26: Projected incident movement/spread 12, 24, 48, and 72 hour time frames:
12 hours: West Branch to continue flanking to the North Northwest.
24 hours: West Branch to continue flanking to the North Northwest.
48 hours:
72 hours:
27: Values at Risk: include communities, critical infrastructure, natural and cultural resources in 12, 24, 48 and 72 hour time frames:
12 hours: Davis Community, Crawford Community, Town of Fargo, Spanish Creek Community, Harper Hammock Community, Kingfisher Boat House, Stephen Foster State Park Facilities, High Value Commercial Timberlands, Okefenokee National Wildlife Refuge and cultural resources, CSX Railroad, Norfolk Southern Railroad and powerlines.
24 hours: Same as above.
48 hours: Same as above.
72 hours: Same as above.
28: Critical Resource Needs (amount, type, kind and number of operational periods () in priority order in 12, 24, 48, and 72 hour time frames):
12 hours:
24 hours:
48 hours:
72 hours:
29: Major problems and concerns (control problems, social/political/economic concerns or impacts, etc.) Relate critical resources needs identified above to the Incident Action Plan.
Extremely dry fuels - ERC consistently running over the 95th percentile and setting ERC records locally. Moderate to heavy fuel loads in the swamp and uplands, limited accessibility for ground equipment, lack of water resources for sustained attack, mulitiple jurisdictions involved, wilderness area, and reburn happening over the entire fire area with spotting into the green.

30: Observed Weather for Current

| Operational Period |  |
| :--- | :--- |
| Peak Gusts (mph): $\mathbf{1 7}$ | Max. |
| Temperature: 96 |  |
| Wind Direction: $\mathbf{\text { sw }}$ | Min. |
| Relative Humidity: $\mathbf{4 0}$ |  |

| 31: Fuels/Materials Involved: 7 Southern Rough |
| :--- |
| Heavy swamp fuel loads, heavy to moderate palmetto/gallberry, |
| 3+ year rough | Heavy swamp fuel loads, heavy to moderate palmetto/gallberry, 3+ year rough

32: Today's observed fire behavior (leave blank for non-fire events):
Flanking fire on the Western edge of Division Z from Rowells Island to the NE around Long Island. Northern perimeter recieved up 2 inches of rainfall yesterday evening from localized thundercells, while other areas recieved little to no precipitation. Moderate fire behavior in areas with no precipitation while smoldering was observed in North Branch.

33: Significant events today (closures, evacuations, significant progress made, etc.):
More thunderstorms developed over fire today causing down draft winds up to 50 mph . Division Z fire behavior remains active to moderate, depending on winds. Thunderstorms have ignited a couple of new ignitions outside refuge boundary to the NW, and local resources contained them today.

| 34: Forecasted Weather for next Operational Period <br> Wind Speed (mph): 12 Temperature: 94 <br> Wind Direction: SW Relative Humidity: 48 | 35: Estimated Control Date and Time: | 36: Projected Final Size: | 37: Estimated Final Cost: |
| :---: | :---: | :---: | :---: |

38: Actions planned for next operational period:
Control the active line areas. Hold, improve line and Mop-up in all Branches. Conduct burnout operations as necessary.

39: For fire incidents, describe resistance to control in terms of:

1. Growth Potential - High
2. Difficulty of Terrain - High

40: Given the current constraints, when will the chosen management strategy succeed?
41: Projected demobilization start date:
42: Remarks:
Continued threat of thunderstorms over the next 24 hr periode, giving concerns of erratic winds pushing fire accross containment lines. RH predicted to have a good recovery over the evening hours and bottom out around $\mathbf{4 8 \%}$ tomorrow. North Branch is opening a Base Camp in Waycross, GA located at Ruskin Elementary School tomorrow morning 6/24/11 0800hrs. Unified Command with Georgia Forestry Commission, Florida Division of Forestry and SA Blue Team IC Mike Quisenberry.

| Incident Name | Suppression Strategy | Size | MMA | Cost To Date |
| :---: | :---: | :---: | :---: | :---: |
| Honey Prairie | Point or Zone Protection/Limited Perimeter Control | 280,471 | 60\% | \$21,376,531 |
| Moniac | Full Suppression/Perimeter Control | 24 | 90\% |  |
| Road 22 | Full Suppression/Perimeter Control | 9 | 90\% |  |
| Murry Road | Full Suppression/Perimeter Control | 2 | 90\% |  |
| Boone | Full Suppression/Perimeter Control | 3 | 90\% |  |
| Whites Flat | Full Suppression/Perimeter Control | 3 | 90\% |  |
| Secret | Full Suppression/Perimeter Control | 1 | 90\% |  |
| Moccasin | Full Suppression/Perimeter Control | 14 | 90\% |  |
