

Big Turnaround Complex

Incident Action Plan SUNDAY-SATURDAY June 24-30, 2007

Note: Collecting cultural resource artifacts on federal land is illegal and only allowed with permission on private land. Please report all activity and findings to appropriate authorities.

| | | | |
|---|---|--|---------------------------------|
| INCIDENT OBJECTIVES | 1. INCIDENT NAME Big Turnaround Complex | 2. DATE PREPARED 06/22/2007 | 3. TIME PREPARED 1800 |
| 4. OPERATIONAL PERIOD (DATE/TIME) June 24-30, 2007 0700 – 1900 DAY SHIFT | | | |
| 5. CORE VALUES – ALL INCIDENTS, ALL THE TIME A. Firefighter Safety – Everyone goes home. B. Public Safety – We will be proactive in facilitating safety of affected citizens. C. 100% Effort – We will mindfully engage all missions with our collective expertise. D. Land Stewardship – We will cause no unnecessary resource damage. E. Open Communication – Direct, respectful, and 2 way communications is the key to our success. | | | |
| 6. INCIDENT OBJECTIVES / MANAGEMENT EXPECTATIONS <div style="text-align: center;"><u>Management Priorities</u></div> <ol style="list-style-type: none"> 1. Provide for fire fighter and public safety. 2. Minimize the loss or damage to structures, private property, recreations sites, watershed, wildlife habitat, timber lands, and other assets. <div style="text-align: center;"><u>Operational Objectives</u></div> <ol style="list-style-type: none"> 1. Keep fire contained within established containment lines. 2. Continue to implement suppression repair. 3. Manage new ignitions within Refuge according to WFSA and FMP. 4. Continue monitoring potential fire movement. | | | |
| 7. PLAN OF ACTION, STRATEGY AND PRIORITIES <ol style="list-style-type: none"> 1. First priority is to protect the public assets at risk. All available air and ground resources will support the operation when necessary. 2. Second priority will be to effectively assist with initial attack of new fire starts. 3. Third priority will be to continue implementing fire suppression repair. | | | |

FIRE WEATHER PLANNING FORECAST FOR NORTHEAST FLORIDA/SOUTHEAST GEORGIA
 NATIONAL WEATHER SERVICE JACKSONVILLE FL
 221 PM EDT SAT JUN 23 2007

...RED FLAG WARNING IN EFFECT UNTIL 6 PM EDT THIS AFTERNOON FOR
 HAMILTON...SUWANNEE AND COLUMBIA COUNTIES DUE TO LOW RH VALUES...

.DISCUSSION...

HOT AND DRY CONDITIONS WILL DOMINATE THE REGION THROUGH MONDAY WITH
 MARGINAL RED FLAG CONDITIONS EACH AFTERNOON OVER INLAND AREAS. ONLY
 ISOLATED SHOWER AND THUNDERSTORM ACTIVITY IS EXPECTED AND MAINLY
 OVER THE WESTERN PORTION OF NE FLORIDA. AN EASTERLY WAVE PUSHING
 INTO THE REGION BY THE MIDDLE OF THE WEEK WILL INCREASE SHOWER AND
 THUNDERSTORM ACTIVITY BACK TO NEAR NORMAL LEVELS WITH NO RED FLAG
 CONDITIONS EXPECTED. WINDS WILL GENERALLY REMAIN LESS THAN 15 MPH
 THROUGH THE PERIOD.

Safety Message
Big Turnaround Complex
June 24-30, 2007

Driving - drive with headlights on at all times, obey speed limits. Log hauling is occurring in various locations within the Complex area.

Risk Management Process- pg. 1 in I RPG. Before committing to any operational actions ensure that you have mentally gone over the checklist. The bottom line is Risk vs. Gain.

Look Up, Down, and Around – review the seven Fire Environment Factors in your I.R.P.G., pages 2 and 3.

Hazard trees are still a concern. I identify and mitigate hazard trees. If mitigation is not possible, DO NOT work in the area.

Hydration – warmer weather, increase your fluid intake. Rule of thumb, two bottles of water for every bottle of sports drink. Continue to keep eating.

Keep safety as the primary focus. Don't become complacent. Remember, yesterday is not today, every operational shift is different.

GA-OKR-007021
Okefenokee Wildlife Refuge
U.S. Fish and Wildlife Service

**Today's discussion is from the
Fireline Safety Category.**

Standard Fire Orders

The NWCG approved a revision of the Standard Fire Orders, in accordance with their original arrangements. The orders are arranged according to their importance and grouped in logical sequence. Review and consider Standard Fire Orders as a part of every shift.

- Did you receive or request adequate weather briefing, current and predicted fire behavior, wind direction, predicted humidity, fuel moisture, local factor?
- Do you have map of the fire? Is topography, type of fuels, direction of the spread defined?
- Fire behavior group deals with what the firefighter will encounter - weather, fire status, fire behavior.
 1. Keep informed on fire weather conditions and forecasts.
 2. Know what your fire is doing at all times.
 3. Base all actions on current and expected behavior of the fire.
- Are you familiar with direction, distance, location, size of escape routes and safety zones?
- Discuss the need for lookout, such as extreme fire behavior, fire located out of line-of-sight.
- Discuss importance of the situational awareness.
- Fireline safety group emphasizes personal safety.
 4. Identify escape routes and safety zones and make them known.
 5. Post lookouts when there is possible danger.
 6. Be alert. Keep calm. Think clearly. Act decisively.
- Review importance and means of passing tactical decisions and resource movement.
- Review other factors influencing potential changes in tactics, which could affect control of your forces.
- Organizational Control group is centered around tactical decisions.
 7. Maintain prompt communications with your forces, your supervisor and adjoining forces.
 8. Give clear instructions and insure they are understood.
 9. Maintain control of your forces at all time.
- After you have considered, discussed and acted on the previous nine orders:
 10. Fight fire aggressively, having provided for safety first.

| 8. Medical Emergency Procedures | | | | | | | | | | | |
| <p>Medical emergencies will be reported to the Division Supervisor. The Division Supervisor will assume command and call for the line medic, and resources in the division that are EMT qualified. The Division Supervisor will notify communications by radio or cell phone (Big Turnaround ICP 912-496-2111), The report should include type of illness/injury and exact location of the patient(s). Communications will clear the air for emergency traffic only and will request key personnel to report to communications. If an air medical helicopter is used within the fire perimeter, communications should notify the air operations director and helibase.</p> <p>After 2100 hours emergencies in Kingsland and/or Folkston, Waycross and Valdosta: after hour contact is night security Kevin Wyrick 864-490-4193. Before 2100 call communications @ 912-496-4175. DO NOT DELAY TREATMENT CALL 911 WHEN LIFE THREATENING. (Patient Assessment, IRPG, pg. 35)</p> | | | | | | | | | | | |
