number</b>	17
<b>Operational Period</b>	10/1/2020	<b>Date/Time Issued</b>	9/30/2020 1700
<b>Unit</b>	OR-UPF	<b>Forecast by (Name &amp; Position)</b>	Allan Hepworth FBAN (t)

## FIRE BEHAVIOR DISCUSSION

**GENERAL:** Continued drying with ERC values remaining at average and below the 50<sup>th</sup> percentile.

**Predicted Fire Behavior:**

Fuel conditions outside the current fire footprint could support spread however, lack of mid-flame winds limit spread. Fire behavior within the fire footprint will be limited to smoldering and very slow creeping in the deep duff and in heavy jackpots of down dead. 100 and 1000 hour fuels hover around the 25<sup>th</sup> percentile while fine dead and 10 hour fuel continue to trend low and above the 90<sup>th</sup> percentile for this time of year. In lighter grass with exposure to sunlight and slope, new starts could observe spread rates at 13 chains/hour with flame lengths of 4 feet. In moderate load timber litter, expect spread rates at 1 chain/hour with flame lengths of less than a foot.

**Probability of Ignition:**

After yesterday drying and last night's moderate relative humidity recovery POI is predicted to be near 85%.

**SPECIFIC:**

**Today:** Both divisions continue to hold isolated interior heat. These heat sources remain the areas in which smoldering and creeping continue to be expected.

**Tonight:** Moderate humidity recovery and cool overnight temperatures stall any fire spread.

**AIR OPERATIONS:**

Another day of clear skies with minimal wind should create favorable conditions for aerial operations throughout the burn period.

**SAFETY:**

*Caesar Augustus* is said to have first adopted the motto: *Festina Lente*. **Make haste, slowly.** To act with due diligence, focus, and attention to detail in order to avoid mistakes and finish a task more expeditiously overall.

**LEARN MORE ABOUT FIRE BEHAVIOR---**

Definitions of a Fire Weather Watch and a Red Flag Warning

A Fire Weather Watch or Red Flag Warning is issued when the combination of dry fuels and weather conditions support extreme fire danger. These products are written for land and fire managers to highlight the increased fire danger.

Each NWS office creates local criteria for fire weather watches and red flag warnings. The criteria for Medford Weather Forecast Office (WFO), Fire Zone 617 is:

- Abundant lightning, LAL of 3 or greater unless fuels are exceptionally dry with an LAL of 2.
- Min RH < 15% and 10 minute sustained wind 10+ mph or peak winds to 20+ mph lasting > 2 hours.
- Min RH < 30% AND sustained wind 10+ mph lasting > 2 hours.
- Haines Index forecast of 6 in conjunction with an ongoing fire.

If any of these criteria exist a Fire Weather Watch or Red Flag Warning can be issued.

The difference in a Fire Weather Watch and Red Flag Warning is essentially the confidence of the fire weather zone office in the likelihood of the event occurring. Navigate to <https://www.weather.gov/> to view posted watches and/or warnings for the entire country.

*Please send your fire behavior observations to: [alison\\_coons@firenet.gov](mailto:alison_coons@firenet.gov) or [allan\\_hepworth@firenet.gov](mailto:allan_hepworth@firenet.gov)*

6. Control Operations/Work Assignments:

TASK:

1. Continue working along FS 060 to 950 road and along the southernmost dozer line from Hwy 138, constructing a shaded fuel break.
2. Cold trail and mop-up between Cinnamon Butte & Hwy138.
3. Continue to monitor fire activity around Cinnamon Butte Communications Site.
4. Monitor fire activity on the east side of the division.
5. Work on suppression repair in areas where fire is no longer a threat to escape.

PURPOSE:

1. To be prepared in case fire moves beyond current containment.
2. To ensure fire stays within current footprint.
3. To ensure safety of infrastructure at Cinnamon Butte.
4. To stay situationally aware of fire movement.
5. To prevent erosion and natural resource damage.

END STATE:

1. To have a defensible line to burn off and contain the fire.
2. Fire is no longer a threat to escape.
3. Infrastructure is safe with no threats from the fire.
4. To know if fire poses any threat to move beyond current location.
5. All disturbed ground returned, as close as possible, to pre-fire conditions.

7. Special Instructions:

1. If need arises to go to Cinnamon Butte communication site, coordinate with Division Papa. If unable to contact DIVS, contact Branch 1 or Field OSC.
2. Resources identified as \*IA\* will be responsible for initial attack and will report to DP 50 when requested for dispatch instructions.

## HEALTH AND SAFETY MESSAGE

*“Carefulness costs you nothing. Carelessness may cost you your life.”  
The Red Team*

<b>INCIDENT:</b> Archie Creek & Thielsen Fire	<b>DATE:</b> Thursday, October 1, 2020
---	--

**Major Hazards & Risks:** *Hydration, Fatigue, Driving/ Heavy Equipment, Public Interface and Covid-19*

**Hydration:** Personnel will need to monitor and increase their hydration intake throughout the day. Remember the recommended 3/1 water-to-sports drink ratios to maintain a healthy balance.

**Fatigue:** It has been a long season for most all of us. Long periods of multiple days spent working fires can take its toll on the best of us. Please take the time to take care of yourself. Frequent breaks, adequate rest, hydration, good eating habits and good personal hygiene practices will help mitigate the acclimated fatigue we all are facing.

**Driving/Heavy Equipment:** The Southern Area Red Team wants to thank everyone on the Incident for doing their part in safe operations. As we continue throughout the season, use deliberate actions when driving to and from the line such as avoiding distractions while driving, using spotters when parking and backing and driving defensively. Heavy equipment operations will continue to have specific hazards that continuously need mitigation. Needs for spotters and road guards around high traffic areas are paramount to safe operations.

**Increasing Public Interface:** Firearms hunting season will open in Western Oregon this Saturday October 3<sup>rd</sup>. With many deer hunters coming close to our Fire impacted areas for recreation. Expect to see an increase in traffic, people looking for camping sites within the forest, and the need to be very aware of public safety in fire impacted areas.

**Covid-19:** Continue to provide awareness and mitigations for Covid-19 prevention in all our daily operations. Do not let complacency put you, your co-workers, or families at risk. The wearing of masks within 6 feet of others, frequent hand washing, disinfecting workspaces, vehicles and monitoring your co-worker's health are all proven ways to mitigate the spread.

*Thank you for your time and consideration*

*Archie Creek and Thielsen Fire Safety Officers: Larry Connell, Tommy Hawkins, Troy Floyd,  
Steve Gray, Gary Kemp, Chad Hyatt, and Brad Lidell*

**If you suspect that you might have COVID-19...**

**Do NOT enter the building at Chemult Ranger Station if you have any of the following symptoms:**

- **New Loss of Taste or Smell**
- **Fever (100.4 and Greater)**
- **Shortness of Breath or Difficulty Breathing**
- **Sore Throat**
- **Congestion or Runny Nose**

- 1. Isolate yourself away from others**
- 2. Call 317-730-6653 for medical attention**

### Daily COVID-19 Reminder

- **“MODULE OF ONE” Concept:** Resources assigned to the Thielsen Fire need to focus on reducing the amount of time they spend around other resources they do not need to directly work with. Please limit your exposure to other resources.
- **Cloth face coverings (MASKS):** All individuals must wear a mask when they are working in close quarters outside their “Module of One.”
  - Masks must cover your mouth and nose.
  - Lightly used medical masks are okay.
  - Supply has medical masks for distribution.
  - Masks need to be worn inside ICP buildings, and when social distancing is not practical (supply, ground support, briefing areas).
- **Hygiene:** All resources need to wash their hands before and after touching common items around camp.
- **Local Community:** Please ensure that resources are following the above when they are visiting local area business.
- **Wildland Fire COVID-19 Screening Tool:** Apply the screening tool to yourself and any crew members you are responsible for.

If you have questions or concerns, please contact the Red Team COVID Coordinator  
Birk Roseman 850-363-7214 / [birk.roseman@usda.gov](mailto:birk.roseman@usda.gov)

## Wildland Fire COVID-19 Screening Tool

### **DO YOU HAVE ANY OF THESE SYMPTOMS?**

Today or in the past 24 hours, have you had a fever or a combination of more than one of the other any symptoms listed below **in addition to your normal work-related issues?**

- Fever, felt feverish, or had chills? Repeated shaking with chills?
- Cough? Shortness of breath or difficulty breathing?
- Muscle pain? Headache? Sore throat?
- New loss of taste and/or smell?

In the past 14 days, have you had contact with a person known to be infected with the coronavirus (COVID-19)?

**DOCUMENT IN YOUR 214 THAT YOUR CREW AND YOU HAVE CONDUCTED SELF SCREENING EVERY DAY.**

*\*Take temperature with touchless thermometer if available\**

### Wildland Fire COVID-19 Symptom Protocols

**If you or a member of your crew have symptoms related to COVID-19:**

- **Remove the individual from work duties.**
- **Do not announce that someone has symptoms, step aside, and report to Medical.**
- **Wait for clearance to return to duty.**

**To best protect all Archie Fire resources, please log the “CONTACT” you and your crew may have had each day in your 214.**

- **Contact: exposure to individuals outside of your “Module of One” that is within 6 feet and lasts longer than 15 minutes.**

If you have questions or concerns, please contact the Red Team COVID Coordinator  
Birk Roseman 850-363-7214 / birk.roseman@usda.gov

- Initiate Close-out via QR code
- Send completed Performance Evaluation(s), Evaluation Record(s), Final Evaluators Verification (if necessary)

## Thielsen Fire Union Contact Information

For

NFFE Bargaining Unit Employees of the Forest Service  
As of September 18, 2020

<b>Union Representative(s):</b>	<b>PRIMARY: Linda M. Spencer</b>	<b>SECONDARY: Erin Kidwell</b>
<b>Title:</b>	Chief Steward for Umpqua BU	R6 FS Council VP
<b>E-mail:</b>	<a href="mailto:linda.m.spencer@usda.gov">linda.m.spencer@usda.gov</a>	<a href="mailto:erin.kidwell@usda.gov">erin.kidwell@usda.gov</a>
<b>Phone:</b>	541-825-3163	971-333-4091

### Notice of Right to Representation

As a bargaining unit employee represented by a labor organization, you have the right to request representation from your certified labor organization at any investigative examination/interview where you reasonably believe the examination might result in disciplinary action being taken against you. You may make this request at any time prior to or during the interview. If you request union representation, your agency may opt to: (1) suspend questioning and grant your request then resume the interview; (2) discontinue the interview; or (3) offer you the choice to proceed with the interview without a Union representative or to forego the interview.

### Clarification about the Above Notice

If a management representative wants to question you (a bargaining unit employee) about an allegation that you were involved in some occurrence that could result in a proposal to discipline you, Union believes it is in your interest to have a Union representative present when you are questioned. **You have to invoke that right by asking for representation. Management is not obligated to inform you of this right, and they are not obligated to automatically arrange for a Union representative to be present.** In the event that you request representation and a Union representative has not been dispatched to the incident, contact will be made with the Union representative listed above, and arrangements will be made for that representative or his designee to come out on site, or to meet with you by telephone.

Afterhours/Nighttime contact #: Erin Kidwell 971-333-4091

## FINANCE

Communication for finance should be sent to  
[2020.Thielsen.Finance@firenet.gov](mailto:2020.Thielsen.Finance@firenet.gov)

Submit all Personnel Time and Equipment Time to the above email.

- All CTRs and Shift Tickets must be signed by your incident supervisor.
- Please write the fire name and Resource Order number on the CTR or Shift Ticket.
- If you are a single resource, please do not combine your time on a CTR with another single resource. One single resource per CTR.

**Demob:** If you are scheduled to demob, please contact Finance a day in advance to ensure that your time is complete. On your demob day, see Laura directly after morning briefing to begin the demob process.

Please label CTR files sent by email: **Last, First O-1 CTR 09.30.20**

Tip: Select download (three small dots at the top if you have an iPhone), you can use the free Adobe Acrobat Reader DC for PDF app; the form will be fillable.

# INCIDENT DOCUMENTATION

The Thielsen Fire IMT is endeavoring to reduce the amount of physical paper documentation to the extent practicable.

Please help your friendly neighborhood DOCL prepare an efficient and organized documentation package by **uploading your documents early and often!**

## PREFERRED METHOD:

- Review the list of files required to be retained by the IMT (via QR Code below). Store these files in your MS Team Channel and the DOCL will copy over to official eDOCBOX.

## ALTERNATIVE METHOD:

- Email files to [2020.thielsens.plans@firenet.gov](mailto:2020.thielsens.plans@firenet.gov) with subject heading "Incident Documentation"
- Upload directly to the digital "**Doc Box Inbox**" via the Teams Documentation Channel. Once in the Channel, select the "files" tab at the top to find the inbox.
- If unable to scan, text, or email a picture of the document electronically, there is a physical Doc Box located in the Plans Section for hardcopy files.

Documentation questions?

Contact: [Aerin Land@firenet.gov](mailto:Aerin_Land@firenet.gov) 305-432-6695

(Working virtually on the east coast and may be unavailable after 20:00 PDT) You may also contact any onsite Plans person.

## Steps in the Demob process

- If you need an airline flight, use the QR code below to schedule a flight at least 3 days before your demob date.
- All resources need to turn in supplies, radios, clean up your camp site, get vehicle/equipment inspected and get weed washed if your vehicle and equipment have been on the line.
- Contact Logistics to confirm that you have completed the above steps.
- Next close out with the Time Unit virtually using your smart device or laptop connected to the internet, Check-in at Chemult Camp will have a laptop available and can provide guidance in the process.
- Trainees need to close out with the Training Specialist before demobing.

**Weed Wash:**  
 The access road to Buck Eye Cinder Pit is on the north side of HWY 138 approximately 1.25 miles west from the Junction with HWY 97. The road is signed in orange as "Staging Area."  
 To access the weed wash, traffic travelling north will proceed to the Buck Eye cinder pit to turn around. They will then travel south and enter the weed wash on the right side of the road. The exit is the same pit access road back to HWY 138.

# MEDICAL PLAN (ICS 206 WF)

Emergency Phone Number: 206-771-0237

Medical Incident Report					
FOR A NON-EMERGENCY INCIDENT, WORK THROUGH CHAIN OF COMMAND TO REPORT AND TRANSPORT INJURED PERSONNEL AS NECESSARY. FOR A MEDICAL EMERGENCY: IDENTIFY ON SCENE INCIDENT COMMANDER BY NAME AND POSITION AND ANNOUNCE <b>"MEDICAL EMERGENCY"</b> TO INITIATE RESPONSE FROM IMT COMMUNICATIONS/DISPATCH.					
Use the following items to communicate situation to communications/dispatch.					
<b>1. CONTACT COMMUNICATIONS / DISPATCH</b> (Verify correct frequency prior to starting report) Ex: "Communications, Div. Alpha. Stand-by for Emergency Traffic."					
<b>2. INCIDENT STATUS:</b> Provide incident summary (including number of patients) and command structure. Ex: "Communications, I have a Red priority patient, unconscious, struck by a falling tree. Requesting air ambulance to Forest Road 1 at (Lat / Long.) This will be the Trout Meadow Medical, IC is TFLD Jones. EMT Smith is providing medical care."					
Severity of Emergency / Transport Priority	<input type="checkbox"/> <b>RED / PRIORITY 1</b> Life or limb threatening injury or illness. Evacuation need is IMMEDIATE Ex: Unconscious, difficulty breathing, bleeding severely, 2 <sup>o</sup> -3 <sup>o</sup> burns more than 4 palm sizes, heat stroke, disoriented. <input type="checkbox"/> <b>YELLOW / PRIORITY 2</b> Serious injury or illness. Evacuation may be DELAYED if necessary. Ex: Significant trauma, unable to walk, 2 <sup>o</sup> -3 <sup>o</sup> burns not more than 1-3 palm sizes. <input type="checkbox"/> <b>GREEN / PRIORITY 3</b> Minor injury or illness. Non-Emergency transport Ex: Sprains, strains, minor heat-related illness.				
Nature of Injury or Illness & Mechanism of Injury			Brief Summary of Injury or Illness (Ex: Unconscious, Struck by Falling Tree)		
Transport Request			Air Ambulance / Short Haul/Hoist Ground Ambulance / Other		
Patient Location			Descriptive Location & Lat. / Long. (WGS84)		
Incident Name			Geographic Name + "Medical" (Ex: Trout Meadow Medical)		
On-Scene Incident Commander			Name of on-scene IC of Incident within an Incident (Ex: TFLD Jones)		
Patient Care			Name of Care Provider (Ex: EMT Smith)		
<b>3. INITIAL PATIENT ASSESSMENT:</b> Complete this section for each patient as applicable (start with the most severe patient)					
Patient Assessment: See IRPG page 106					
Treatment:					
<b>4. TRANSPORT PLAN:</b>					
Evacuation Location (if different): (Descriptive Location (drop point, intersection, etc.) or Lat. / Long.) Patient's ETA to Evacuation Location:					
Helispot / Extraction Site Size and Hazards:					
<b>5. ADDITIONAL RESOURCES / EQUIPMENT NEEDS:</b>					
Example: Paramedic/EMT, Crews, Immobilization Devices, AED, Oxygen, Trauma Bag, IV/Fluid(s), Splints, Rope rescue, Wheeled litter, HAZMAT, Extrication					
<b>6. COMMUNICATIONS: Identify State Air/Ground EMS Frequencies and Hospital Contacts as applicable</b>					
Function	Channel Name/Number	Receive (RX)	Tone/NAC *	Transmit (TX)	Tone/NAC *
COMMAND					
AIR-TO-GRND					
TACTICAL					
<b>7. CONTINGENCY: Considerations:</b> If primary options fail, what actions can be implemented in conjunction with primary evacuation method? Be thinking ahead.					
<b>8. ADDITIONAL INFORMATION:</b> Updates/Changes, etc.					
<b>REMEMBER:</b> Confirm ETA's of resources ordered. Act according to your level of training. Be Alert. Keep Calm. Think Clearly. Act Decisively.
