Human Resource Message Happy Father's Day!

Hope everyone has a safe and productive Father's Day and that everyone has a chance to talk with their family members!

Top ten things you'll never hear a dad say.

10. Well, how 'bout that? I'm lost! Looks like we'll have to stop and ask for directions.
9. You know Pumpkin, now that you're thirteen, you'll be ready for unchaperoned car dates. Won't that be fun?
8. I noticed that all your friends have a certain hostile attitude. I like that.
7. Here's a credit card and the keys to my new car. GO CRAZY!!
6. What do you mean you wanna play football? Figure skating's not good enough for you, son?
5. Your Mother and I are going away for the weekend. You might want to consider throwing a party.
4. Well, I don't know what's wrong with your car. Probably one of those doo-hickey thingies--ya know-- that makes it run or something. Just have it towed to a mechanic and pay whatever he asks.
3. No son of mine is going to live under this roof without an earring. Now quit your belly-aching, and let's go to the mall.
2. Whaddya wanna go and get a job for? I make plenty of money for you to spend.
1. What do I want for my birthday? Aahh -- don't worry about that. It's no big deal. (Okay, they might say it. But they don't mean it)

Fire Behavior Forecast

INCIDENT	<i>Sweat Farm Rd. Fire</i>	OPERATIONAL PERIOD	06/17/07 Day
ADMINISTRATION UNIT	GA - GAS	FORECAST #59	

WEATHER SUMMARY:

A hot dry weekend, with minimal chances for precipitation will continue to dry the fuels. 1 Hour fuels (grass and pine straw) will dry the quickest.

GENERAL FIRE BEHAVIOR: Day Shift

	Swamp Fuels FM 4	Upland Pine FM 7
Flame Length (feet)	7'	4'
Rate of Spread (ch/hr)	17 - 20	15 - 20
Spotting Distance (miles)	0.3	0.3
Probability of Ignition (%)	20%	20%

SPECIFIC FIRE BEHAVIOR:

All Divisions: The hot dry weather will continue to dry the fuels and fire behavior should be low to moderate activity. Smoldering fuels and duff continued to burn and some low intensity open flames were visible less than 3'. Remember, the fire behavior predictions are based on worse case scenario with the dries weather predictions and the highest winds.

**Continue to monitor the fire inside the Refuge as it continues to back into lines at Group/Division WE & WF. Activity picked up, but was still not threatening lines.

IA: Expect low to moderate to active fire behavior once fires become established. Should be well within the production rates and flame lengths constraints for dozers and engines.

AIR OPERATIONS:

No restrictions after 0900, afternoon thunderstorms are not likely but possible...

SAFETY:

Don't take shortcuts in the mopping up stage, take advantage of recent moisture to help in securing lines.

SAFETY MESSAGE

Incident:
Sweat Farm Road

Date:
June 17, 2007

Time: 1800
Day 06-16-07

Major Hazards and Risks:

- Driving
- Weather
- Mop Up hazards
- Insects/Animals
- Logging Operations

Wear your seat belt every time you get in the vehicle. Obey ALL local laws when driving and remember, **the faster you slow it down, the safer you will be!** Leave others room between vehicles when parking and find a safe place to park instead of squeezing in.

Weather is getting **HOTTER and DRIER** again! Expect more activity over the next two days. Keep drinking plenty of water throughout the day to prevent heat exhaustion.

Look Up, Down and Around for snags, reburns, stump holes, hot pockets and other hazards. Be sure to **communicate** these hazards with all. Mitigate the ones you can and report the ones you can't to your Safety Officer.

If it lives here, it Bites! Snakes, ticks, alligators, bears, sand gnats and other critters are on the move so watch where you walk and check yourself for ticks daily. **Do Not play with the wildlife!**

Be aware of heavy traffic use by log trucks on both dirt & paved roads. Trucks require **higher** speeds on the sandier dirt roads to get through some spots and the best solution is to pull over & allow them to pass.

LCES Checklist

LCES must be established and known to ALL firefighters **BEFORE** needed.

- _____ Lookout(s) _____
 - Experienced / Competent / Trusted
 - Enough lookouts at good vantage points
 - Knowledge of crew locations
 - Knowledge of escape and safety locations
 - Knowledge of trigger points
 - Map / Weather Kit / Watch / IAP
 - _____ Communication(s) _____
 - Radio frequencies confirmed
 - Backup procedures and check-in times established
 - Provide updates on any situation change
 - Sound alarm early, not late
 - _____ Escape Route(s) _____
 - More than one escape route
 - Avoid steep uphill escape routes
 - Scouted: Loose soils / Rocks / Vegetation
 - Timed: Slowest person / Fatigue & Temperature factors
 - Marked: Flagged for day or night
 - Evaluate: Escape time vs. Rate of spread
 - Vehicles parked for escape
 - _____ Safety Zone(s) _____
 - Survivable without a fire shelter
 - Back into clean burn
 - Natural Features: Rock Areas / Water / Meadows
 - Constructed Sites: Clearcuts / Roads / Helispots
 - Scouted for size and hazards
 - Upslope? ↘
 - Downwind? ↘ More heat impact → Larger safety zone
 - Heavy Fuels? ↘

A FEW THOUGHTS FOR FATHERS DAY...

"If the new American father feels bewildered and even defeated, let him take comfort from the fact that whatever he does in any fathering situation has a fifty percent chance of being right."

-- *Bill Cosby*

"Small boy's definition of Father's Day: It's just like Mother's Day only you don't spend so much."

-- *Unknown*

"Son I want to share something with you: The three little sentences that will get you through life. Number 1: Cover for me. Number 2: Oh, good idea, Boss! Number 3: It was like that when I got here." – *Homer Simpson*

Spread the diaper in the position of the diamond with you at bat. Then fold second base down to home and set the baby on the pitcher's mound. Put first base and third together, bring up home plate and pin the three together. Of course, in case of rain, you gotta call the game and start all over again.

--*Jimmy Piersal*

"By the time a man realizes that maybe his father was right, he usually has a son who thinks he's wrong." -- *Charles Wadsworth*
