The U.S. Forest Service uses the most current and complete data available. GIS data and product accuracy may vary. They may be developed from sources of differing accuracy, accurate only at certain scales, based on modeling or interpolation, complete while being created or revised, etc. Using GIS products for purposes other than those for which they were created may yield inaccurate or misleading results. The U.S. Forest Service reserves the right to correct, update, modify, or replace GIS products without notification. For further information, contact:
