FORECAST NO:7INCIDENT:Cow Canyon-Vantage Highway FiresPREDICTION FOR:ThursdayUNIT:DNRShift Date:August 11, 2022SIGNED:Bob TobinTIME AND DATEIncident Meteorologist (IMET)FORECAST ISSUED:8/10/2022 at 2000Bob Tobin

<u>Weather Discussion</u>: South-southeast flow around the low pressure system will shift to the southwest and will push any additional moisture north and east of the region. This will result in slightly cooler temperatures, but drier conditions, and gusty winds Thursday and Friday. A cold front will move across the Pacific Northwest on Saturday. Expect strong and gusty winds and much cooler temperatures. Then a warm up for the first of the week.

### WEATHER FORECAST:

Today: SKY/WEATHER: Sunny. High Temperature...80-85 on Cow Canyon...88-93 on Vantage Highway. Min RH......20-25% on Cow Canyon...16-22% on Vantage Highway. 20-FOOT WINDS: Southeast-south 8-10 mph. CWR (>=0.10").... 0% LAL....1. Haines Index...4 (Low) Mixing Height...8500 ft AGL Toniaht: SKY/WEATHER: Clear. Low Temperature...55-60 on Cow Canyon...62-68 on Vantage Highway. 20-FOOT WINDS: Northwest 8-10 mph. CWR (>=0.10")....0% LAL...1. Inversion: Moderate after 2100. Friday: SKY/WEATHER: Sunny. High Temperature...82-87 on Cow Canyon...90-95 on Vantage Highway. Min RH......20-25% on Cow Canyon...15-20% on Vantage Highway. 20-FOOT WINDS: Northeast-southeast 5-10 mph. Haines Index...3 (Very Low) CWR (>=0.10")....0% LAL....1 Mixing Height...10500 ft AGL

### Extended Outlook:

**Saturday...**Sunny and cooler Low: 55-65...High: 75-85. Min RH: 20-30% Winds: West-northwest 12-16 mph with gusts 25-30 mph. **Sunday...**Sunny. Not guite so cool. Low 50-60. High 78-86. Min RH:25-35% Winds: Northwest 5-10 mph.

SAFETY MESSAGE	Incident: Cow Canyon	Operational Period: 0600-1800

People ask me "How is your day going" or "How is it going today", I simply reply I'll let you know when I'm at home watching the Mariners. Never call a day until you are lying in bed or sitting on your couch watching the game. Anything can happen, a new start, a rapid demob to another incident, a demob home. You're not home until you're home, keep your guard up and your SA up until then.

**Driving**- Please keep your speeds down. Incident vehicles are not exempt from the posted speed limits. Drive defensively and expect the unexpected. It only takes a second of distraction to result in an accident.

Safety Officer Jack Cates, Taija Corso, Josh Northrup

### Deliberate Risk Assessment-Hazard Summary 11 August 2022

Hazard	Mitigation	Post Risk
Extraction Time	Identify medivac sites and helispots. Initiate ground transport to accident site. Identify EMT's from resources assigned to division. Provide line qualified paramedics to each division as available. Review IWI protocol to ensure familiarity. Utilize short haul in remote areas. Evaluate on-going need for repositioning medical personnel.	High
Snags	Use avoidance to limit exposure time. Snag to avoid exposure. Use qualified fallers and blasting if needed. Conduct on- going risk analysis of all work areas. Follow Hazard Tree Safety Guidelines (IRPG page 20).	High
Transportation	Signing of all incident roads that provide access to divisions. Daily updated travel plan maps. Practice defensive driving. In local communities obey the posted speed limits. Use reader boards to control entry as needed. Identify and evaluate contingency and alternate escape and travel routes, implement controls as needed.	High
Heavy Equipment	Post lookouts around equipment work areas. Establish communications with equipment boss and operator. Do not work down slope from equipment.	High
Aircraft	Utilize Air Attack. Ensure all resources are a safe distance from all bucket and retardant drops. Establish LCES. Utilize air to ground primary radio channel. Reference IRPG (Safe aircraft operations pg. 61). Ensure IA resources have coordination with unassigned local air resources to provide deconfliction.	High
Public Interaction	Implement road and area closures in and adjacent to the perimeter.	Moderate
Unburned Fuels/Firing Ops	Establish LCES. Ensure management action points are implemented and followed. Weather updates as needed during burning operations. Locate indirect firelines to minimize the amount of unburned fuels. Follow Interagency Ignition Guide. Ensure communications between all firing operations. Establish road security at all firing sites. Follow approved firing plan for unburned fuels.	Moderate
Steep Terrain/Gravity	Do not work crews above or below each other. Post lookouts for rolling material. Watch footing in loose soil, rock and around vegetation. Do not work below heavy equipment. Scout and identify travel routes. Establish LCES.	Moderate
Physical Factors	Maintain hydration schedule. Closely monitor work rate and implement rest periods. Maintain nutrition. Ensure adequate work/rest.	Moderate
Environmental Factors	Assign medical personnel to camp. Assess for known allergies and report to medical personnel. Obtain Bee Bopper/wasp spray and yellow jacket traps. Locate dumpsters/trash, food and feeding areas away from sleeping and assembly areas.	Moderate
Fire Behavior	Be aware of burn windows, min/max RH for local conditions. Obtain hourly weather conditions from each Division.	Moderate
Structure Protection	Identify and report compromised service poles and maintain one span avoidance area. Identify downed lines. Treat all lines as live. Identify and avoid vehicles, tires, propane tanks.	Moderate
Initial Attack	Ensure identified IA resources are briefed of expectations and ensure communication plan is provided. Ensure resources are briefed on IA command structure. Provide identified crews with area maps.	Low
COVID Viral Transmission	Maintain awareness of health and perform self-checks. Report and isolate if symptomatic. Coordinate with Kittitas County Public Health for testing, reporting and isolation as needed. Follow agency policy for symptomatic or positive test personnel or public health directions, whichever is more stringent.	Low

# **Public Information**

**PHOTOS:** Your fireline photos help us build understanding with the public. We are looking for any pictures of the fire line, mop-up work, and **fire resources working on the fire line in their PPE.** 

# Please send your photos to the right email address so we will know what fire you are working!

You can send photos to:

## Cow Canyon Fire: <u>2022.cowcanyon@firenet.gov</u>

Vantage Hwy Fire: 2022.vantagehighway@firenet.gov

### Text for pictures (please state which fire): 541-200-4485

As always, make sure you're wearing all your PPE and conveying a professional, caring, and respectful attitude toward the homes and land in this community. Thanks for helping us out!

**QUESTIONS FROM THE PUBLIC:** If community members have questions that you do not feel equipped to answer professionally, please give them our fire information line: 509-557-0063.

**LOST AND FOUND:** We have a lost and found in the Information shop in the ICP. If you have lost something, please stop by and see if it has been turned in. If you find something left around ICP or camp, you can turn it in to us.

# TRAINING MESSAGE

### Educating trainees on their responsibilities.

### Final Comments

We have come to the end of the incident and it's time to say good-bye. Here are some reminders for your next assignment.

- Determine your goals for your next training assignment and share them with your home training officer and your next trainer.
- Always get a <u>Performance Evaluation</u>. If you don't receive one, ask for it.
- Make sure that your performance evaluation and taskbook are filled out completely. <u>Don't leave boxes empty</u>! Once you leave the fire, it's difficult to backtrack ... ex: signatures, individuals, forms, etc.
- Always have control of your taskbook! Treat it like it was your birth certificate or passport. If someone needs information, give them a copy; always keep the original with you, consider making an electronic copy.
- Train with different trainers and build your own style!
- When your train, focus on your weakness.
- Remember just because your "signed off" does not mean you are automatically qualified. ... You are still a trainee!!

Please use the QR Code to complete the Close-out/Exit process for training.

Close-Out/Exit

Hank Falcon / Training Specialist 541-727-1022 / henry\_falcon@firenet.gov

## HUMAN RESOURCE MESSAGE

VANTAGE HIGHWAY AND COW CANYON AUGUST 11, 2022

## Thank you everyone for a job well done!

It is great to have amazing workers like you on our team. Despite the many challenges you were faced with while working on these fires, you did your best and you delivered right on target. The community and the agencies thank you for your hard work, as do we. Your professionalism and positive attitudes were evident as you continued to work in extreme conditions.

Most of us will be demobbing and traveling home however, some of you will transition with the incoming team. For those traveling home, please drive safely and take rest breaks as needed. Remember, we are always in the public eye so stay professional as you journey home. Treat everyone with dignity and respect.

For those of you who are remaining with the fire, please make sure you stay hydrated and try to take rest breaks throughout the day. Stay professional and keep mutual respect in your mind as you go about your day.

Please take care of yourselves and we will see you on the next one.

Susie Manezes, HRSP Team 12

### **TO: ALL PERSONNEL**

### FROM: DEPARTMENT OF NATURAL RESOURCES DEPARTMENT OF CORRECTIONS

### SUBJECT: WORKING AROUND OFFENDERS/DNR KITCHENS

- NO PERSON SHALL BE ALLOWED TO CARRY FIREARMS IN THE AREA WHERE OFFENDERS ARE WORKING. (It is acceptable to secure weapons in vehicles while entering into the working vicinity of offenders)
- **DO NOT GIVE OR TAKE ANYTHING FROM AN OFFENDER.** (Offenders are identified by red ball caps or red hard hats.)
- DO NOT TAKE PHOTOS OR INTERVIEW OFFENDERS WITHOUT APPROVAL FROM DNR INMATE LIAISON. (Signed consent forms required.)
- **DO NOT DO ANY FAVORS FOR OFFENDERS.** (Examples passing on a message, giving tobacco, asking for change, mailing a letter, using a phone, etc.)
- **PROMPTLY REPORT ANY SUSPICIOUS ACT TO THE SUPERVISOR, DOC STAFF OR INMATE LIAISON.** (The most innocent act/favor can have consequences that could negatively affect an offender for years.)
- USE OF TABACCO PRODUCTS IN KITCHEN AREA IS NOT ALLOWED. (Offenders are not allowed to use any tobacco products.)
- HARRASSMENT OF ANY KIND WILL NOT BE TOLDERATED. (All harassment allegations involving offenders will be reported to Human Resources and the involved agencies representatives.)
- OFFENDERS ON DNR CREWS ARE RATED AS MINIMUM CUSTODY.
- TREAT OFFENDERS WITH RESPECT, BUT PRACTICE THE CORRECTIONAL DISTANCE. <u>DON'T GET PERSONAL.</u> (Offenders generally feel good with being part of the fire suppression effort, treat them with the same respect and dignity as other fire fighters but <u>DON'T GET PERSONAL.</u>
- **OFFENDERS ARE TRAINED IN WORK ETHICS AND JOB SKILLS.** (Offenders are trained and experienced in their job assignments and work ethic. They are held accountable for job performance and behavior.)

ACKNOWLEDGE CREWS FOR A JOB WELL DONE, OFFENDERS DO GOOD WORK AND APPRECIATE THE RECOGNITION. Offenders need good professional role models as part of their rehabilitation process, consider their presence and set good examples by the context of your conversations and choice of language used.

#### **Incident Maps**

For incident maps scan the QR code on the cover of the IAP to open the 'Current Maps' folder. There are also general area transportation maps named large\_color\_wenas.pdf and large\_color\_whiskeydick\_quilomene.pdf.

#### How to Download and Open Maps in Avenza

#### Method 1: From a browser

- Tap on the desired map link and wait for the preview.
   *\* If it fails to load, use method 2 instead*
- 2. Tap the 'send to' icon (square with up arrow)
- 3. Choose the Avenza app

#### Method 2: From Avenza direct

- 1. Tap and hold on the desired map link, then choose 'copy' to copy the direct URL to the map
- 2. Launch the Avenza app
- 3. When not in any map... Tap the + (plus) icon at the top of the screen
- 4. Choose the load from URL option (last choice)
- 5. Paste the direct URL to the map
- 6. Tap 'Done' ; the map will begin downloading

#### How to Send Map Updates to the Situation Unit

### Send map updates by email to <u>2022.cowcanyon.situation@firenet.gov</u> or

<u>2022.vantagehighway.situation@firenet.gov</u> or text/call the Situation Unit at 360-584-3373. Make sure to include your name, position and explanation of the update you send.

- 1. Open the map in Avenza.
- 2. Click the pin with three lines near the lower-right corner.
- 3. *iPhone:* In the lower right, click the square with up arrow. From the pop-up menu, choose Export to Others.

*Android:* In the lower right, click the circle with three lines. Click the pop-up circle with up arrow.

- 4. Set these options:
  - a. Filename leave alone
  - b. Export Format choose SHP, GPX or KML
  - c. Data all features
  - d. Image size no image
- 5. Click the Export button in the upper-right corner.
- 6. When the export is ready, choose your Mail application.
- 7. Send the email to the addresses listed above.
- 8. Your email needs to include an explanation of the data you are sending.

If you don't have Avenza please draw corrections and new features on your paper map, take a picture of it and email or text it to the email or phone number listed above.

Thanks for your help!

## **COVID-19 Mitigations for Cow Canyon/Vantage Road Fires**

- Masks are not required indoors unless working in a county with a HIGH COVID-19 community level. Currently, Kittitas County community level is LOW and Yakima County is MEDIUM (masking indoors is optional).
- Conduct daily verbal screening checks within crews, report any COVID-like symptoms to your direct supervisor. Supervisors should report any positive symptoms to the Medical Unit for next steps.
- Observe social distancing standards while waiting in line for food and limit contact with others outside of your crew in the food service line. If possible, send crew representatives to pick up meals.
- Practice good personal hygiene, wash hands frequently and disinfect hightraffic areas on a regular basis.
- Limit close contact between firefighters and the public as much as possible to prevent exposure and spread.

## EMERGENCY PLAN INCIDENT WITHIN AN INCIDENT

## ON SCENE INCIDENT COMMANDER

In the event of an accident or medical incident of any size, your primary responsibility is to ENSURE that the victim(s) receive prompt and effective Triage, Treatment, Extrication and Transport.

- ENSURE THE MEDICAL INCIDENT REPORT IN THE INCIDENT ACTION PLAN IS BEING USED AND FOLLOWED- \*<u>IF DETERMINED TO BE A</u> <u>GREEN, DO NOT DECLARE EMERGENCY TRAFFIC AND ONLY COMPLETE</u> <u>LINE 1-4 ON MIR\*.</u>
- Conduct size-up of the incident nature of accident, number type of resources involved, latitude and longitude location (DD°MMM.MM format): notify incident communications center and supervisor, request assistance as needed.
- Order and coordinate medical and support response to the accident.
- Evaluate special needs (law enforcement, haz mat, etc.).
- Clear the command frequency if medical emergency, coordinate with incident communications and air attack for air medical transportation needs.
- Preserve and photograph the scene for accident investigation.
- Remain aware of surroundings and the status of the main incident (delegate personnel to monitor the main fire) to ensure safety of medical treatment personnel.
- Until relieved, supervise and manage all personnel involved at the incident scene.

# MEDICAL PLAN (ICS 206 WF) Controlled Unclassified Information//Basic

	Ме	dical Incident R	eport						
FOR A NON-EMERGENCY INCIDENT, WORK THROUGH CHAIN OF COMMAND TO REPORT AND TRANSPORT INJURED PERSONNEL AS NECESSARY.									
FOR A MEDICAL EMERGENCY: IDENTIFY ON SCENE INCIDENT COMMANDER BY NAME AND POSITION AND ANNOUNCE "MEDICAL EMERGENCY" TO INITIATE RESPONSE FROM IMT COMMUNICATIONS/DISPATCH.									
Use the following items to communicate situation to communications/dispatch.									
<ol> <li>CONTACT COMMUNICATIONS Ex: "Communications, Div. Alpha.</li> <li>INCIDENT STATUS: Provide inci Ex: "Communications, I have a Rec Meadow Medical, IC is TFLD Jones. EM</li> </ol>	Stand-by for Emergency Traffic." dent summary (including number of p I priority patient, unconscious, struck l	atients) and command	d structure.	Forest Road 1 at (Lat./Long.) This will be the Trout					
Severity of Emergency / Transport          Priority          Priority          RED / PRIORITY 1 Life or limb threatening injury or illness. Evacuation need is IMMEDIATE          Ex: Unconscious, difficulty breathing, bleeding severely, 2° – 3° burns more than 4 palm sizes, heat stroke, disoriented.          YELLOW / PRIORITY 2 Serious Injury or illness. Evacuation may be DELAYED if necessary.          Ex: Significant trauma, unable to walk, 2° – 3° burns not more than 1-3 palm sizes.          GREEN / PRIORITY 3 Minor Injury or illness. Non-Emergency transport         Ex: Sprains, strains, minor heat-related illness.									
Nature of Injury or Illness									
& Mechanism of Injury				Brief Summary of Injury or Illness (Ex: Unconscious, Struck by Falling Tree)					
Transport Request				Air Ambulance / Short Haul/Hoist Ground Ambulance / Other					
Patient Location				Descriptive Location & Lat. / Long. (WGS84)					
Incident Name				Geographic Name + "Medical" (Ex: Trout Meadow Medical)					
On-Scene Incident Commander	Name of on-scene								
Patient Care				Name of Care Provider (Ex: EMT Smith)					
3. INITIAL PATIENT ASSESSMENT: Complete this section for each patient as applicable (start with the most severe patient)									
Patient Assessment: See IRPG pag	· · · ·		· · · ·						
Treatment:									
4. TRANSPORT PLAN:									
Evacuation Location ( <i>if different</i> ): ( <i>L</i>	Descriptive Location (drop point, i	intersection, etc.) or	r Lat. / Long.) Patient	's ETA to Evacuation Location:					
Helispot / Extraction Site Size and H	Hazards:								
5. ADDITIONAL RESOURCES / EC	UIPMENT NEEDS:								
Example: Paramedic/EMT, Crews, Immobilization Devices, AED, Oxygen, Trauma Bag, IV/Fluid(s), Splints, Rope rescue, Wheeled litter, HAZMAT, Extrication									
6. COMMUNICATIONS: Identify S	tate Air/Ground EMS Frequenc	ies and Hospital (	Contacts as applicab	ble					
Function Channel Name/Nu		Tone/NAC *	Transmit (TX)	Tone/NAC *					
COMMAND									
AIR-TO-GRND									
TACTICAL									
7. CONTINGENCY: <u>Considerations:</u> ahead.	: If primary options fail, what action	s can be implemente	ed in conjunction with p	rimary evacuation method? Be thinking					
8. ADDITIONAL INFORMATION: <i>Updates/Changes, etc.</i>									
REMEMBER: Confirm ETA's of resources ordered. Act according to your level of training. Be Alert. Keep Calm. Think Clearly. Act Decisively.
