Date and Time Products Delivered to Incident: 10/19/2020 @ 2220 MDT		Digital files sent to: https://ftp.nifc.gov/public/incident_specific_data/rocky_mtn/2020/MiddleFork/IR/2020.middlefork.plans@firenet.gov	
<p>Comments /notes on tonight's mission and this interpretation:</p> <p>Shapefiles are projected in NAD 1983 UTM zone 13. Began interpretation with 20201019 Wildfire Daily Fire Perimeter. Mapped heat visible through clouds but more heat is likely present. Few landmarks in the imagery could be located to assess the accuracy of the registration so no changes were made to the perimeter.</p>
