Risk Management

Fire Order of the Day – Base all actions on current and expected fire behavior

Narrative:

*Driving: Use headlights at all times. Drive at a safe and prudent speed. Travel routes have very narrow roads with few pullouts. Dusty roads will be encountered. Do not stop abruptly with a cloud of dust behind you. Seat belts are mandatory, expect the unexpected around corners, and watch out for the public.

*Railway: Watch for trains. Stay out of smoke from burning railroad ties. Stay a safe distance from tracks and post a look out if working near the tracks.

*Risk Management: Have you looked at hazards up, down and around? Is the risk you and your personnel are taking worth the reward? Have you thought about the consequences if something goes wrong? Have instructions been given and understood? Are strategies and tactics working? Have you reviewed the medical plan?

*Public Recreation. Keep your heads up for people in the area.

Watch Out for and Take Care of Each Other

Watch Out Situation of the Day
