Operational Period 0600-2200

Rocky Mountain IMT2 Black

Troy Hagan, ICT2 — Bill Waln, Deputy ICT2

Public Fire Information 2021.greenridge@firenet.gov

Communications 24-Hour Emergency Number:

971-727-7965

IAP/Map/Demob/Check-in/Etc

https://tinyurl.com/jtb3wzk6

1. Incident Name: Lick Creek / Green Ridge

2. Operational Period:

Date From: 08.20.2021 Date To: 08.20.2021 Time From: 0600

Time To: 2200

3. Objective(s):

- Provide for the safety of firefighters and the public through the utilization of strategic and deliberate risk assessment processes. Ensure incident within an incident (IWI) protocols are established.
- Develop and implement strategies and tactics with the highest probability of success to protect identified values at risk.
- Maintain and enhance relationships, through timely communication, actively engaging the Agency Administrators, the public, and stakeholders.
- Coordinate with the READs to ensure natural and historical values are identified and protected.
- Assist with initial attack as requested, when it will not impede meeting of incident objectives.
- Manage the incident following established COVID-19 mitigation guidelines limiting spread of infectious diseases.

4. Safety

HOW'S YOUR PASSION FOR SAFETY?

Often our emphasis on doing this dangerous job safely needs to be fine-tuned with a safety check in. We know what safety is, we know what things to watch out for, but our ability to concentrate on this aspect of our wildfire suppression responsibility often is impaired by situations, both on the fire and off, physical difficulties, and inconveniences that have a profound effect on our frame of mind and/or our ability to focus attention on safe processes. It is critical that our focus is sharp while doing our jobs so that distraction does not impair our ability to think clearly and act decisively.

Human Factor Watch Outs

Watching out for yourself, coworkers, subordinates and your boss is a primary responsibility for EVERONE involved in high risk activities. Watch outs are not just for the tactical environment. The Human Factor Watch Outs are designed to create an opportunity for you to take a tactical pause and re-evaluate your situation.

If any of the following occur:

- · Your briefing was unclear.
- · You are not getting answers to your questions.
- You are not getting clear acknowledgment of your message.
- You are encountering hazards that are not mentioned in your brief.
- · You see something that makes you uncomfortable.
- · Your team is not debriefing.
- · Your operational tempo is adversely effecting your ability to maintain command and control.

Take moment to re-assess your situation. Think. Stop, Think, Talk before Acting.

FORECAST NO: 40

FORECAST FOR: Friday Operational Period

SHIFT DATE: 8/20/2021

DATE AND TIME ISSUED: 8/19/2021 at 1900 PDT

... Showers and Thunderstorms for Friday; then dry...

WEATHER DISCUSSION: Friday will feature a cold front moving through the OR/WA region Friday afternoon into the evening. Showers and thunderstorms will develop ahead of the boundary with lingering chances of rainfall last through the night and into the day on Saturday. A few thunderstorms could produce some gusty winds mainly Friday evening. Some lingering moisture behind the front will leave some showers over the incident for Saturday with a damp day anticipated. A drier air mass will move in for Sunday with an increase in wind gusts up to 25 mph.

TODAY:

WEATHER: Mostly cloudy. Showers and a thunderstorm or two in the late afternoon. MAXIMUM TEMPERATURE: 60-65° above 5000 feet. 67-72° valley bottoms.

MINIMUM RELATIVE HUMIDITY: 50-55% above 5000 feet. 40-45% valley bottoms. 20-FOOT RIDGETOP WINDS: Northwest 4-8 mph with gusts up to 14 mph in the afternoon.

GREEN RIDGE CREEKS: Light and variable becoming upslope/upcanyon after 1000.

INVERSION/STABILITY: Low level inversion will lift around 1100.

CHANCE OF WETTING RAIN (≥ 0.10 "): 30%. HAINES INDEX: 3 (Low)

LAL: 2

TONIGHT:

WEATHER: Mostly cloudy. Showers and thunderstorms likely early. Gusty winds with some storms.

MINIMUM TEMPERATURE: 50-55° above 5000 feet. 45-50° valley bottoms.

MAXIMUM RELATIVE HUMIDITY: 80-90% above 5000 feet. 90-100% valley bottoms.

20-FOOT RIDGETOP WINDS: Northwest 3-6 mph with gusts to 10 mph. GREEN RIDGE CREEKS: Downslope/downcanyon 4-7 mph after 2000.

INVERSION/STABILITY: Moderate inversion. CHANCE OF WETTING RAIN (≥ 0.10"): 50%

SATURDAY:

WEATHER: Mostly cloudy. Showers and a thunderstorm or two before 3pm, then becoming partly cloudy.

MAXIMUM TEMPERATURE: 55-60° above 5000 feet. 60-65° valley bottoms.

MINIMUM RELATIVE HUMIDITY: 60-70% above 5000 feet. 50-55% valley bottoms. 20-FOOT RIDGETOP WINDS: Northwest 3-6 mph with gusts up to 12 mph in the afternoon.

GREEN RIDGE CREEKS: Light and variable becoming upslope/upcanyon after 3pm.

INVERSION/STABILITY: Low level inversion will lift around 1300.

CHANCE OF WETTING RAIN (≥ 0.10"): 40%. HAINES INDEX: 3 (Low)

LAL: 2

Observations from the field are valuable! Email any obs to david.shallenberger@noaa.gov or text them to 240-778-5019.

FIRE BEHAVIOR FORECAST

FORECAST NUMBER: 25	TYPE OF FIRE: Wildfire						
FIRE NAME: Lick Creek & Green Ridge Fires	OPERATIONAL PERIOD: 08-20-2021 0600-220						
DATE ISSUED: 08-19-2021	TIME ISSUED: 1900						
UNIT: Umatilla NF OR-UMF-000658 & 000659	SIGNED: //s// Larry Long FBAN						

INPUTS

See the attached Incident Weather Forecast

OUTPUTS FIRE BEHAVIOR

GENERAL: Fire behavior should be moderate today with the forecasted weather. The 40% humidity combined with the lower wind speeds will result in slow to moderate rates of speed, single tree torching, and a minimal chance of crown fire.

Probability of ignition is 50% with spotting distances of 1500 feet possible. Haines Index 2

1-hour fuel moistures: 7%, 10 hours at 4%, 100 hours at 7%, 1000-hour fuels are ~8 % and live fuel moistures are at around 75-95%. ERCs are above the 97th percentile.

Fuel model	Max. Flame Length	Day Shift ROS	Night Shift ROS	Spotting
Timber little and understory TU5/TL4	7-10 ft.	7-15 ch/hr	N/A	.3 miles
Short Grass/Shrub – GR2/GS2	1-2 ft.	5-7 ch/hr	N/A	.3 miles

SPECIFIC:

Green Ridge: The fire will continue to progress up and out of the drainages on the south flank, pushed by the upslope winds and the northwest general winds. The fire will be active in the heavier concentrations of fuels as the winds surface causing torching and spotting. The active line in divisions W, S, & P will move along the drainages and over the ridges to the east and southeast. Expect short range spotting where slope and wind line up.

Lick Creek: The NW winds today should again be favorable by pushing the heat and smoke into the interior. Expect interior fuels to continue to consume and put off smoke. Link Creek is not expected to gain any more acreage.

AIR OPERATIONS:

Heavy smoke may hamper air operations.

SAFETY

Local Thresholds – WATCHOUT: Combinations of any of these factors can greatly increase fire behavior:

Elevations	20' Winds +15 mph	RH <20%	Temp +80°	1000hr Fuel <7%
3000 –5500'	NW 4-8 mph G14	40-45%	67-72°	~8%

GREEN RIDGE FIRE HUMAN RESOURCE MESSAGE

"Years ago, anthropologist Margaret Mead was asked by a student what she considered to be the first sign of civilization in a culture. The student expected Mead to talk about fishhooks or clay pots or grinding stones.

But no. Mead said that the first sign of civilization in an ancient culture was a femur (thighbone) that had been broken and then healed. Mead explained that in the animal kingdom, if you break your leg, you die. You cannot run from danger, get to the river for a drink or hunt for food. You are meat for prowling beasts. No animal survives a broken leg long enough for the bone to heal.

A broken femur that has healed is evidence that someone has taken time to stay with the one who fell, has bound up the wound, has carried the person to safety and has tended the person through recovery. Helping someone else through difficulty is where civilization starts, Mead said."

We are at our best when we serve others. Be civilized.

If there is any way I can assist you, please do not hesitate to contact me. Your Human Resource Specialist,

Mike Baines, 724-678-6147

TEAM BLACK FINANCE PROCEDURES

Green Ridge, Lick Creek, and Dry Gulch Fires

We are using a 100% electronic time submission process. Please submit time daily. PLEASE REPORT TIME BASED ON THE FIRE YOU WORKED ON.

Resources just checking in: After checking in using the QR Code on the front of an IAP, please continue to the Finance portion and complete the Finance Check-In Form. Don't forget to submit the appropriate forms/documents electronically.

E-mail time to: 2021.greenridge.finance@firenet.gov

Please include resource type (**OVERHEAD, EQUIPMENT** OR **CREW**) in <u>subject line.</u> Please send electronic documents OR pictures.

If you are sending other information or questions to the finance email, please send separate email with appropriate subject line, ie: "Question on time" or "Explanation of travel."

Resources DO
NOT need to
physically come
to Finance to
Demob

<u>To electronically demob from finance:</u> Submit final CTRs and Shift Tickets to the above finance email. Include your email address and phone number. Make sure CTRs/Shift Tickets are complete and legible. Once you have turned in your final CTRs/Shift Tickets you are released from Finance. A final timesheet (OF288) and/or Invoice (OF286) will be emailed to you for review. Please respond with a confirmation email of accuracy. If there are errors or edits needed, contact-46 finance asap by replying to the email.

Travel safely home without having to deal with finance in person!

If you are unable to send electronic CTRs/Shift Tickets due to lack of connectivity, or incompatible devices, hard copies will be accepted. Coordinate with your supervisor for delivery to Finance. <u>BE SURE TO INCLUDE PHONE NUMBER AND EMAIL ADDRESS</u>. When you are ready to demob, call one of the Finance numbers below.

If you have any questions, please contact us at: Finance 971-245-0248 or 971-727-7461; Comp/Claims 541-969-2396

Demob Tips

***Note: If you have cell phone coverage and have nothing to return to Communications or Supply, you will not physically need to come to demob. ***

AIR TRAVELERS please contact or stop by demob 4 days prior to your demob date to confirm travel plans.

After being notified by your supervisor of your tentative release date:

- 1. Return all supplies, radios, etc. that were checked out. If you have no items to return, you can complete finance and demob virtually. All line vehicles must complete a WEED WASH and have a post-inspection of their vehicles.
- 2. Submit time for all personnel and equipment to Finance per directions in IAP.
- 3. Once you receive confirmation from FINANCE with a copy of your OF-288 and other financial documentation, you are free to complete Step 4 and travel home.
- 4. Complete demob Checkout Sheet using QR code on the cover of the IAP. If unable to use, see demob. Once demob receives confirmation from Finance and your demob checkout sheet has been electronically submitted, you will be released in the system.

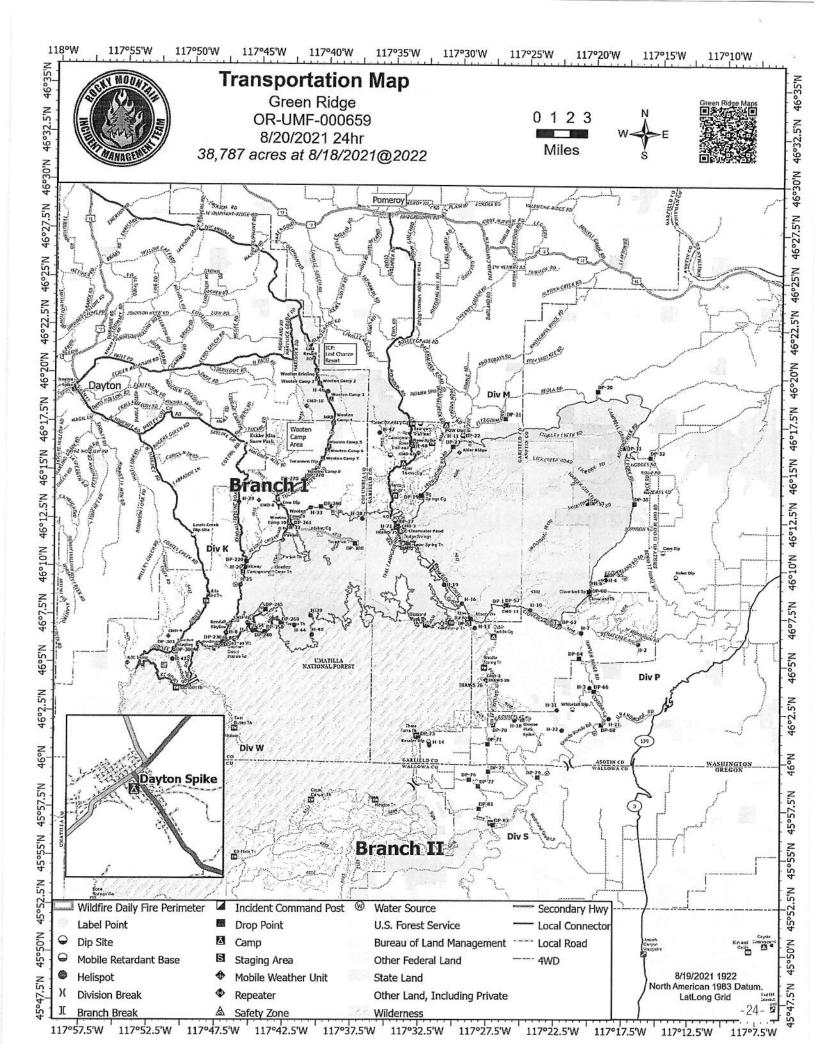

Demob Unit email: 2021.greenridge.demob@firenet.gov 509-520-5968 or 970-217-6579

Training Specialist Message/Training Process

You do not have to wait until the last work day to complete a position task book (PTB) evaluation. You can complete the evaluation process at any time on the incident. Trainees are not required to check in with the Incident Training Specialist (TNSP). However, Geographic Area Priority Trainee Program participants are strongly encouraged to check in with the TNSP. The TNSP is available to answer questions and/or help guide both the Trainee and Evaluator through the process.

- 1. Incident trainees should check in early with the TNSP either in person or remotely using the QR code on the IAP cover. Within that QR code exists a training portal.
- 2. The trainee needs to take ownership of their training assignment. Working closely with their evaluator, identify tasks and learning opportunities that can be documented in their PTB.
- 3. Ensure all the information is complete and correct on the Evaluation Record and, if being recommended for certification, the PTB Verification/Certification form. Incorrect or incomplete information is a very common issue in PTBs and, all too often, delays certification of a trainee as fully qualified. Please review all information to make sure it is complete, accurate, and legible.
- 4. The evaluator should complete an Incident Personnel Performance Rating (ICS 225 WF) for the trainee, and submit a copy to the TNSP either in person or a picture copy.
- 5. Once all the documentation is completed, the trainee will need to close out with the TNSP. The trainee can: 1) stop by and close out in person with TNSP; 2) call the TNSP to go through the Exit Interview Form and discuss how the assignment went; or 3) complete the Exit Interview Form through the QR code link.

Team Ordering/Timeline Process:

0630 - Morning Briefing, start of crew time.

1100 - Last call to change spike camp resource hot food location.

1600 - DIVS to have next day's resource order ready for Planning OPS.

- All crew level orders will be placed through DIVS or Branch.
- · DIVS or Branch will place all orders through Communications Unit.
- All orders will be tracked using the process found on the front of this form.

GPS Datum: NAD 83- Degrees, Decimal, Minutes (DDMM.MM)

Definitions

FOB-Forward Operating Base is a secure forward position established to strategize, design and discuss tactics, and for personnel to transfer information and meet.

Line Spike Camp-Managed by Operations at the DIVS level; mobile, short duration and self- sufficient.

Spike Camp-Supported by Logistics, listed in the IAP, numbers in camp are set by 1100, named by Plans.

Emergency Medevac- Life threatening situation requiring immediate medical attention. Handled as per IAP med plan and team SOP's.

Communications to clear command channel radio traffic.

Medical Transport-Transport of less serious injury/illness managed by Operations or line Medics back to camp for evaluation and/or treatment.

Green Ridge COVID Protocols

- 1. If you are having any COVID Symptoms but not limited to example below:
 - a. Fever
 - b. Cough
 - c. Headache
 - d. Muscle aches
 - e. Sore throat
 - f. Fatigue
 - g. Diarrhea/GI
 - h. Loss of smell
 - i. Loss of taste
- 2. Let your immediate supervisor know.
- 3. Call the COVID Hotline ASAP (971-245-9407) 24/7
- 4. Self-isolate
- 5. Stay-away from people
- 6. Wear a Mask
- 7. Wait for the COVID Task Force to make recommendations.

COVID GUIDELINES

MASKS ARE REQUIRED:

BRIEFINGS.

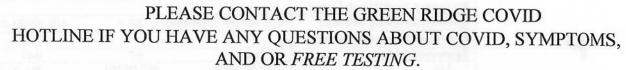

CAN'T MAINTAIN 6FT SOCIAL DISTANCING OUTSIDE.

INDOORS.

VEHICLES. (Example: More than one person in vehicle)

MASK WEARING EXCEPTION:

ALONE IN AN ENCLOSED SPACE. (Example: One person in Vehicle) ACTIVELY ENGAGED IN FIREFIGHTING ON THE FIRELINE. OUTSIDE AND CAN MAINTAIN 6FT APART. EATING OR DRINKING (6FT SOCIAL DISTANCE)
