128 drops

5 drops

13 drops

27 drops

DISCLAIMER: Drop lines are derived from GPS coordinates for door opening and closing events recorded by Additional Telemetry Units (ATU) on USFS contract aircraft. Mapping intent is for strategic scale overview. Maps may contain uncleaned drop data and are subject to revision. Data are not fully representative of all aircraft activities and only show a proportion of total incident use. Contact: crystal.sstonesifer@usda.gov
