West southwest wind 5 to 8 mph becoming light and variable in the evening.                               |                        |                                 |                             |  |                    |
| <b>Pacific Co. - Raymond</b>   | Scattered showers, mainly before 11am. Mostly cloudy, with a high near 60. Calm wind becoming west southwest 5 to 8 mph in the afternoon. Chance of precipitation is 30%.<br>Tonight: Mostly cloudy, with a low around 46. West southwest wind 5 to 8 mph becoming calm in the evening. |                        |                                 |                             |  |                    |
| <b>Thurston Co. - Olympia</b>  | A 40 percent chance of showers. Mostly cloudy, with a high near 63. Light south southwest wind becoming southwest 5 to 10 mph in the morning.<br>Tonight: A 20 percent chance of showers before 11pm. Mostly cloudy, with a low around 45. South southwest wind 5 to 9 mph.             |                        |                                 |                             |  |                    |
| <b>9. Yesterday's Accomplishments</b>  |   |                        |                                 |                             |  |                    |
| Both WAARNG Teams had yesterday off. IMO personnel solidified their planning process for the remaining week of mass vaccination support and produced an IAP to cover the next operational periods. IMO C&G have started preparations on a transition package for the incoming Overhead organization handoff taking place next week.  |   |                        |                                 |                             |  |                    |
| <b>10. Planned Activities for Today</b>  |   |                        |                                 |                             |  |                    |
| WAARNG Team 8 is in Ocean Shores and Team 9 is in Toledo providing mass vaccinations. IMO C&G continued with the development of a transition package for the incoming Overhead team.   |   |                        |                                 |                             |  |                    |
| <b>11. Vaccine Distribution by County (Source: WA DOH):</b>  |   |                        |                                 | <b>12. Other Statistics</b> |  |                    |
|  | <b>1st dose</b>   | <b>% of Population</b> | <b>Fully Vaccinated</b>         | <b>% of Population</b>      | <b># of IMO personnel assigned:</b>  | <b>8</b>           |
| <b>Grays Harbor</b>  | 30,930  | 49.73%                 | 26,693                          | 42.91%                      | <b>Current county daily shot rate needed to reach 60%, in the next 21 days</b> |                    |
| <b>Lewis</b>   | 26,602  | 40.45%                 | 21,198                          | 32.23%                      |  |                    |
| <b>Pacific</b>   | 9,662   | 51.34%                 | 8,496                           | 45.14%                      |  |                    |
| <b>Thurston</b>  | 132,426   | 51.43%                 | 111,766                         | 43.41%                      |  |                    |
| <b>13. Estimated # of doses given (Source: / IMT)</b>  |   |                        |                                 |                             | <b>Grays Harbor</b>  | <b>893 (-14)</b>   |
| <b>1st Dose:</b>   | 199,620   |                        | <b>Fully Vaccinated:</b>        | 168,153                     | <b>Lewis</b>   | <b>1,119 (-17)</b> |
| <b>14. Cost to Date:</b>   |   |                        |                                 | \$247,818 (est.)            | <b>Pacific</b>   | <b>262 (-4)</b>    |
| <b>15. Approved LHJs Invoice Costs</b>   |   |                        |                                 |                             | <b>Thurston</b>  | <b>3,573 (-70)</b> |
| <b>16. Critical resource needs:</b>  |   |                        |                                 |                             |  |                    |
| Vaccination Inoculators for PODS, Medical Monitoring personnel, Walk-up Vaccination PODS for equity in rural areas. Lewis County needs Pfizer vaccine allocation of 200 per week to maintain availability for populations 12-18 years of age.  |   |                        |                                 |                             |  |                    |
| <b>17. Other Items of Interest:</b>  |   |                        |                                 |                             |  |                    |
| At the current average 1st shot rate for all counties, it will take 77 (-3 day) days to reach 60% of their combined populations of those 15 and older. The above DOH data was updated today.   |   |                        |                                 |                             |  |                    |
| WAARNG Team 8 and Team 9 have developed mitigations that allow safe operation of mixed-product clinics.  |   |                        |                                 |                             |  |                    |
| <b>Prepared By:</b>  |   | Ryan Scharnhorst, PCS3 | <b>Approved By:</b>             |                             | Peter Suver, ICT3  |                    |
