INCIDENT OBJECTIVES (ICS 202)

1. Incident Name: LICC Fire Support	2. Operational Period: Date From: 10/15/2023 Date To: 10/17/2023 Time From: 0700 Time To: 2030															
3. Objective(s): 1. Firefighter and public safety will be the highest priority throughout all phases of operations. 2. Manage risk to firefighters and the public by utilizing a risk-based approach to decision making. 3. Support KNF, LDAF, parish FDs, municipal FDs, and VFDs with initial and extended attack fires. 4. Maintain and improve relationships with state, parish, municipal, and other cooperators. 5. Minimize fire impacts to structures and infrastructure to reduce the potential for adverse health, social, financial, and economic hardships.																
4. Operational Period Command Emphasis: Stop, Think, Discuss, then Act and ensure LCES is in place prior to engaging the fires. Ensure that: (1) all starts receive a strategic, risk-based response commensurate with threats and opportunities and that; (2) personnel consider fire and fuel conditions, weather, values at risk, and resources available when taking management actions.																
General Situational Awareness Local fuel thresholds: 20-foot wind speed >20 mph RH <30% Temperature >95 degrees Fahrenheit KBDI >650 Historically, large fires (>80 acres) on the KNF tend to increase when BI values are >19 and 100-hour fuels <17%, especially in combination with other local thresholds listed above. KBDI is a good indicator of resistance to control. At KBDI values >400, the litter and duff layers contribute to fire intensity and will burn actively. Be prepared to adjust tactics based on current and expected fire behavior.

Fire Weather Planning Forecast
National Weather Service Shreveport LA
245 PM CDT Sat Oct 14 2023

Dry weather will continue across all fire districts through the next several days (until the end of next week). Robust northwesterly winds will continue through the next 36-48 hours before waning. As winds weaken, so will elevated wildfire development conditions, but not completely due to antecedent dry surfaces. Minimum RH values will mostly remain in the 30 to 40 percent range into next week with drier areas in Deep East Texas/Central Louisiana.

FINANCE PROCEDURES

The Finance email is being monitored and is the primary contact for questions and submitting CTRs, Shift Tickets, OF288s, Claims, and anything Finance related.

Some of the Finance Section is demobing and traveling the next few days and will be unavailable. If time sensitive, please contact Lori Hisek 501-622-0263, FSC3

Resources assigned to FY23 LICC Large Fire Support and FY24 KIF Large Fire Support are requested to submit all finance documents electronically to the email listed below.

Finance Email: 2023.lalic.support.finance@firenet.gov

Please email electronic copies of the following documents as applicable:

- Contract/Agreement/State Cooperative Agreement
- Casual Hire Form (ADs)
- Resource Order
- Crew Manifest

The preferred method of turning in CTR's, Shift Tickets, or other associated time documents is direct to our Finance email. Electronic copies can include PDF, scanned copies of documents, or pictures of documents. QR codes and links are below to fillable PDF time documents.

- CTRs and Shift Tickets should be submitted at a minimum, every other day.
- Justifications are required in the remarks when posting Time without meal breaks, including travel.
- Hazard Pay is required to be justified in the remarks, such as: "Firefighting on an uncontrolled Fireline."
- VIPR Resources should submit lodging receipts periodically rather than at the time of demob.
- Include your cell phone number on CTR and/or Shift Tickets in remarks.
- Our Finance email does have an auto reply.
- Ensure that E# is on the Shift Ticket.

Partial Payments – VIPR Resources should have an interim invoice submitted after 14 days. Please email lodging receipts while assigned to the incident(s) to finance to complete an interim invoice, if extending.

Demob – Please notify finance when emailing time documents for your last operational shift to close out time.

Coding Time

Please ensure to include correct incident code on CTRs and/or Shift Tickets based on the information below.

FY23 LICC Fire Support – P8EK6V24 0806

Code to LALIC Support when not assigned to a wildfire during staging.

FY24 KIF Large Fire Support – resources ordered 10/1 or after - P8EK6V24 0806

or resources that were officially 'reassigned' and received a new resource order on or after 10/1/23.

ABC Misc. – P8EK2124 0806

Code hours working fires less than 300 acres on USFS lands, and all fires in the initial response/mutual aid zone that do not exceed 1 operational period. **VIPR Resources:** code full work shift for day to this code when responding to an IA fire.

Fire Codes – Fires that exceed 300 acres and/or 1 operational period will have to have a new fire code generated that will be provided to code to. Notate on CTRs and Shift Tickets when responding to initial attack fires, include fire name if known.
