7. Incident Objectives						
<ol style="list-style-type: none"> 1. Create a safe and secure environment to provide lifesaving and life sustaining treatment to the people of Jackson County focusing on the marginalized and underserved populations including but not limited to displaced, unhoused, and economically disadvantaged people who have not yet been vaccinated. 2. Work collaboratively with agencies, partners, and stakeholders to build relationships and to understand capability and capacity within each function. 3. Utilize current operations and infrastructure to improve efficiency and build capacity to increase vaccination distribution for walk in, drive thru, and mobile operations. 4. Provide management support to the current Jackson County Expo Community Vaccination Center as requested by Jackson County Health and Human Services. 5. Educate the residents of Jackson County about the efficacy and importance of the various vaccination treatment options and the importance of safe distancing, masking and hand washing. 6. Provide a supportive atmosphere so patients, employees, and task force members feel respected and valued.
