 (97 30 05.41W, 35 28 52.48N)

Data was obtained from USDA Forest Service corporate data warehouse or the National Interagency Fire Enterprise Geospatial Portal. Sectional Charts and Military Training Route data expires 03/31/2024 and should be updated.

Current Date: 12/5/2023
 This map was produced by the USDA Forest Service on 12/5/2023. GIS data and product accuracy may vary. This map is not to be used for navigational purposes. It is only to be used as a supplemental means of identifying vertical obstructions and other known hazards. The USDA Forest Service reserves the right to update, modify, or replace any or all of this data without notifying users. For more information, contact: Tina Rotenberg, GIS Specialist, Ozark-St. Francis NF 478-984-7271.

Note to Pilots and Cooperating Agencies: Not all aerial wires, cables, and obstructions that could be hazardous to aircraft are shown on this map. Please use extreme caution when flying in unfamiliar areas.
