INCIDENT ACTION PLAN

THURSDAY 10/12/2023 -

SATURDAY 10/14/2023

0700 – 2030

[INCIDENT CHECK-IN](#)

[MAPS & IAP](#)

(All resources select "LA-KIF-000226 FY24 LICC Fire Support")

INCIDENT OBJECTIVES (ICS 202)

1. Incident Name: LICC Fire Support	2. Operational Period: Date From: 10/12/2023 Date To: 10/14/2023 Time From: 0700 Time To: 2030															
3. Objective(s): 1. Firefighter and public safety will be the highest priority throughout all phases of operations. 2. Manage risk to firefighters and the public by utilizing a risk-based approach to decision making. 3. Support KNF, LDAF, parish FDs, municipal FDs, and VFDs with initial and extended attack fires. 4. Maintain and improve relationships with state, parish, municipal, and other cooperators. 5. Minimize fire impacts to structures and infrastructure to reduce the potential for adverse health, social, financial, and economic hardships.																
4. Operational Period Command Emphasis: Stop, Think, Discuss, then Act and ensure LCES is in place prior to engaging the fires. Ensure that: (1) all starts receive a strategic, risk-based response commensurate with threats and opportunities and that; (2) personnel consider fire and fuel conditions, weather, values at risk, and resources available when taking management actions.																
General Situational Awareness Local fuel thresholds: 20-foot wind speed >20 mph RH <30% Temperature >95 degrees Fahrenheit KBDI >650 Historically, large fires (>80 acres) on the KNF tend to increase when BI values are >19 and 100-hour fuels <17%, especially in combination with other local thresholds listed above. KBDI is a good indicator of resistance to control. At KBDI values >400, the litter and duff layers contribute to fire intensity and will burn actively. Be prepared to adjust tactics based on current and expected fire behavior.																
5. Site Safety Plan Required? Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> Approved Site Safety Plan(s) Located at:																
6. Incident Action Plan (the items checked below are included in this Incident Action Plan): <table style="width: 100%; border: none;"> <tr> <td style="width: 33%;"><input checked="" type="checkbox"/> ICS 203</td> <td style="width: 33%;"><input type="checkbox"/> ICS 207</td> <td style="width: 34%;"><u>Other Attachments:</u></td> </tr> <tr> <td><input checked="" type="checkbox"/> ICS 204</td> <td><input type="checkbox"/> ICS 208</td> <td><input checked="" type="checkbox"/> ICS 220</td> </tr> <tr> <td><input checked="" type="checkbox"/> ICS 205</td> <td><input type="checkbox"/> Map/Chart</td> <td><input checked="" type="checkbox"/> Finance and Logistics Messages</td> </tr> <tr> <td><input type="checkbox"/> ICS 205A</td> <td><input checked="" type="checkbox"/> Weather Forecast/Tides/Currents</td> <td><input checked="" type="checkbox"/> Demobilization List</td> </tr> <tr> <td><input checked="" type="checkbox"/> ICS 206</td> <td></td> <td><input checked="" type="checkbox"/> Map Package</td> </tr> </table>		<input checked="" type="checkbox"/> ICS 203	<input type="checkbox"/> ICS 207	<u>Other Attachments:</u>	<input checked="" type="checkbox"/> ICS 204	<input type="checkbox"/> ICS 208	<input checked="" type="checkbox"/> ICS 220	<input checked="" type="checkbox"/> ICS 205	<input type="checkbox"/> Map/Chart	<input checked="" type="checkbox"/> Finance and Logistics Messages	<input type="checkbox"/> ICS 205A	<input checked="" type="checkbox"/> Weather Forecast/Tides/Currents	<input checked="" type="checkbox"/> Demobilization List	<input checked="" type="checkbox"/> ICS 206		<input checked="" type="checkbox"/> Map Package

**Fire Weather Planning Forecast
National Weather Service Shreveport LA**

Mostly dry weather will continue across nearly all fire districts through the rest of the week into the weekend. The main exception from more immediate fire weather concerns involve lingering rain chances across Central Louisiana today, keeping most minimum RH values above 40 percent until the weekend. That said, as post-frontal winds pick up over dry surfaces, and minimum RH values fall below 40 percent, fire weather risks will also increase by this weekend.

National Weather Service Lake Charles LA

A coastal storm will traverse the northern Gulf today, continually spreading light showers across the area. Any showers will end by this evening, with many areas seeing a wetting rainfall.

A front will sweep across the region late Friday, with dry and offshore flow during the weekend. We could be faced with elevated fire weather, or even Red Flag Warning conditions. 20-foot winds will be northerly around 10 to 15 MPH with stronger gusts possible and RH values dropping into the 25-35% range.

LICC Fire Support

DEMOBILIZATION CHECK-OUT PROCESS

This incident is using a virtual checkout process for demobilization.

Please do not leave the incident until the following steps have been completed!

1. SUPERVISORS:

A. When you identify excess resources

OR

B. 72 hours prior to demobilization date (timing out), call the DMOB to provide tentative release details.

2. **RESOURCE:** If you need a flight home, call the DMOB to provide your Name and DOB (as shown on ID) and to confirm the details for your flight reservation.

3. **RESOURCE: On your demob date,** please check out with the following units:

- INSPECTIONS

- CONTRACT RESOURCES: Post-inspection is required.
- Other Resources: Courtesy inspections provided upon request.
- Inspections will be completed through Logistics. Call to schedule time and location. Lannie Rice : 407-744-7711

- TIME/FINANCE – Ensure that all CTRs and/or shift tickets have been submitted and you have received your final, signed OF-288 Time Report or OF-286 invoice.
(2023.lalic.support.finance@firenet.gov)

4. **RESOURCE: Once you have completed the above steps,** call the DMOB to provide your travel plan details.

PLEASE DO NOT BEGIN YOUR TRAVEL UNTIL ALL PRIOR STEPS HAVE BEEN COMPLETED!

Contact DMOB for any questions!

Hours: 0730-2030

Michael Williams : 828-835-0094

Charlie Rucker: 540-613-7791

2023.lalic.support.plans@firenet.gov

FINANCE PROCEDURES

The Finance email is being monitored and is the primary contact for questions and submitting CTRs, Shift Tickets, OF288s, Claims, and anything Finance related.

Some of the Finance Section is demobing and traveling the next few days and will be unavailable. If time sensitive, please contact Lori Hisek 501-622-0263, FSC3

Resources assigned to FY23 LICC Large Fire Support and FY24 KIF Large Fire Support are requested to submit all finance documents electronically to the email listed below.

Finance Email: 2023.lalic.support.finance@firenet.gov

Please email electronic copies of the following documents as applicable:

- Contract/Agreement/State Cooperative Agreement
- Casual Hire Form (ADs)
- Resource Order
- Crew Manifest

The preferred method of turning in CTR's, Shift Tickets, or other associated time documents is direct to our Finance email. Electronic copies can include PDF, scanned copies of documents, or pictures of documents. QR codes and links are below to fillable PDF time documents.

- CTRs and Shift Tickets should be submitted at a minimum, every other day.
- Justifications are required in the remarks when posting Time without meal breaks, including travel.
- Hazard Pay is required to be justified in the remarks, such as: "Firefighting on an uncontrolled Fireline."
- VIPR Resources should submit lodging receipts periodically rather than at the time of demob.
- Include your cell phone number on CTR and/or Shift Tickets in remarks.
- Our Finance email does have an auto reply.
- Ensure that E# is on the Shift Ticket.

Partial Payments – VIPR Resources should have an interim invoice submitted after 14 days. Please email lodging receipts while assigned to the incident(s) to finance to complete an interim invoice, if extending.

Demob – Please notify finance when emailing time documents for your last operational shift to close out time.

Coding Time

Please ensure to include correct incident code on CTRs and/or Shift Tickets based on the information below.

FY23 LICC Fire Support – P8EK6V24 0806

Code to LALIC Support when not assigned to a wildfire during staging.

FY24 KIF Large Fire Support – resources ordered 10/1 or after - P8EK6V24 0806

or resources that were officially 'reassigned' and received a new resource order on or after 10/1/23.

ABC Misc. – P8EK2124 0806

Code hours working fires less than 300 acres on USFS lands, and all fires in the initial response/mutual aid zone that do not exceed 1 operational period. **VIPR Resources:** code full work shift for day to this code when responding to an IA fire.

Fire Codes – Fires that exceed 300 acres and/or 1 operational period will have to have a new fire code generated that will be provided to code to. Notate on CTRs and Shift Tickets when responding to initial attack fires, include fire name if known.

Logistics

Ordering/Supplies: 2023.lalic.support.ordering@firenet.gov

REMINDER! When writing up a General Message (213), you need at least the following:

1. Person of contact (POC) with phone number
2. Location of items to deliver
3. Date and Time Needed (DTN)
4. Supervisor's signature

Medical Emergencies

IWI IC Responsibilities – Division Group Supervisor or Point of Contact

- Take charge of the scene – inform the Division Supervisor and LICC that you are the IWI IC and establish radio communications (frequencies, channels). Identify the emergency name – Division A medical, etc.
- Assign or begin patient assessment (Medical Incident Report - MIR) and first aid. Request additional medical resources on division/branch or across incident. Transmit MIR patient information to Communications.
- Determine patient transportation through consultation with communications and 911 when needed. Consider transportation time, risk to personnel, destination facility and available operational resources. If air transport is chosen, implement the plan for alternative transportation in the event aircraft cannot complete the mission. Order transportation resources through Communications as early as possible.
- Notify Communications as resources arrive and any patient status changes. Names of injured or deceased individuals will not be transmitted on the radio.
- Initiate documentation for future investigation; if a line safety officer is available, assign them to lead documentation. Do not move deceased individuals, gear or personal effects except to accomplish rescue work or protect the safety of others. Obtain written documentation of witnesses. Unit Log, ICS 214, may be used for initial documentation, but a narrative will be required.
- As appropriate, conduct an After-Action Review to determine successes, areas to improve and lessons learned.

MEDICAL PLAN (ICS 206 WF)

Controlled Unclassified Information//Basic

Medical Incident Report

FOR A NON-EMERGENCY INCIDENT, WORK THROUGH CHAIN OF COMMAND TO REPORT AND TRANSPORT INJURED PERSONNEL AS NECESSARY.

FOR A MEDICAL EMERGENCY: IDENTIFY ON SCENE INCIDENT COMMANDER BY NAME AND POSITION AND ANNOUNCE "MEDICAL EMERGENCY" TO INITIATE RESPONSE FROM IMT COMMUNICATIONS/DISPATCH.

Use the following items to communicate situation to communications/dispatch.

1. CONTACT COMMUNICATIONS / DISPATCH (Verify correct frequency prior to starting report)

Ex: "Communications, Div. Alpha. Stand-by for Emergency Traffic."

2. INCIDENT STATUS: Provide incident summary (including number of patients) and command structure.

Ex: "Communications, I have a Red priority patient, unconscious, struck by a falling tree. Requesting air ambulance to Forest Road 1 at (Lat./Long.) This will be the Trout Meadow Medical, IC is TFLD Jones. EMT Smith is providing medical care."

Severity of Emergency / Transport Priority	<input type="checkbox"/> RED / PRIORITY 1 Life or limb threatening injury or illness. Evacuation need is IMMEDIATE <i>Ex: Unconscious, difficulty breathing, bleeding severely, 2° – 3° burns more than 4 palm sizes, heat stroke, disoriented.</i> <input type="checkbox"/> YELLOW / PRIORITY 2 Serious Injury or illness. Evacuation may be DELAYED if necessary. <i>Ex: Significant trauma, unable to walk, 2° – 3° burns not more than 1-3 palm sizes.</i> <input type="checkbox"/> GREEN / PRIORITY 3 Minor Injury or illness. Non-Emergency transport <i>Ex: Sprains, strains, minor heat-related illness.</i>	
Nature of Injury or Illness & Mechanism of Injury		<i>Brief Summary of Injury or Illness (Ex: Unconscious, Struck by Falling Tree)</i>
Transport Request		<i>Air Ambulance / Short Haul/Hoist Ground Ambulance / Other</i>
Patient Location		<i>Descriptive Location & Lat. / Long. (WGS84)</i>
Incident Name		<i>Geographic Name + "Medical" (Ex: Trout Meadow Medical)</i>
On-Scene Incident Commander		<i>Name of on-scene IC of Incident within an Incident (Ex: TFLD Jones)</i>
Patient Care		<i>Name of Care Provider (Ex: EMT Smith)</i>

3. INITIAL PATIENT ASSESSMENT: Complete this section for each patient as applicable (start with the most severe patient)

Patient Assessment: See IRPG page 106

Treatment:

4. TRANSPORT PLAN:

Evacuation Location (if different): (Descriptive Location (drop point, intersection, etc.) or Lat. / Long.) Patient's ETA to Evacuation Location:

Helispot / Extraction Site Size and Hazards:

5. ADDITIONAL RESOURCES / EQUIPMENT NEEDS:

Example: Paramedic/EMT, Crews, Immobilization Devices, AED, Oxygen, Trauma Bag, IV/Fluid(s), Splints, Rope rescue, Wheeled litter, HAZMAT, Extrication

6. COMMUNICATIONS: Identify State Air/Ground EMS Frequencies and Hospital Contacts as applicable

Function	Channel Name/Number	Receive (RX)	Tone/NAC *	Transmit (TX)	Tone/NAC *
COMMAND					
AIR-TO-GRND					
TACTICAL					

7. CONTINGENCY: Considerations: If primary options fail, what actions can be implemented in conjunction with primary evacuation method? Be thinking ahead.

8. ADDITIONAL INFORMATION: Updates/Changes, etc.

REMEMBER: Confirm ETA's of resources ordered. Act according to your level of training. Be Alert. Keep Calm. Think Clearly. Act Decisively.
