**CHECK YOUR MOTOR VEHICLE USE MAP**  
The Motor Vehicle Use Map (MVUM) is a companion map to the one you are holding. The MVUM is a separate document that identifies the roads, trails, and areas on National Forests and Grounds where motor vehicles are allowed. Please consult with the appropriate agency or individual regarding roads and trails of National Forests.  
Motorized travel is restricted to designated roads, trails, and areas throughout a Forest Service administrative unit or larger district. Cross-country travel with motorized vehicles off designated roads or trails is prohibited. See your Motor Vehicle Use Map.  
It is the responsibility of motor vehicle users to acquire the current MVUM.  
Motor Vehicle Use Maps are renewed every year and are available FREE at the Forest Service offices listed on the back cover of this map or at [www.fs.fed.us/recreation/programs/vehicle\\_use\\_maps.shtml](http://www.fs.fed.us/recreation/programs/vehicle_use_maps.shtml).
