9. MEDICAL EMERGENCY PROCEDURES

Refer to Medical 9 Line Information sheet for more specific and detailed patient triage and evaluation.

In the event of a medical emergency provide the following information to 784/Park Dispatch.

1. Notify IC that injury has occurred.
2. Assess the severity of the injury: Red, Yellow, Green (See 9 Line attachment). If Red, request Advance Life Support (ALS) Medevac/Life flight.
3. Identify frequency or clear all traffic from Command frequency for emergency traffic only, Contact 784 for emergency response.
4. Identify the on-scene Point Of Contact (POC) by last name.
5. POC responsible for completing the following:
 - Complete patient assessment using the attached 9-Line Form
 - Identify patient transport type and location
 - Request any additional resources or equipment
 - Identify any changes in Emergency POC

PREPARED BY: Aerin Land	APPROVED BY:
-----------------------------------	---------------------

Please see the guidelines below and continue our efforts of social distancing and cleaning.
 As we get resources in we need to be vigilant about briefing them when they arrive.

Each, module family unit needs to separate from each other

COVID-19 - Follow CDC guidance

Treat each module as family units-

- Modules will isolate in their groups.
- Social distancing from other groups.
- No going into other module vehicles.
- Same person grabs supplies from cache or food.
- Disinfecting work areas, aircraft, and vehicles.
- If individuals shows symptoms of covid 19, then mandatory quarantine for 14 days, unless covid 19 test proves negative.
- If an individual shows signs of covid 19 the remaining module members will self quarantine, within CDC standards, or until a test is obtained.

Facilities-

- Only required personnel allowed in buildings.
- Clean common use areas routinely.
- Stage hand sanitizers, wipes and disinfectant sprays near doors and common use areas.
- Use signs to direct necessary fire personal to designated areas to maintain social distancing
- Utilize social distancing for mandatory in person meetings and use virtual platforms whenever possible.

Trainees-

- Use only local trainees, to minimize people sharing vehicles.

Meetings –

- If an in-person meeting is required only supervisors should attend, all others stay in family units.
- Radio and or phone briefings should be utilized when possible.
- Wear face coverings when possible.

Module = a family unit
