CHECK YOUR MOTOR VEHICLE USE MAP

The **Motor Vehicle Use Map (MVUM)** is a companion map to the one you are holding. The **MVUM** is a legal enforceable document that identifies the roads, trails, and areas on National Forests and Grasslands where motor vehicles are allowed. Please inquire with the appropriate agency or individual regarding roads and trails off National Forest lands.

Motor vehicle travel is restricted to designated roads, trails, and areas throughout a Forest Service administrative unit or ranger district. Cross-country travel with motorized vehicles off designated roads or trails is prohibited. See your **Motor Vehicle Use Map**.

It is the responsibility of motor vehicle users to acquire the current **MVUM**.

Motor Vehicle Use Maps are reissued every year and are available FREE at the Forest Service offices listed on the back cover of this map or at www.fs.fed.us/recreation/programs/ohv/ohv_maps.shtml
