36. Projected Incident Activity, Potential, Movement, Escalation, or Spread and influencing factors during the next operational period and in 12-, 24-, 48-, and 72-hour timeframes:

Fire activity will most likely continue to move to the south. Similar fire behavior is expected with the low RH's and north winds.

und north winds.

Winds switch around to the SE, 5-8 mph. There is a slight chance for showers on Sunday. RH's are predicted in the low 40's. Based on the predicted weather, fire activity will move back to the northwest.

48 hours: Same.

72 hours:

Anticipated after 72 hours:

37. Strategic Objectives (define planned end-state for incident):

Keep fire west of the Sanctuary subdivision, north of I-75, and south of the Big Cypress Reservation/Big Cypress National Preserve boundaries.

38. Current Incident Threat Summary and Risk Information in 12-, 24-, 48-, and 72-hour timeframes and beyond. Summarize primary incident threats to life, property, communities and community stability, residences, health care facilities, other critical infrastructure and key resources, commercial facilities, natural and environmental resources, cultural resources, and continuity of operations and/or business. Identify corresponding incident-related potential economic or cascading impacts:

The Sanctuary subdivision is approximately 6 miles east of the fire perimeter. Fire is not expected to reach this area within this timeframe. I-75 is approximately 3 miles to the south, although winds are predicted out of the north, fire is not expected to reach this area.

#### Incident: Orange Blossom

24 hours:		
48 hours:		
72 hours:		
Anticipated after 72 hours:		

- 39. Critical Resource Needs in 12-, 24-, 48-, and 72-hour timeframes and beyond to meet critical incident objectives. List resource category, kind, and/or type, and amount needed, in priority order:
- 12 hours:
- 24 hours:
- 48 hours:
- 72 hours:

Anticipated after 72 hours:

- 40. Strategic Discussion: Explain the relation of overall strategy, constraints, and current available information to:
- 1) critical resource needs identified above,
- 2) the Incident Action Plan and management objectives and targets,
- 3) anticipated results.
- 41. Planned Actions for Next Operational Period:

Keep fire north of I-75; hold and improve lines in DIV A & DIV B. Preparing for the transition to the Type 1 Team.

- 42. Projected Final Incident Size/Area: 6,000
- 43. Anticipated Incident Containment or Completion Date:
- 44. Projected Significant Resource Demobilization Start Date:
- 45. Estimated Incident Costs to Date: \$125,000
- 46. Projected Final Incident Cost Estimate:
- 47. Remarks (or continuation of any blocks above list block number in notation):
