The main map displays a detailed fuels map for District Twelve in Florida. The map is color-coded according to the legend, showing various fuel types (FBPS 1-13) and land use categories (Agriculture, Urban/Roads, Barren, Water). Major roads are shown as black lines with route markers. The map is overlaid with a coordinate grid. The background is a light gray, and the map area is bounded by a black line. The map shows a complex pattern of fuel types and land use, with a high density of urban and agricultural areas in the central and eastern parts of the district. The coastal area is predominantly water and some low-lying land. The map is oriented with North at the top.
