## HANSEN ROAD

WA-SPD-000224

P9N1, 221-CVP

### DAY SHIFT

**6/17/2023      0700**

**to**

**6/20/2023      1900**

# INCIDENT OBJECTIVES (ICS 202)

<b>1. Incident Name:</b> Hansen Road	<b>2. Operational Period:</b>	Date From: 6/17/2023	Date To: 6/20/2023	
		Time From: 0700	Time To: 1900	

**3. Objective(s):**

- Management Objectives**
- Provide for emergency personnel and public safety at all times through the utilization of a deliberate, risk informed approach, with avenues for feedback from personnel.
  - Protect threatened structures and other values at risk including critical infrastructure and agricultural products.
  - Ensure appropriate incident emergency planning, including IWI process and procedures, are identified and met by following agency and team guidance.
  - Reduce the impacts of fire on communities and foster and maintain relationships with the public, cooperators, and stakeholders.
  
  - Maintain fiscal accountability by making good risk-informed decisions.
  - Accurately track and report on all cost-share expenditures.

- Control Objectives**
- Protect values and improvements by utilizing direct attack, indirect attack, and point protection of structures and other improvements where feasible and success probability is likely.
  - Insure control lines are to the standards established within the incident's delegation of authority.
  - Maintain access/egress for firefighting resources and the public within the vicinity of the fires.
  - **Hansen Fire:** Keep fire south of I-82, west of Weber Canyon, north of cultivated agricultural fields at the top of the slope, and east of Gibbon Rd.

- Leaders Intent:**
- It is our expectation that as an organization personnel assigned to this incident will meet the following leader's intent as well as all identified control objectives.
- Ensure that all incident strategies, tactics, and actions reflect a commitment to public, responder and aviation safety through the use of the risk management process.
  - Coordinate incident management activities with our requesting and cooperating agencies, including, but not limited to suppression actions and supporting needs.
  - Treat all incident personnel, cooperators, and and public with dignity and respect.

<p><b>BREEZY TO WINDY WITH LOW TO MODERATE RELATIVE HUMIDITY TODAY AND SATURDAY...</b>          .DISCUSSION...A high pressure ridge aloft will bring warmer temperatures. Winds will increase again this afternoon through the Cascade gaps, the eastern Columbia River Gorge, north central OR, the Lower Columbia Basin and the Kittitas Valley. Elsewhere winds will remain light. Minimum RHs will be low to moderate, however, the combination of wind and RHs are not expected to reach critical levels. RH recoveries tonight will be good to excellent. On Saturday, winds will increase and cover a larger area from central OR north to the Blue Mountain Foothills northward. RHs will continue to be low to moderate in the Lower Columbia Basin. However the combination of wind and RH are still not expected to reach critical levels. Elsewhere, RHs will be well above critical levels. Temperatures will cool by about 6-8 degrees on Saturday. Much cooler temperatures with steady RHs and breezy winds are expected for early next week.</p> <p><b>SATURDAY...</b>          * Sky/weather.....Partly cloudy then becoming mostly cloudy.          * Max temperature.....72-81.          * Min humidity.....25-34 percent.          * 20-foot winds.....            Valleys/lwr slopes...West winds 8 to 14 mph.            Ridges/upr slopes...West winds 8 to 14 mph.          * CWR.....0 percent.          * LAL.....1.          * Haines Index.....4 or low potential for extreme fire behavior.          * Mixing height.....7500 ft agl.          * Transport winds....West 10 to 15 mph.</p> <p><b>Forecast days 3 through 7.....</b>          .SUNDAY...Cooler. Partly cloudy. Lows 42 to 50. Highs 60 to 69.          West winds 13 to 19 mph.          .JUNETEENTH...Partly cloudy with a chance of showers. Lows 39 to 44. Highs 58 to 67. West winds 9 to 15 mph.          .TUESDAY...Mostly cloudy with a slight chance of showers. Lows 39 to 47. Highs 61 to 68. Southwest winds 8 to 14 mph.          .WEDNESDAY...Partly cloudy. Lows 40 to 48. Highs 69 to 74.          Southwest winds 4 to 10 mph.          .THURSDAY...Mostly clear. Lows 45 to 50. Highs 74 to 80. North winds 4 to 9 mph.</p>

# Safety Message

## Hansen Rd

**COMPLACENCY:** Complacency usually shows up on fires about now. Fatigue and attitude contribute to complacency. Don't get caught with your guard down!

**LCES:** Lookout- A person who has a good understanding of fire behavior, communication, suppression tactics, and has the experience to know the difference between a flare-up and a truly critical situation. Communications- communications of some form need to exist between all members of the crew. Escape Routes- the path one takes to return to a safe working environment. Safety Zones- An area where all personnel can go to be free of the hazardous effects of the fire.

### Briefing points.

- Firefighter safety comes first on every fire every time.
- The 10 Standard Firefighting Orders are firm...we don't break them; we don't bend them.
- All 18 Watch Out Situations must be mitigated before engagement or re-engagement of suppression activities.
- Every firefighter has the right to know that his or her assignments are safe.
- Every fireline supervisor, every fire manager, and every administrator has the responsibility to confirm that safe practices are known and observed.

Safety Officer  
Ken Foss
