7. Control Operations

Construct and improve control lines along Langdale Property Roads. Construct safety zones as necessary. Conduct burn out operations as directed by the Operations Chief. Patrol all control lines and mitigate any threats. Support adjacent divisions as needed. Mop-up within 50 feet of line.

8. Special Instructions

Utilize backers when backing up. Soft spots in the sand surface roads can cause your vehicle to shift abruptly. Stay alert to changing conditions. Fuels are dry and fire danger is predicted to be extreme. Don't be surprised by the fire behavior and plan your activities based on current and predicted weather. Snag Safety/Look up and Look around.
