```
Spot Forecast for St Charles Fire... USFS NWS Pueblo CO
```

#### .DISCUSSION...

An upper low pressure system to the South will pass by to the East on Wednesday, allowing for stronger West to Southwest flow aloft to settle in across the area. Plan on plenty of sun and warm temperatures for the fire area on Wednesday, with stronger winds pushing in during the evening and continuing into Thursday. Low RH levels will return to the area for Thursday.

#### . WEDNESDAY . . .

Sky/weather......Mostly sunny (29 percent).

LAL....1.

Max temperature....60-64F.

Min humidity.....20-25 percent.

Wind (20 ft).....South-southwest 5-7 mph with occasional gusts to 10 mph until 1200,

then southeast around 10 mph gusting to 16 mph.

Mixing height......1500 ft agl until 1100, then 6500 ft agl.

Transport winds.....Southwest around 10 mph.

Smoke dispersal....Poor until 1200, then fair until 1400, then good.

Haines Index.....4 or low potential for large plume dominated fire growth.

#### .WEDNESDAY NIGHT...

Sky/weather.....Mostly clear.

LAL....1.

Min temperature.....42-45F.

Max humidity......43-48 percent.

Wind (20 ft)......West-southwest winds around 8 mph with gusts to 13 mph until 2100,

then west 11-15 mph with occasional gusts to 20 mph.

Mixing height.....1000 ft agl.

Transport winds.....Southwest around 7 mph until 1900, then west around 16 mph.

Smoke dispersal....Poor.

Haines Index.....4 or low potential for large plume dominated fire growth.

#### . THURSDAY . . .

Sky/weather.....Sunny.

LAL....1.

Max temperature....60-64F.

Min humidity......17-22 percent.

Wind (20 ft)......West-southwest winds 16-20 mph. Gusts 30-35 mph in the afternoon.

Mixing height.....5000 ft agl until 1700, then 3000 ft agl.

Transport winds....West around 23 mph.

Smoke dispersal....Poor until 1100, then fair until 1300, then very good.

Haines Index.....4 or low potential for large plume dominated fire growth.

#### .FORECAST DAYS 3 THROUGH 7...

- .FRIDAY...Cooler. Mostly clear. Lows in the mid 30s. Highs in the lower50s. South winds around 13 mph.
- .SATURDAY...Mostly clear. Lows in the upper 30s. Highs in the mid 50s. Southwest winds around 16 mph.
- .SUNDAY...Much colder. Mostly cloudy. Chance of snow showers and slight chance of showers. Lows in the lower 20s. Highs around 30. East winds around 12 mph.
- .MONDAY...Partly cloudy. Chance of snow showers. Lows around 20. Highs around 40.
- .TUESDAY...Mostly clear. Lows in the mid 20s. Highs in the lower 40s.

### 6. Work Assignments:

TASK: Construct direct and indirect fireline.

PURPOSE: Keep fire from impacting values at risk.

END STATE: Fireline in the correct location with the right dimensions to contain the fire.

### 7. Special Instructions:

TASK: Burnout indirect fireline as needed to hold main fire

PURPOSE: Hold fire LOCATION.

END STATE: Fireline burned with the correct intensity and minimized threat to the fireline.

## SAFETY MESSAGE

INCIDENT NAME:	OPERATIONAL PERIOD:
Saint Charles	October 25, 2023

## **MAJOR HAZARDS:**

- > Communications Ensure communication links are established prior to engagement.
- > **Driving** Drive defensibly, use headlights and drive the speed limit or slower.
- > Snags and Fire Weakened Trees Be hazard tree aware. Look up, look down, look around.
- ➤ Heavy Equipment Operations Review Working with Heavy Equipment (IRPG pg. 85)
- Extended Medical Extraction Times In the event of an accident or injury, expect long ground extraction times.
- > Cumulative Fatigue Take care to personally mitigate your cumulative fatigue.

## Fire Order for the Day:

# #2 Know what your fire is doing at all times.

- ✓ Do you have look-outs posted?
- ✓ Have you been briefed?
- ✓ Do you have a current weather forecast?
- ✓ Have you established good communications?
- ✓ Is Leader's intent clear?

## **NARRATIVE:**

### **SAFETY CONSIDERATIONS:**

- The primary mission for the IMT is **fire suppression and incident stabilization** to reduce firerelated impacts on the communities and resources the agencies protect.
- At all times, the safety of firefighters and the public must be your primary objective.
- Implement strategies and tactics where important values at risk are protected with the least responder exposure necessary.
- Ensure firefighters who engage in structure protection are staying within their tactical training,
   capabilities, and agency policy.
- On private lands, the protection of forest resources is second only to the preservation of life.

## Remember...

- Avoid strategies and tactics that **transfer risk** from one resource to another when the transfer does not increase the likelihood of a successful outcome.
- Stop, Think, Talk...then Act, in response to any situation that may represent unnecessary exposure.
- Take care of each other. Create a respectful work environment for all incident personnel.
- Fight complacency. It's up to each of us to control and eliminate complacency.

Thank you for paying attention to the details of your mission and for safely working to reach the suppression objectives on the Saint Charles Fire

<b>TEAM SAFETY OFFICERS:</b>	Damon McRae, Lehi Vizcaino, Ryan Romero

Please send photos to email address: 2023.saintcharles@firenet.gov

# **Finance**

#### **CTRs and Shift Tickets:**

1) Scan and email SIGNED shift tickets and CTRs to: <a href="2023.saintcharles.finance@firenet.gov">2023.saintcharles.finance@firenet.gov</a>
NOTE: If you only take a photo of your CTR or Shift Ticket, PLEASE make sure that it is legible. All phones do have a scanning app, I can show you how if you would like.

OR

Hard copies of shift tickets and CTRs can be turned in at morning briefings also.

- 2) Does your shift ticket or CTR include:
  - a. Your name?
  - b. The date?
  - c. Your incident supervisor's signature (wet or electronic)?
  - d. Justification for excess hours and/or hazard/environmental pay?
  - e. Start and stop mileage and hours of work time (Shift Tickets)?
