

Incident Action Plan

Kennewick

Max Vacs POD

WA-SEOC-2021-12114772

Operation Period: 08:00 – 17:00

January 28, 2021

INCIDENT OBJECTIVES (ICS 202)

1. Incident Name:		2. Operational Period: DAYS	
KENNEWICK MAX VACS POD		Date/Time From: 01/28/2021 0800 THU	Date/Time To: 01/28/2021 1700 THU
3. Objective(s):			
<ul style="list-style-type: none"> • Ensure the focus of support is based upon the safety of the participants and our customers. • Provide for internal and external stakeholders and partners with on-going information and intelligence sharing opportunities. • Monitor and track the distribution of vaccines to the public. Per Department of Health and Benton Franklin Health District guidelines. • Continually look for ways to improve the vaccine distribution process. • Remember that this is a stressful time for our customers and regardless of how they act treat them with respect. • Regardless of your rank or position, focus on the mission and do whatever needs to be done to deliver vaccines. • Provide opportunities for training and developing KSAs for participants. 			
4. Operational Period Command Emphasis:			
As the roll out begins today, work to mitigate problems as they arise and look for ways to improve the process going forward. This has the potential to start out rough, but will smooth out over time. Keep track of your fellow staff members and the citizens coming through line, to identify areas of stress and fear, and work to find positive ways to reduce stressful situations while maintaining and respecting their privacy.			
General Situational Awareness:			
The weather is going to play a factor in our day, stay warm and take breaks when appropriate to maintain your operational effectiveness.			
5. Site Safety Plan Required? Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>			
Approved Site Safety Plan(s) Located at:			
6. Incident Action Plan (the items checked below are included in this Incident Action Plan):

SAFETY MESSAGE/PLAN (ICS 208)

Kennewick Max Vac Pod

Date : 1/28/2021 Time: 0600 - 1800

Stay vigilant as the incident continues to expand, assuring the safety and wellbeing of all IMT members, community partners and public.

All personnel attached to the incident need to be taking extra precautions every operational period. These measures need to include, but not limited to the following:

- Daily temperature checks.
- Wash hands frequently and use hand sanitizer between washing.
- Maintain social distancing of >6 feet.
- Appropriate facial coverings required for assigned task (cloth, disposable, N95).
- Routinely sanitize work area and high touch areas.
- Ensure all personal protection equipment (PPE) is provided and worn for task assigned.

Hydration Fun Facts:

How much of the human body is water? *Water makes up about 60 percent of our body weight*

What does water do for the body? *The benefits of drinking water are many: It's vital for almost every function in the body. Water acts as a building block, a solvent for chemical reactions, and a transport material for nutrients and waste.*

How can water improve physical performance? *Proper hydration can reduce fatigue, improve endurance, lower your maximum heart rate, and more. It can also help you to be less sore after exercise.*

Can water change your mood ? *People who drink more water also tend to have better moods. One study found that when people who regularly drank less than 1.2 liters of water per day increased their intake to 2.5 liters per day, the participants experienced significantly less confusion, bewilderment, fatigue, and sleepiness. On the other hand, for people who regularly drank two to four liters of water per day who were then restricted to one liter per day, the reduced water intake led negative effects on mood, including decreased contentedness, calmness, and positive emotions.*

Does water boost your brainpower? *Several studies have shown that people drinking water during cognitive tasks performed much better than those people who did not drink water during the tasks. Studies suggest that even mild dehydration can impair cognitive function in the short-term.*

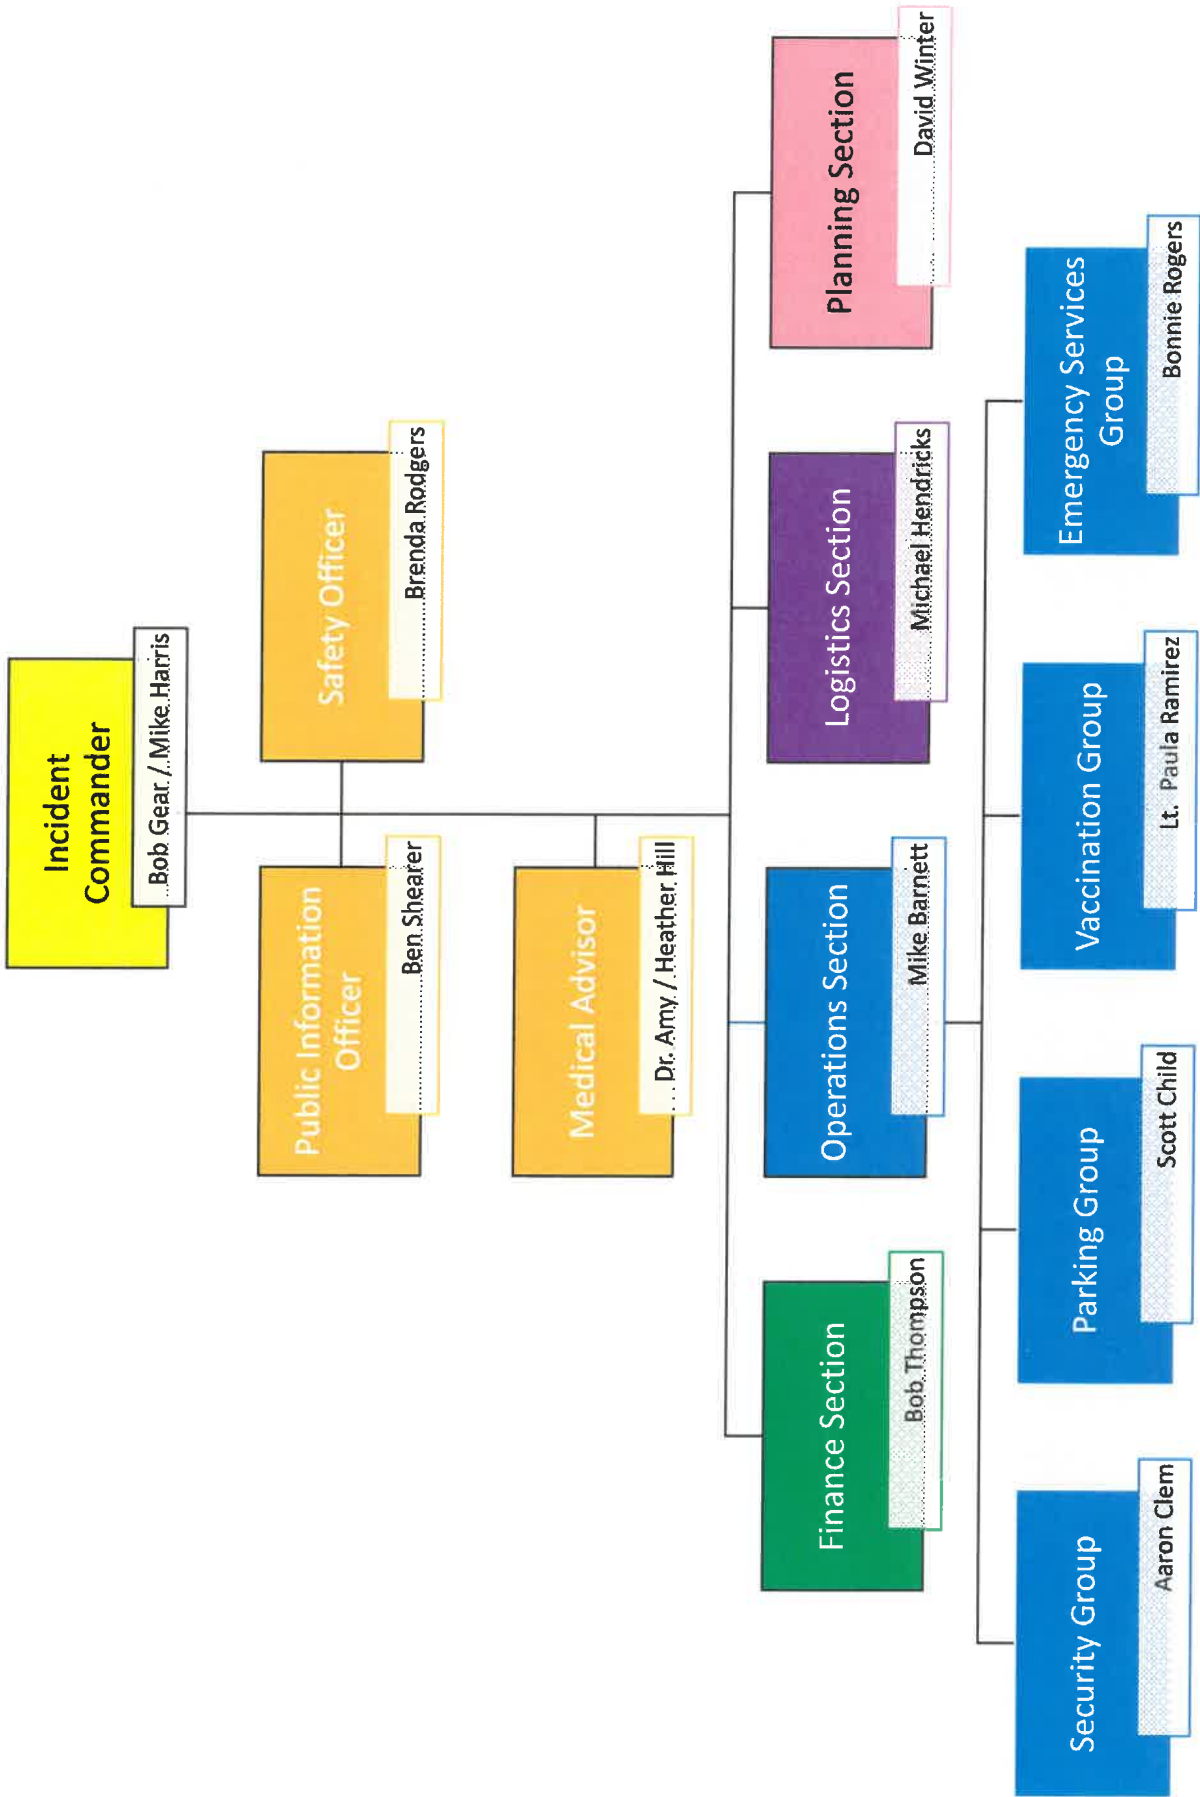

Can dehydration contribute to headaches? *Water deprivation is a very common cause of headache. In most cases, rehydrating can provide relief from a headache. For some people, dehydration can also trigger a migraine, so be sure to keep your water intake regular and increase your intake with climatic and activity levels.*

Why is water so important? *It has a primary role in disease prevention. Your kidneys need water to filter waste from the blood and excrete it in urine. Keeping hydrated may also help prevent urinary tract infections and kidney stones. If you are severely dehydrated, your kidneys may stop working, causing toxins to build up in your body. Proper hydration also may be a useful tool in preventing a variety of health conditions and diseases such as constipation, asthma, urinary tract infections, coronary heart disease, and even some cancers.*

COVID-19 Briefing Checklist

Self-Awareness / Screening

- Immediately separate yourself from others
- Notify supervisor if you or others experience:
 - Cough, more than expected.
 - Shortness of breath or difficulty breathing.
 - New loss of taste or smell
 - Fever
 - Chills
 - Sore Throat
 - Muscle Pain

Hygiene

- Properly wash or sanitize your hands often, especially before and after eating or entering a public place, and after coughing or sneezing.
- Avoid handshakes and communal use items.
- Disinfect high touch surfaces often.

Social Distancing and Protective Equipment

- Initiate, practice, and remind others of social distancing.
- Conduct briefings and conversations outdoors an at least 6 feet apart when practical.
- Utilize face masks.

Communications

Face masks and social distancing complicate communications. Ensure effective sender/receiver messaging.

Code of Conduct Incident Personnel

Each individual on this incident is responsible for:

- 🚒 Being *ready and able* to perform their assigned duties effectively.
- 🚒 Conducting themselves in a manner that treats people with dignity, equality, courtesy, and respect.
- 🚒 Abiding by agency ethics and conduct regulations.
- 🚒 Reporting any harassment or other inappropriate behavior.

Each individual of this incident has the right to:

- 🚒 Work in an environment characterized by safe work practices.
- 🚒 Work in a fair and harassment free environment.
- 🚒 Say "No" to unwelcome advances or requests for favors.
- 🚒 File complaints or grievances through appropriate avenues.

There is zero tolerance for inappropriate behavior while assigned to the incident, including:

- 🚒 Illegal drug use
- 🚒 Alcohol use
- 🚒 Unsafe work practices and activities
- 🚒 Discrimination
- 🚒 Sexual harassment
- 🚒 Fighting, threatening, and abusive behaviors
- 🚒 Using social media and electronic communication devices for personal business while engaged in fire assignment duties.
- 🚒 Other violations of Fire Service, Washington DNR, and Federal agency standards of conduct.

Failure to adhere to the Code of Conduct could result in dismissal from the incident, with notification to your home unit.

The public expects our best efforts; they see us as professionals in what we say and do. Let's continue to show them we are!

Incident Within An Incident Guide

FIRST ON SCENE PROTOCOLS

In the event of a medical emergency provide the following information:

- Declare the nature of the emergency (medical/injury/accident).
- If *life threatening*, then request that the designated frequency be cleared for emergency traffic.
- Identify the on-scene Point of Contact (POC) by Resource and Last Name (i.e. POC is Group Supervisor Smith)
- Identify nature of the incident, number of patients, brief assessment of patient(s) and location.
- Identify on-scene medical personnel by position and name (i.e. EMT Jones).
- Identify if there will be a need for ambulance transport or activation of 911.
- Request any additional resources and/or equipment needed.
- Document all information received and transmitted on the radio and phone.
- Identify any changes in the on-scene Point of Contact or medical personnel as they occur.

***Notify Operations Section Chief and Safety Officer on all accidents/incidents.**
