# SAFETY MESSAGE

June 19, 2023

## Situational Awareness: Transition

Things change, the mission remains the same. Public & Firefighter Safety first as always. Taking a tactical pause before you engage or any time during the day when things change or you see an opportunity for learning and applying those lessons.

- New team: New management team, different faces, same message.
- Weather: Review standard firefighting order #1; use the resources in the IAP.
- Fire Behavior: Review standard firefighting orders #2 & 3.
- Adjustments will be based on firefighter inputs, tactical opportunities, and availability of resources. The overall Strategic Plan remains the same.
- Promote a Culture of Safety. (See three techniques for promoting a culture of safety)
  - Include everyone – Every member of your team must be included in safety discussions (Even the newest crew member has something to contribute).
  - Use information – Include real work examples and visual aids to promote discussion.
  - Keep it Relevant – understand the challenges associated with your daily assignments. Make your safety discussions applicable to work at hand.

CHANGE: It can be good—or bad—but it WILL be different . . . Are you ready to handle it safely?

**“You must anticipate change and prepare for it”**

**(from ‘Excellence in Safety’)**

**BE ALERT KEEP CALM THINK CLEARLY ACT DECISIVELY**

Safety Officers: Brian Wesemann SOF2, Mark Kin Kade SOFR(t)
