## INCIDENT OBJECTIVES (ICS 202)

<b>1. Incident Name:</b>	<b>2. Operational Period: DAY</b>	
PINE GULCH	Date/Time From: 09/07/2020 0600      MON	Date/Time To: 09/07/2020 2100      MON
<b>3. Objective(s):</b>		
<ol style="list-style-type: none"> <li>1. Provide for firefighter and public safety by utilizing sound risk management processes and life/safety principles.</li> <li>2. Follow CDC as well as local, state, and agency specific guidance to prevent COVID-19 spread.</li> <li>3. Curtail adverse impacts to residences, commercial properties, and critical community infrastructure. Values at risk include the community of De Beque and surrounding area, private land and ranches, BLM infrastructure, cultural and historic sites, power transmission lines, oil &amp; gas infrastructure, sensitive species, range infrastructure, and recreation infrastructure.</li> <li>4. Implement a full suppression strategy utilizing a variety of tactics to limit fire size and achieve containment.</li> <li>5. Coordinate with affected partners to ensure timely and accurate distribution of information to the public.</li> <li>6. Maintain and develop relationships with adjacent agency staffs, cooperators, permittees, and stakeholders.</li> <li>7. Ensure incident cost is commensurate with the values at risk.</li> <li>8. Implement suppression repair plan.</li> </ol>		
<b>4. Operational Period Command Emphasis:</b>		
<ol style="list-style-type: none"> <li>1. Implement strategies and tactics that commit responders only to operations where and when they can be successful, and under conditions where important values at risk are protected with the least exposure necessary.</li> <li>2. Hold existing control lines and maintain structure protection where threats exist. Aggressively suppress fire that escapes or threatens to escape control lines.</li> <li>3. Mop-up only to the extent necessary to prevent escape or protect values at risk.</li> <li>4. Coordinate with Resource Advisors to refine and implement plans for suppression repair.</li> <li>5. Implement actions associated with the fire crossing management action points (MAPs).</li> </ol>		
<b>General Situational Awareness:</b>		
<p>Follow COVID mitigation measures such as social distancing, maintaining module of one separation, wearing face coverings, and practicing good personal hygiene. At the first sign of cough or flu like symptoms, isolate yourself and call medical for further instructions.</p> <p>Maintain situational awareness. Ensure complacency doesn't set in as you complete daily operational tasks.</p>		
<b>5. Site Safety Plan Required?</b> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>		
<b>Approved Site Safety Plan(s) Located at:</b>		
<b>6. Incident Action Plan</b> (the items checked below are included in this Incident Action Plan):		
<input checked="" type="checkbox"/> ICS 202 <input checked="" type="checkbox"/> ICS 203 <input checked="" type="checkbox"/> ICS 204 <input checked="" type="checkbox"/> ICS 205 <input type="checkbox"/> ICS 205A <input checked="" type="checkbox"/> ICS 206	<input type="checkbox"/> ICS 207 <input checked="" type="checkbox"/> ICS 208 <input checked="" type="checkbox"/> ICS 220 <input checked="" type="checkbox"/> Map/Chart <input checked="" type="checkbox"/> Weather Forecast/Tides/Currents	<b>Other Attachments:</b> <input checked="" type="checkbox"/> <u>FINANCE INSTRUCTIONS</u> <input checked="" type="checkbox"/> <u>LINE SUPPLY ORDER</u> <input checked="" type="checkbox"/> <u>COVID SUPPLY ORDER</u> <input checked="" type="checkbox"/> <u>TENTATIVE DMOB</u>

To: All Incident Personnel, Pine Gulch 2020

As Southern Area National Type I Incident Commander, I am committed to a policy of “zero tolerance” of inappropriate behavior during incident operations. Any form of harassment, discriminatory practices, or disrespectful behavior will not be tolerated. Known or reported acts will be dealt with appropriately.

I am particularly concerned about the perception that alcohol has a place in any of the Incident facilities. It is not appropriate to indulge in alcoholic beverages during any fire assignment.

The National Team from the Southern Region has a policy of “NO ALCOHOL” from the time of dispatch until the time of physical release from the Incident. Members of the Team voluntarily comply with this policy; all incident personnel will be expected to do so also.

We endorse, support, and expect an attitude of mutual respect for all Incident personnel and the public we serve. We also, endorse the attitude and work ethic that places “Safety First, every time on every Incident.” We expect nothing less.

/s/ Mike Dueitt

Incident Commander

SAIMT 1

# Pine Gulch Fire Weather Forecast

**FORECAST NO:** 33  
**PREDICTION FOR:** Monday, Sep 7, 2020  
**FORECAST ISSUED:** 1700 MDT Sep 6, 2020

**UNIT:** BLM- GJT Office  
**SIGNED:** Jeff Colton - IMET

**WEATHER DISCUSSION: ...RED FLAG WARNING TODAY, MUCH COLDER TOMORROW...**

Critical fire weather conditions are expected this afternoon and early evening as winds increase and gust to over 35 mph and humidity values drop below 10 percent. Winds will be shifting to the north and northeast late tonight as a strong cold front drops south out of Wyoming and across Western Colorado. Much colder conditions are then expected for Tuesday and Wednesday with scattered showers. Snow levels will be near 8000 feet, although no significant snowfall accumulations are expected at this time. A slow warming trend is then in store for the area beginning Thursday and continuing into the weekend.

**WEATHER FORECAST:**

**WEATHER:** Sunny (0-10%) until 1200, then becoming Partly Cloudy (30%).

**TEMPERATURES:** [6500 ft.] Highs: 83-90° F. (- 2-4°) Lows: 48-56° F. (- 3-6°)  
[8500 ft.] Highs: 80-85° F. (- 2-4°) Lows: 45-50° F. (- 3-6°)

**HUMIDITY:** [6500 ft.] Min: 8-14% (1-2% Higher) Max: 30-40% (15% Higher)  
[8500 ft.] Min: 8-14% (No Change) Max: 35-45% (20% Higher)

**20 FT WINDS: Valleys:** Downslope/down-valley 2-5 mph until 1030...then winds becoming west to northwest from 6-12 mph. Occasional gusts up to 30 mph during the afternoon.

**Ridges:** Downslope/down-valley 4-8 mph until 1000...then winds becoming west-northwest 6-12 mph with gusts to 25 mph, increasing to 10-20 mph with gusts to 35 mph after 1400. Stronger winds gusts up to 45 mph possible above East Salt Creek.

**HAINES INDEX:** 6 or High potential for large plume dominated fire growth.

**CHANCE OF RAIN:** 0 percent | **CHANCE OF WETTING RAIN:** 0 percent | **LAL:** 1 until 1500, then 2

**STABILITY/INVERSION:** Surface inversion breaking after 1000 | **TRANSPORT WINDS:** Northwest 25 mph.

**OUTLOOK FOR TUESDAY: ...MUCH COLDER WITH A CHANCE OF SHOWERS...**

Mostly Cloudy (70-80%), windy and much colder with a chance for showers. Snow level dropping to near 7000 feet. Highs in the lower 50s early with temperatures falling into the 40s during the day. Lows Tuesday night in the 20s. Daytime minimum humidity values from 30-40%. North to northeast winds 10-20 mph with gusts up to 45 mph. Chance of wetting rain (>0.10") 30 percent.

**EXTENDED OUTLOOK:**

**Wednesday:** Partly Cloudy, breezy and cool with a slight chance of showers and thunderstorms. Northerly winds gusting to 25 mph. Cold morning low temperatures in the 30s with high temperatures in the 50s.

**Thursday:** Mostly Clear and warmer. West-southwest winds gusting up to 20 mph with a slight chance for showers and thunderstorms. High temperatures from 55 to 65.

**Friday:** Mostly Clear. Temperatures warming into the 60s.

**YESTERDAYS NUMBERS (as of 1600):**

Site	Elevation (ft)	High	Trend	Low	Trend	Peak Wind Speed	Average Direction
Salt Creek (IRAWS 37)	8788 ft	81	-2	65	-1	31	NW
Pine Gulch (IRAWS 3)	8430 ft	85	+1	67	-1	23	WNW
GJTBLMFTS (RAWS)	6710 ft	92	+1	60	+/- 0	18	WSW
Pine Ridge (RAWS)	6710 ft	92	+1	60	+2	22	WSW

**Weather Word of the Day: Lapse Rate** – The rate of change of an atmospheric variable, usually temperature, with height. A steep lapse rate implies a rapid decrease in temperature with height (a sign of instability) and a steepening lapse rate implies that destabilization is occurring.

FIRE BEHAVIOR FORECAST			
Incident Name	Pine Gulch	Forecast Number	35
Operational Period	09/07/2020	Date/Time Issued	09/06/2020 - 1800
Unit	CO-GJFO	Forecast by (Name & Position)	Greg Titus FBAN Mike Ward FBAN (t)

**FACTORS INFLUENCING FIRE BEHAVIOR**

**WEATHER:**

**!!Red-Flag conditions!! See Pine Gulch Weather Forecast in IAP for details.**  
**>96 hours of relative humidity below 30%.**

**FUELS: All unburned fuels remain receptive to ignition if subjected to heat source.**

**Live Woody Fuel Moisture: Oak-86%, Sage-79%, Juniper-72%**

**Forecasted Min. Fine Dead Fuel Moisture Content: 2%**

**Heavy Dead Fuel Moisture Content (1000hr): 5%**

**Forecast ERC Sunday September 6th: 93 (↑1)**

*Local Thresholds for Critical Fire Behavior: 20' Winds: >18-24 mph RH: < 15-20% Temp: >81-89° max recovery >40% 1000: <10%, ERC 7G: 90% = 91 and 80% = 85*

**FIRE BEHAVIOR Outputs**

**GENERAL:**

- No fire perimeter growth is expected. Smoldering & creeping fire activity will persist. Isolated pockets of fuel will continue to burn out where heat sources remain. Surface fire and isolated single tree torching is possible.
- New ignitions outside of the current containment lines will have the potential for active fire spread within continuous grass/shrub fuels. If new ignitions occur with a wind event fire spread will be very rapid, with the potential for single tree torching, isolated crown fire, and short-range spotting (0.2 mi.). Stay vigilant!

**Maximum Head Fire Rate of Spread (ROS) & Flame Length (FL) (30% slope)**

Winds	5 mph	10 mph	25 mph (Gusts)
Grass/Shrub (GS2)	ROS = 26 ft/min FL = 6 feet Spot = 0.1 mile	ROS = 69 ft/min FL = 9 feet Spot = 0.2 mile	ROS = 245 ft/min FL = 15 feet Spot = 0.6 mile Ridgetop

**Probability of Ignition: 100%**

Potential for new starts and fire growth remains high. Fuels are still extremely dry.

**Areas of Concern:**

Any unburned pockets of fuel within 1/10<sup>th</sup> mile of the current fire perimeter are receptive to ignition from embers or other heat sources. Significant resistance to containment due to extremely low fuel moistures.

**DIV Delta/Echo:** Active fire continues to back downhill toward the 139 Road just north of the division B/D break, south of DP-25. Any unburned fuels in this area are available active fire behavior. No fire outside the current containment is expected as the area appears to be secure due to Hwy 139 and previous burn operations.

**Night:** Poor night RH recoveries (forecast 20% for tonight) will provide favorable conditions for active fire for most of the night.

**AIR OPERATIONS:** Favorable conditions (smoke and winds) for Air Operations.

**SAFETY**

Current Fine Fuel Moistures in this fires general area are at critically low levels. Very fast rates of spread in fine fuels should be expected. Be aware of where you are in relation to expect fire spread direction.

Dead fuel moisture responds solely to ambient environmental conditions and is critical in determining fire potential. Dead fuel moistures are classed by timelag. A fuel's timelag is proportional to its diameter and is loosely defined as the time it takes a fuel particle to reach 2/3's of its way to equilibrium with its local environment. The QR code will lead you to the National Wildland Fire Assessment System site for current and forecast fuel conditions.

Send any fire behavior observations or photos to: [michaeldward@usda.gov](mailto:michaeldward@usda.gov) & [gregory\\_titus@fws.gov](mailto:gregory_titus@fws.gov)

**IWI IC Responsibilities:**

- Take charge of the scene – inform the Division Supervisor and Communications that you are the IWI IC and establish radio communications (frequencies, channels). Identify the emergency name – (Ex. Division A medical, Fish Meadows medical, Highway 21 accident.)
- Assign or begin patient assessment Medical Incident Report (MIR) and first aid. Request additional medical resources on division/branch or across incident. Transmit MIR patient information to Communications.
- Determine patient transportation through consultation with line medical personnel and Medical Unit Leader. Consider transportation time, risk to personnel, destination facility and available operational resources. If air transport is chosen, implement the plan for alternative transportation in the event aircraft cannot complete the mission. Order transportation resources through Communications as early as possible.
- Notify Communications as resources arrive and any patient status changes. Names of injured or deceased individuals will not be transmitted on the radio.
- Initiate documentation for future investigation; if a line safety officer is available, assign them to lead documentation. Do not move deceased individuals, gear or personal effects except to accomplish rescue work or protect the safety of others. Obtain written documentation of witnesses. The Unit Log, ICS 214, may be used for the initial documentation, but a subsequent narrative will be required.
- As appropriate, conduct an After Action Review to determine successes, areas to improve and lessons learned.

## Daily COVID-19 Reminder

- It is mandatory to submit your daily COVID questionnaire using the QR code found around camp, in the IAP, or below.
- Crews and Engines may make one submission if all personnel in crew or on engine answer NO to all questions and have a temperature less than 100. Please enter ONE temperature on the form. Self-monitor all day and if you have any symptoms, call medical and isolate until further directed.
- If you cannot socially distance, please wear your masks while you are inside a building on the incident. If you are outside and not socially distanced, please wear your mask.
- Check with your home unit and state as soon as possible to make sure you know what is expected of you before your return. There are free COVID tests Tuesday-Saturday 0800-1500 at the Mesa County Fairgrounds/grandstands.
- Questions please contact:

Medical Unit and COVID Coordinator at 970-718-2510

- **Scan the QR code, or use the link to register for your COVID-19 test (ignore any request for insurance information, the test is free).**
- **A family unit/pod/module/crew that has traveled together can travel to the test site with masks on in the same vehicle.**
- **The test site is located at the fairgrounds (near the ICP) and is inside the grandstands.**
- **The test site is open Tuesdays-Saturdays from 0800 to 1500.**

## Before Your Test

### REGISTER FOR YOUR TEST (Choose A or B)

Account #  
**12928**

**A PRE-REGISTER** (NOTE: This option is encouraged to **REDUCE** wait time.)  
**Step 1:** Visit <https://tinyurl.com/gjcoff-12928>. Or scan this QR code with your smartphone. **Step 2:** Complete the registration form. **Note:** Double check the spelling of your name and your date of birth. This information must be exactly correct to receive your results. **Step 3:** Upon completing the form you will receive an email with your registration number beginning with MX. *Show this number to the site attendant in order to proceed with your test.*

**B REGISTER-ON-SITE** (NOTE: This option will **INCREASE** your wait time.)  
**Step 1:** Provide a copy of your ID with Name, Date of Birth, and address to the site attendant. Additional information including phone number, email, etc. **will be required.**  
**Step 2:** The site attendant will complete the registration site form on-site.

## After Your Test

If you have not received your test results within four days of collection, please call MAKO.

**NOTE: Please do not call the lab unless four full days have passed.**

## How to Access Your Results

(Results available after four days.)

Text: **“MAKO” to 66349**  
or visit <https://mako.luminatehealth.com>

If you have problems accessing your results, for fastest service please submit a support ticket via the website: <https://mako.luminatehealth.com/common/signup>

Results will be available after **FOUR DAYS**.

## Antes de su prueba

### REGÍSTRESE PARA SU PRUEBA (Elija A o B)

Cuenta N.º  
**12928**

**A** **REGISTRO PREVIO** (NOTA: Se recomienda esta opción para **REDUCIR** el tiempo de espera.) **Paso 1:** Visite <https://tinyurl.com/gjcoff-12928>. O escanee este código QR con su teléfono celular. **Paso 2:** Complete su formulario de registro. Nota: Revise dos veces la ortografía de su nombre y su fecha de nacimiento. Esta información debe ser exacta y correcta para que reciba sus resultados. **Paso 3:** Tras completar el formulario, recibirá un correo electrónico con su número de registro que comienza con MX. *Muestre este número al asistente del lugar para continuar con su prueba.*

**B** **REGISTRO EN LÍNEA** (NOTA: Esta opción **AUMENTARÁ** su tiempo de espera.) **Paso 1:** Proporcione una copia de su identificación con nombre, fecha de nacimiento y dirección al asistente del lugar. **Se le solicitará** información adicional, incluido su número de teléfono, correo electrónico, etc. **Paso 2:** El asistente del lugar completará el formulario de registro en el lugar.

## Después de su prueba

Si no recibió los resultados de la prueba en los cuatro días posteriores a la toma, llame a MAKO.

**NOTA: No llame al laboratorio a menos que hayan pasado cuatro días completos.**

## Cómo acceder a sus resultados

(Resultados disponibles después de cuatro días.)

Envíe por mensaje de texto: **“MAKO” al 66349** o visite <https://mako.luminatehealth.com>

Si tiene problemas para acceder a sus resultados, para un servicio más rápido, genere un recibo de soporte a través de la página web:

<https://mako.luminatehealth.com/common/signup>

Los resultados estarán disponibles después de **CUATRO DÍAS**.

## HEALTH AND SAFETY MESSAGE

*“We don’t plan on luck to be safe, we plan on sound risk management and good decisions.” ~ The Red Team*

<b>INCIDENT:</b> Pine Gulch Wildfire	<b>DATE:</b> Monday September 7 2020
<b>Major Hazards &amp; Risks:</b> Red Flag Warnings, Dehydration	
<p><b>Red Flag Today!</b> Extreme Fire behavior is possible with new or rekindled ignitions. Use basic and sound fire tactics. <i>Anchor, Flank, and Hold!</i> The 10 Standard Fire Orders are tried and true. Standard Fire Order #10 must be taken into account at all times when fighting fire. In order to fight fire safely and aggressively, every firefighter must be able to answer the following questions:</p> <ul style="list-style-type: none"><li>• Is the suppression method adequate? Ask yourselves, are we making progress? Are we beating our heads against a wall? Is there a better way to get this done? Give examples when you have had to change your suppression method.</li><li>• Are there adequate resources and time for effective suppression? Ask yourselves, do we need to retreat and reevaluate? Talk about times when you have realized you weren’t getting anywhere and needed to retreat and start managing firefighters and placing orders.</li><li>• Are lookouts posted? Discuss when you post lookouts, who you would choose to be a lookout, and where they should be located.</li><li>• Are communications prompt with crews and other resources? Review the importance of good communications on the fireline.</li><li>• Have escape routes and safety zones been established? Talk about your crew’s procedure for establishing escape routes and safety zones. Review what constitutes an escape route and a safety zone.</li><li>• Do you feel comfortable with your assignment? Discuss the situation check. Remind firefighters that every individual has the right to question an assignment.</li><li>• <i>The key to safe procedure is Lookout(s), Communications(s), Escape routes, and Safety zone(s) (LCES). The nature of wildland fire suppression dictates continuously evaluating and, when necessary, re-establishing LCES as time and fire growth progress.</i></li><li>• To reduce the risks:<ul style="list-style-type: none"><li>○ Post <i>Good</i> Lookouts, have them monitor weather regularly.</li><li>○ Retreat if the situation is too complex. Emphasize that safety is everyone’s responsibility; we all want to be good firefighters and being safe is part of that.</li><li>○ Do you have established trigger points?</li></ul></li></ul> <p><b>Dehydration</b> is the result of the body trying to regulate its temperature naturally through sweating. Maintaining body fluids is essential for sweating. You must hydrate before, during, and after work. <i>What are you doing <u>right now</u> to ensure that you are hydrated?</i></p>	

**Thank you for your time and consideration**

Red Team Safety Officers: José Castro, Brad Lidell, Mike Cook, and David Stone page 23 of 38

## HUMAN RESOURCES MESSAGE

September 7, 2020

### September is Suicide Prevention Month

Suicidal thoughts, much like mental health conditions, can affect anyone regardless of age, gender or background. Firefighters and other first responders have much higher suicide rates than the general population.

Learn to recognize some common warning signs:

- Talking about wanting to die or kill themselves
- Looking for a way to kill themselves
- Feeling hopeless or having no reason to live
- Feeling trapped or in unbearable pain
- Feeling like a burden to others
- Increasing use of alcohol or drugs
- Acting anxious or agitated; behaving recklessly
- Sleeping too little or too much
- Withdrawing or isolating themselves
- Showing rage or talking about seeking revenge
- Extreme mood swings

**If you or a coworker are experiencing thoughts of suicide, please reach out for assistance! Call 911 if it's an emergency.** Around the clock, free crisis counseling is also available:

**National Suicide Prevention Lifeline:**

**Call: 1-800-273-8255**  
Text NAMI to 741741

## TRAINING MESSAGE

As a reminder, if you are a trainee and have not checked in yet, feel free to stop by Plans or use the QR code for Trainee Check In Form to complete the on-line check in.

As a reminder, you do not have to wait until the last work day to complete a position task book evaluation and check out with TNSP. You can complete this any time on the incident. Don't forget to follow all the steps below before you demob. It's essential for documenting your training assignment. Send photos of **2a, b and c** below.

### Process for Checking In and Checking Out with Training Specialist

Step 1: Check In. In person is preferable. You can also use the QR code and complete the Check In Form.

Step 2: Check Out. In person is preferred; but, you can give me a call and we can go through the Exit Interview Form and discuss how your assignment went. If you cannot contact me, another option is to complete the Exit Interview Form through the QR code link. Hardcopy forms for Individual Performance Evaluation and NWCG Evaluation Form have been sent to field for the Division Supervisors to distribute. The forms are also available on line at [ICS 225 WF](#) and [NWCG Evaluation Record Form](#). Your Trainer should complete the:

- a) Performance Evaluation;
- b) Evaluation Record(s) (pages at end of task book); and
- c) Final Evaluator's Verification (page 2 of task book) if you are recommended for certification.

If checking out in person, please bring your task book and evaluation with you. If checking out by phone or using on line QR code, please take pictures of documentation above and email them to [gseamon@talltimbers.org](mailto:gseamon@talltimbers.org)

Step 3: The TNSP will compile documentation for Trainee, Home Unit Training Officer, and incident documentation.

Trainees and/or evaluators are encouraged to call the Incident Training Specialist with any questions or concerns.

Greg Seamon, Training Specialist  
850-556-8613  
[gseamon@talltimbers.org](mailto:gseamon@talltimbers.org)

## DOCUMENTATION MESSAGE

**Please fill out your 214's (Unit Logs), take a picture with your phone, then email the picture to [2020.pinegulch.plans@firenet.gov](mailto:2020.pinegulch.plans@firenet.gov)**

**SOUTHERN AREA IMT1 RED TEAM FINANCE**

Email: [2020.pinegulch.finance@firenet.gov](mailto:2020.pinegulch.finance@firenet.gov)

**Time Reporting – Crew Time Reports and Equipment Shift Tickets**

**SUBMIT ALL DOCUMENTATION ELECTRONICALLY TO FINANCE:**

1. Use QR code below to automatically create email to be sent directly to Finance

2. As an alternative to using the QR code, you can also send emails of photos, scans or pdf files of CTR and Equipment Shift Tickets to email: [2020.pinegulch.finance@firenet.gov](mailto:2020.pinegulch.finance@firenet.gov) with Resource Order number and **\*TIME\*** on Subject line

**Tips:**

- When emailing documentation to Finance, always include your Resource Order number on the Subject line.
- Include the word **\*TIME\*** (including the asterisks) in the subject line is required to help our Finance staff better organize and manage your paperwork
  - Example: SUBJ: O-9999 **\*TIME\***
- When sending pictures or scans, be sure the signature portion is included
- Remember your Finance 100 training:
  - Write legibly
  - Include Resource Order #
  - Add total work hours (this reminds your supervisor to provide additional documentation as needed)
  - Ensure all signatures are on documents before emailing to Finance
- Contractors who would like an interim payment submitted for processing can email [2020.pinegulch.finance@firenet.gov](mailto:2020.pinegulch.finance@firenet.gov) and include your name and phone number so we may contact you for additional information

## REMOTE FINANCE DEMOB

**REMEMBER:** All documentation must be submitted electronically to finance, and last CTR should include cell phone number and email address.

[2020.pinegulch.finance@firenet.gov](mailto:2020.pinegulch.finance@firenet.gov)

**Subject:** reference your Resource Order number, name and Demob.

### Tips:

- At least 48 hours prior to your scheduled demob date, submit any missing CTRs and/or STs and let Finance know the date you will be demobing.
- When your final work time has been signed by your supervisor, submit with start travel time or travel CTR/ST to Finance with request for draft final OF-288.
- Time recorder will email a draft for your review.
- Do not leave the incident without your final OF-288 or OF-286.

Please scan this QR code to initiate your Finance Demob request.

# Guide to Checking-In

**Step 1.** COVID Screening. Use the QR code to the right to check in EVERYDAY. Answer a few questions and enter your temperature.

**Step 2.** Resource Check-In. Using the QR code to the left, check-in to the Pine Gulch Fire, CO-GRD-000307. This replaces the paper ICS-211 Check-In forms.

[2020.pinegulch.sckn@firenet.gov](mailto:2020.pinegulch.sckn@firenet.gov)

**Step 3.** Finance Check-In. Using the QR code to the right, check-in with Finance. Send all CTRs, contracts, CRRFs, and related financial documents to:

[2020.pinegulch.finance@firenet.gov](mailto:2020.pinegulch.finance@firenet.gov)

**Step 4.** Check-in with your supervisor

**Step 5.** Use the attached sheets and the QR code and instructions to register for your COVID-10 test.

# Demob Tips

Pine Gulch Fire CO-GRD-000307

Note: If you have cell phone coverage you will not physically need to come to demob.

**For emergency or urgent demobs contact your supervisor first and then contact the Demob Unit directly at [2020.pinegulch.dmob@firenet.gov](mailto:2020.pinegulch.dmob@firenet.gov) or (936) 488-1231.**

After being notified by your supervisor of your tentative release date:

Step 1. Return all supplies, radios, etc. that were checked out.

Step 2. Submit final time documents electronically to Finance using the QR code below.

Remember to provide a valid email address. Finance staff will post your time, let you review a draft, and send your final time documents to you, all electronically. Do Not leave the incident without your final OF-288 or OF-286.

**TRAINEES:** Contact the Incident Training Specialist at (850) 556-8613 prior to demobing.

Step 3. All vehicles that have been on the fireline must go through the weed wash (located at the ICP) prior to completing demob.

**AFTER** steps 1-3 are completed:

Step 4. Complete Demob Checkout Sheet using QR code. Once you submit the Demob Checkout Sheet you are released from the incident and may begin travel home. You do not need to physically come to demob. Safe travels!

Medical Incident Report

**FOR A NON-EMERGENCY INCIDENT, WORK THROUGH CHAIN OF COMMAND TO REPORT AND TRANSPORT INJURED PERSONNEL AS NECESSARY.**

**FOR A MEDICAL EMERGENCY: IDENTIFY ON SCENE INCIDENT COMMANDER BY NAME AND POSITION AND ANNOUNCE "MEDICAL EMERGENCY" TO INITIATE RESPONSE FROM IMT COMMUNICATIONS/DISPATCH.**

**Use the following items to communicate situation to communications/dispatch.**

**1. CONTACT COMMUNICATIONS / DISPATCH** (Verify correct frequency prior to starting report)

*Ex: "Communications, Div. Alpha. Stand-by for Emergency Traffic."*

**2. INCIDENT STATUS:** Provide incident summary (including number of patients) and command structure.

*Ex: "Communications, I have a Red priority patient, unconscious, struck by a falling tree. Requesting air ambulance to Forest Road 1 at (Lat./Long.) This will be the Trout Meadow Medical, IC is TFLD Jones. EMT Smith is providing medical care."*

Severity of Emergency / Transport Priority	<input type="checkbox"/> <b>RED / PRIORITY 1 Life or limb threatening injury or illness. Evacuation need is IMMEDIATE</b> <i>Ex: Unconscious, difficulty breathing, bleeding severely, 2° – 3° burns more than 4 palm sizes, heat stroke, disoriented.</i> <input type="checkbox"/> <b>YELLOW / PRIORITY 2 Serious Injury or illness. Evacuation may be DELAYED if necessary.</b> <i>Ex: Significant trauma, unable to walk, 2° – 3° burns not more than 1-3 palm sizes.</i> <input type="checkbox"/> <b>GREEN / PRIORITY 3 Minor Injury or illness. Non-Emergency transport</b> <i>Ex: Sprains, strains, minor heat-related illness.</i>	
Nature of Injury or Illness & Mechanism of Injury		Brief Summary of Injury or Illness <i>(Ex: Unconscious, Struck by Falling Tree)</i>
Transport Request		Air Ambulance / Short Haul/Hoist Ground Ambulance / Other
Patient Location		Descriptive Location & Lat. / Long. <i>(WGS84)</i>
Incident Name		Geographic Name + "Medical" <i>(Ex: Trout Meadow Medical)</i>
On-Scene Incident Commander		Name of on-scene IC of Incident within an Incident <i>(Ex: TFLD Jones)</i>
Patient Care		Name of Care Provider <i>(Ex: EMT Smith)</i>

**3. INITIAL PATIENT ASSESSMENT:** Complete this section for each patient as applicable (start with the most severe patient)

Patient Assessment: See IRPG PAGE 106

Treatment:

**4. TRANSPORT PLAN:**

Evacuation Location (if different): *(Descriptive Location (drop point, intersection, etc.) or Lat. / Long.)* Patient's ETA to Evacuation Location:

Helispot / Extraction Site Size and Hazards:

**5. ADDITIONAL RESOURCES / EQUIPMENT NEEDS:**

*Example: Paramedic/EMT, Crews, Immobilization Devices, AED, Oxygen, Trauma Bag, IV/Fluid(s), Splints, Rope rescue, Wheeled litter, HAZMAT, Extrication*

**6. COMMUNICATIONS: Identify State Air/Ground EMS Frequencies and Hospital Contacts as applicable**

Function	Channel Name/Number	Receive (RX)	Tone/NAC *	Transmit (TX)	Tone/NAC *
COMMAND					
AIR-TO-GRND					
TACTICAL					

**7. CONTINGENCY: Considerations:** If primary options fail, what actions can be implemented in conjunction with primary evacuation method? Be thinking ahead.

**8. ADDITIONAL INFORMATION:** Updates/Changes, etc.

**REMEMBER:** Confirm ETA's of resources ordered. Act according to your level of training. Be Alert. Keep Calm. Think Clearly. Act Decisively.
