0 0.25 0.5 1 Miles

Management Action Point #1

- Condition:** Fire reaches trigger point #1 and is likely to reach private lands.
- Action:** Based on expected fire behavior and weather forecasts, consider firing operation on the southern most primary fireline

Management Action Point #2

- Condition:** Fire reaches trigger point #2 or is likely to burn past containment lines to the S and SE.
- Action:** Based on expected fire behavior and weather forecasts, consider burning operation using the road north of Dry Creek and ridge heading NE from Tall Corn land on to National Forest System lands, connecting with Road 341 (SW corner of section 35)

Management Action Point #3

- Condition:** Fire is established west of 81 road OR fire is established west of horse trail WITH a forecasted east wind event
- Action:** Activate structure prep on 7550 structures and land improvements
