

MAP Description	Actions
Poncha Mountain 2	Provide protection measures for Poncha Hot Springs, transmission lines, distribution lines and US 285 transportation corridor and associated electric infrastructure. Provide protection measures for private land and improvements, recommending evacuations as needed.
Zone 1 Evacuation Zone	Consider evacuating Zone 1 if fire behavior is expected to spread fire east of the MAP (min 12 hours needed to evacuate), implement structure protection plans.
Zone 2 Evacuation Zone	Consider evacuating Zone 2 (min 8 hours needed to evacuate), implement structure protection plans.
Zone 1&2 Evacuation Zone	Consider evacuating Zone 1&2 (min 8 hours needed to evacuate), implement structure protection plans.
Zone 3 Evacuation Zone	Consider evacuating Zone 1&2 (min 8 hours needed to evacuate), implement structure protection plans.
BLM/Private West	Take action as appropriate to minimize fire spread onto non-USFS lands. Protect infrastructure from damage.
West Aerial Ignition	Consider implementation of aerial ignition plan between fire perimeter and dozer line.
North Values
