INCIDENT OBJECTIVES (ICS 202)

| | | | | | | | | | | | | | | | | |
|--|--|---|----------------------------------|---------------------------|---|----------------------------------|--------------------------------|---|---|--------------------------------|-----------------------------------|---|--------------------------------|---|--|--------------------------------|
| 1. Incident Name: Tiger Island | 2. Operational Period: Date From: 09/11/2023 Date To: 09/11/2023 Time From: 0700 Time To: 1900 | | | | | | | | | | | | | | | |
| 3. Objective(s): 1. All operations will be conducted with safety of the public and firefighters in mind. Protection of life and property is your highest priority task. When in doubt, sacrifice acres rather than firefighter and public safety. 2. Provide timely and accurate information regarding the incident's status and strategy to cooperating agencies, stakeholders, property owners, public, and media. Coordinate information sharing with LDAF and the State Fire Marshall's Office. 3. Manage the human resources assigned to the fire incident in a manner that promotes mutual respect and is consistent with interagency human resources objectives. The team will handle EEO complaints in consultation with LDAF Human Resources involving personnel attached to the team. 4. Continue partnership and coordination with the appropriate LDAF, State Fire Marshall, GOHSEP, and local public safety officials. 5. Manage the incident in a cost effective manner. | | | | | | | | | | | | | | | | |
| 4. Operational Period Command Emphasis: Stop, Think, Discuss, then Act and ensure LCES is in place prior to engaging the fires. Ensure that the Tiger Island, Highway 113, Lions Camp Road, and Elizabeth Fires receive a strategic, risk-based response commensurate with the threats and opportunities and uses the full spectrum of management actions that consider fire and fuel conditions, weather, values at risk, and resources available. | | | | | | | | | | | | | | | | |
| General Situational Awareness Watch Out Situations: Extreme heat, dry fuels, and fire behavior. Aviation use and possible long medevac times. Cumulative fatigue. Maintain situational awareness - your division, the divisions working near you, and your chain of command. | | | | | | | | | | | | | | | | |
| 5. Site Safety Plan Required? Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> Approved Site Safety Plan(s) Located at: | | | | | | | | | | | | | | | | |

INCIDENT Weather Forecast

Forecast No: 15
 Prediction For: Monday
 Shift Date: September 11, 2023
 Forecast Issued: September 10, 2023 at 1800

Name of Incident: Tiger Island
 Unit:
 Incident Meteorologist: Sean Luchs
 (240) 499-6654

Discussion: No notable change in the environment makes for another cool morning leading to a hot, dry day. Expect highs in the middle 90s and a couple hot spots pushing for the upper 90s with RH bottoming out around or below 30%. Changes are expected on Tuesday. Increased moisture should keep RH on Tuesday above 30 percent. Isolated to widely scattered showers and storms mean that most should not see rain, though a few individual spots anywhere in the area may. Winds will remain generally light and quite variable in direction, with less potential for gusts today. If there are any storms to be found tomorrow, gusty outflow above 20 mph could briefly occur.

Forecast for Today:

Another dry day with very low humidity below 30%

Sky/Weather:

Sunny and dry

| | | |
|--------------------------|--------|-------|
| Max Temperature: | 96 | °F |
| Min RH: | 28 | % |
| Wind (20 FT): | NE | 5 mph |
| | Gusts: | 8 mph |
| Transport Wind: | NE | 7 kt |
| LAL: | 1 | |
| Chance of Precipitation: | 0 | % |

| | | |
|----------------------------|--|-------|
| Tonight's Min Temperature: | 67 | °F |
| Tonight's Max RH: | 85 | % |
| Tonight's Wind (20 FT): | Light and variable winds. Drainage flow to low ground around hills, creeks, and rivers | |
| | VRB | 2 mph |
| | Gusts: | 7 mph |
| Tonight's Transport Wind: | S | 5 kt |
| Tonight's LAL: | 1 | |
| Tonight's Chnc of Precip: | 0 | % |

Forecast for Tuesday:

Sky/Weather: Mostly sunny. Still hot, but a modest boost in humidity. Isolated showers/storms may appear.

| | | | |
|------------------------|---|----------------|-----|
| Max / Min Temperature: | 97 | 69 | °F |
| Min / Max RH: | 33 | 85 | % |
| Wind (20 FT): | If a storm develops nearby, be prepared for gusty outflow of 20 mph or more | | |
| | NW | 7 | mph |
| | Gusts: | 13 | mph |
| Transport Wind: | SW | 10 | kt |
| LAL: | 2 | Precip Chance: | 15 |

Extended Outlook:

Our next weak front will approach in the middle of the week. Ahead of the front, moisture will continue to increase with chances for showers and thunderstorms. Depending on how cleanly the front exits the area will determine whether we see another drier stretch late in the week, or if rain chances will persist.

FIRE BEHAVIOR FORECAST

| | |
|--|---|
| FORECAST NUMBER: 18 | TYPE OF FIRE: Wildland, Type 1 |
| FIRE NAME: Tiger Island, Lions Camp Rd, Hwy 113, Elizabeth | OPERATIONAL PERIOD: Day Shift |
| DATE ISSUED: Sunday, September 10, 2023 Time Issued: 1800 | SHIFT DATE: Monday, September 11, 2023 |
| UNIT: Private Lands | SIGNED: <i>Ben Rowland, FBAN</i> |

WEATHER SUMMARY:

| | |
|---|---|
| Local Thresholds – Watch Outs Temp >80°, Min RH < 35%, Winds > 20 mph | Forecast for Today Temp: 96°, Min RH: 27%, Winds: 5 mph Gust 13 |
|---|---|

FIRE BEHAVIOR:

Hot and dry conditions today will have all fuels readily available. Fine fuels 1 & 10 hours will be in the 6-7% range. Live fuel moistures are critically low (45-55%) and should be treated as fully cured/dead. These are the fuels that drive the fire. Heavy fuels remain extremely dry. These are the fuels that retain the heat. **KBDI, ERC values, BI, and RH are at critical levels.** There is the **potential** for active fire behavior and spread today.

Fire Behavior based on values for the fuel models shown.

| Vegetation | Fuel Model | Rate of Spread | Flame Length |
|------------------------------|------------|--------------------------------|-----------------------------|
| Grass/Shrub | GS3 | Head 42 ch/hr Flank 4 ch/hr | Head 9 feet Flank 3 feet |
| Southern Rough | 7 | Head 33 ch/hr Flank 4 ch/hr | Head 6 feet Flank 2 feet |
| Timber Litter and Understory | TU2 / TL6 | Head 12 ch/hr Flank 1 ch/hr | Head 3 feet Flank 1 feet |

Maximum spotting distance **0.1 miles.**

Peak Probability of Ignition = **51%**

In **15 minutes**, a new spot fire or ignition during peak burn conditions in receptive fuels that could reach **5 acres.**

Specific Areas of Concern:

All Divisions: The diminishing heat due to the extensive mop-up the past few days have reduced but not eliminated the threat for additional fire movement. Heavy fuels like stumps, logs and dozer berms will continue to hold heat providing the ignition source during the peak burning period in the needle cast. Holdovers from lightning last Friday are still showing up with new starts and could show up even today.

Tiger Island: Infrared from Saturday night is showing scattered heat and especially in the hardwood drainages. Check heat spots identified on the IR and all firelines especially during mid-afternoon during the peak burn period.

Hwy 113/Elizabeth: Critical to watch the reburn areas near structures in DIV K. Check heat spots identified on the IR and all firelines with needle/leaf cast, especially during mid-afternoon during the peak burn period.

Lions Camp Road: No areas of extreme concern. Check any identified heat sources from the IR.

Air Operations:

Generally good conditions. Isolated storms in the afternoon may affect air operations.

Fire Behavior Safety Message

Watch Out Situation #18 is important today: Now is not the time to become complacent or let your guard down. Continue to maintain your focus and monitor the situation around you.

Watch for rapid spread from new starts, maintain good communications, post lookouts if necessary, and keep one foot in the black!

Tiger Island, Hwy 113, Lions Camp, Elizabeth Fires

SAFETY MESSAGE

If you **SEE** something, **SAY** something.

INCIDENT: Tiger Island, Hwy 113, Lions Camp, Elizabeth Fires

DATE: Sep 11, 2023

Major Hazards and Risks: Driving, Wildlife, Heat Related Injury

Driving: The assigned resources have been doing great by following speed limits, wearing seatbelts, not texting, keeping headlights on, and driving defensively. Let's continue the great safety record by not allowing distractions to take your attention away while behind the wheel.

Wildlife: There are many kinds of wildlife on this incident; snakes, ticks, gators, and more. Do not harass or kill any wildlife. Give them plenty of room and the opportunity to move away from your location because if they feel threatened, they can become more aggressive. We are working in their home and deserve to be left alone. Anytime you are near water there is the possibility of wildlife to be nearby.

Heat Related Injury: Review the symptoms of HRI on page 110 of the IRPG. These may be difficult to recognize and can be somewhat different for individuals. If you suspect someone is experiencing signs of an HRI move the person into shade or into a vehicle with the AC on to cool the body down as quickly as possible.

Symptoms of Heat Related Injury

- Profuse sweating leading to hot dry skin
- Muscle cramps and/or weakness
- Dizziness, headache, and irritability
- Rapid, weak pulse
- Vomiting
- Confusion or change in typical behavior
- Loss of consciousness

Risk Assessment

Incident Safety Officers: Don Neal, Pat Sheridan, Brian Beisel

CONTROL OPERATIONS:

TASK: Patrol for threats from re-burn along the perimeter line, and look for starts from lightning strikes. End state is to have a continual 100' mop up standard.

PURPOSE: Keep fire north of Hwy 100W and existing control lines. Complete mop up to secure line.

END STATE: Residences and structures are protected. Fire remains within the current footprint.

CONTROL OPERATIONS:

TASK: Patrol lines with engines and UTV's, mop up threats to containment lines to three chains (200') where accessible. Access and locate areas needing temporary repairs to stream crossings and lines intersecting any waterways. Mitigate reburn potential near control lines. Utilize IR to ground truth hot spots.

PURPOSE: To halt progression of the fire perimeter. Eliminate threats to homes and infrastructure surrounding the fire.

END STATE: Risk to infrastructure and the public has been mitigated.

3. INCIDENT NAME

Tiger Island

4. OPERATIONAL PERIOD

Date: 09/11/2023

Time: 0700-1900

OPERATIONS PERSONNEL

OPERATIONS: Alan Hill PLANNING OPERATIONS:
STRATEGIC OPERATIONS: Kerry Clark
DIVISION/GROUP SUPERVISOR: Brian Keating, Andy Heisey (t)

BRANCH DIRECTOR: Robert Trincado
AIR OPERATIONS BRANCH DIRECTOR: Mike Mowery

RESOURCES ASSIGNED THIS PERIOD

| STRIKE TEAM/TASK FORCE/RESOURCE DESIGNATOR | Last Shift | LEADER | NUMBER PERSONS | DROP OFF POINT/TIME | PICK UP POINT/TIME |
|--|------------|---------------|----------------|---------------------|--------------------|
| O-4011 TFLD | 09/21 | Greg Cohen | 1 | 0700 | 1900 |

| O-6001 SOFR | 09/22 | Kurt Kause | 1 | 0700 | 1900 |

CONTROL OPERATIONS:

TASK: Patrol lines with engines and UTV's, mop up threats to containment lines to three chains (200') where accessible. Access and locate areas needing temporary repairs to stream crossings and lines intersecting any waterways. Mitigate reburn potential near control lines. Utilize IR to ground truth hot spots.

PURPOSE: To halt progression of the fire perimeter. Eliminate threats to homes and infrastructure surrounding the fire.

END STATE: Risk to infrastructure and the public has been mitigated.

SPECIAL INSTRUCTIONS:

IWI IC

- Take charge of the scene
- Contact Medic: BK radio TAC 5 or State Radio Interop 5
- Contact Div Sup & Tiger Island Communications as IWI IC
- Follow Incident Medical Report
- For back-up IWI communications with Tiger Island Communications call 804-807-5821

*** Special Instructions for State Radios ***

See Division/Group Assignment List (ICS-204) for specific instructions.

DAILY FINANCE PROCESSES

- If you are an **AD**, we need a copy of your **Casual Hire form & Resource Order**.
 - If you are a **Cooperator or Contractor**, we need a copy of your **Agreement/Contract and Resource Order**.
 - All **Contract/Cooperator Equipment** needs to have a **Pre-Use Inspection form**.
 - If you are a **Crew**, we need a copy of your **Manifest** as well as the documents mentioned above.
 - If you are an **Overhead Resource**, we need a copy of your **Resource Order**.
 - If you are a **Southern Compact Resource**, we need a copy of your **Resource Order and Pre-Use Inspection form**.
- **CTRS**: No more than 2 days per CTR
 - **Shift Ticket**: No more than 1 day per shift ticket.
 - Record your time in full day increments **ONLY**. Include in the remarks the fire you worked on that day.
 - Send a PDF (No JPEG/pictures)

In the SUBJECT LINE put OVERHEAD with O# or EQUIPMENT with E# and the name of the fire you are working DAILY to the TIGER ISLAND FIRE email address

Please send as a PDF (no JPEG)

FINANCE DEMOB ONLY

To ensure we leave a complete finance package that allows LA-LAS to file the FMAGs and complete billing, we must have all supporting expense documentation sent back to the incident. You must email a copy of your complete final travel payment document (for example, travel voucher) with all receipts and itemized expense records for these fires to the following email box. In the subject line, **include the CURRENT RO# and "FMAG EXPENSES."** SEND TO THE EMAIL BELOW.

2023.tigerisland.finance@firenet.gov

Examples of expenses that need to be included in packet/email following DEMOB:

1. Final OF-286/OF-288 to include closed out travel home time.
2. Final copy of Travel Voucher and/or Travel Reimbursement to include ALL applicable receipts such as:
 - Resource Order(s)/Travel Authorization
 - Documentation for cost of airfare
 - Per Diem (part of travel voucher)
 - Lodging
 - Rental car fuel
 - Airport parking

IMPORTANT INFORMATION REGARDING COMPLETION OF OF-289 PROPERTY LOSS OR DAMAGE REPORT

To file a claim for Property Lost and/or Damaged, it is important you provide all necessary information to support the claim. Failure to do so could result in the claim being disapproved. To file, you complete both page 1 and page 2 of the OF-289. **Contact the COMP to get a fillable OF-289 that allows digital signatures.**

Ensure the following information is provided on the 2-page form:

PAGE 1:

- **Resource Order Number** for the Incident where damage and/or loss occurred.
- **The Compensation and Claims Specialist must be able to contact you if they have questions. Be sure you note your email address and cell phone number so they may contact you. Provide:**

Name of person filing the Claim (who the COMP will contact)
Claimants work unit Name and Address
City, State, Zip
Claimant's email address
Claimant's phone Number

- **Incident Number** as shown on your Resource Order; example: LA-LAS-000252
- **Name of the Incident** as shown on your Resource Order; example: Tiger Island
- **Financial Codes** as shown on your Resource Order.
- Check your **Type of Employment**.
- **Pay close attention when entering information for "Description of Property Lost or Damaged"**. Be sure you include:
 - Each item you are requesting replacement/repair for. Be sure to include identifying information such as serial numbers, vin numbers, model numbers, etc.
 - Include the age of the equipment.
 - Include the quantity, i.e. how many were damaged or need repaired?
 - **Include these attachments:** 1) Pictures of the damage; 2) Prints showing the current cost for the item you are requesting be repaired or replaced; 3) Police reports, if applicable
 - **Important** – Include the COST you are requesting for repair or replacement of the item. The COST must include any amounts for SERVICE or SHIPPING, when applicable. For instance, it might cost \$240 to get a part to repair a vehicle, but an additional \$275 for the mechanic. Include the entire amount needed. (Quotes can be obtained from local repair shops, websites, etc.)
 - **Attach any additional information to support your claim;** i.e. general messages, handwritten notes, etc
 - **Important** - Indicate whether the item is a State Compact resource
- **A claim is not valid unless the loss/damage was caused because of work you were completing for the incident. Be specific.** Include the date, place, division on the fire and a good description of how the damage/loss occurred.
- If someone **witnessed** the loss or damage occurring, have them complete, sign and date where indicated.
- Employee who is submitting the claim should **Sign and Date** the OF-289 form.

PAGE 2: Page 2 is critical information to support your Claim. After employee signs and dates the OF-289, it should be forwarded to:

- **Incident Supervisor:** This is your direct supervisor while working on the Incident. **The Incident Supervisor should validate that what you stated occurred and provide any other information they have to support what you are claiming.** They need to indicate whether they do or do not recommend approval.

- **Subject Matter Expert:** **The Subject Matter Expert provides verification of the COST being requested and provides any other applicable information to support the claim.** They need to indicate whether they do or do not recommend approval. The Subject Matter Expert may also annotate their recommendation for how the claim should be resolved, i.e. if the items can be replaced at the incident, etc.

Once the recommendations above have been obtained, the OF-289 should be emailed, along with all attachments, to the Finance inbox, with the word “**claim**” included in the subject line so that it will flow to the COMP inbox. After reviewing the claim for completion, the COMP will then forward the OF-289 as follows:

- **Finance Section Chief:** The Finance Section Chief will make a recommendation whether the claim should be approved, and may include any comments that may be pertinent to the claim.
- **Incident Agency Representative:** The Incident Agency Representative is **whomever the Agency has designated as approving official.** This is usually the Incident Business Advisor. They will make the decision whether or not the claim should be approved, including any contingencies for the approval.

If the claim is approved, the COMP will send a General Message to the **Supply Unit** and request an S#. Upon receipt of the S#, the COMP will return the approved OF-289 to the claimant, along with **the S# which authorizes incident funding not-to-exceed the amount approved** by the designated approving official.

What else? Double check to insure that:

- **There are 2 pages of the OF-289 form. Be sure you complete and return both,** with all attachments.
- **If the claim is for property paid for by and owned by the employee,** there is a different form to be completed. **Do not complete the OF-289 form for this type of claim.**
- **The incident Compensation and Claims Specialist (COMP) is here to assist. If you have questions, do not hesitate to contact them. For further assistance on submission of a claim, contact Susan Deimel at 501-337-3598.**

TIGER ISLAND FIRE

DEMOBILIZATION CHECK-OUT PROCESS

This incident is using a virtual checkout process for demobilization.

Please do not leave the incident until the following steps have been completed!

1. SUPERVISORS:

- A. When you identify excess resources
- OR
- B. 24 hours prior to demobilization date (timing out),

Please use the QR code to the right to notify the DMOB

**Supervisor submits:
Demob Request Form**

2. RESOURCE: If you need a flight home,

- A. Click on the QR code for the Flight Request Form at least 72 hours prior to your demob date.
- B. After you submit that form call the DMOB at 202-669-6141 to provide the Personally Identifiable Information (PII) that is needed to make a flight reservation. (DOB and Name as shown on ID.)

Flight Request Form

3. RESOURCE: On your demob date, please check out with the following units:

- Supply Unit – Return gear and supplies.
- Facilities – Only if you are a Compact Resource, notify 470-755-9274.
- Ground Support – Return pool NERV rentals, receive inspections, etc.
- Communications Unit - Return radios and other communications equipment.
- Time/Finance – Ensure that all CTRs and/or shift tickets have been submitted and you have received your final, signed OF-288 Time Report or OF-286 invoice.

4. RESOURCE: Once you have completed the above steps, please click on the QR code to the right and fill out the *Demob Checkout Form*.

PLEASE DO NOT FILL OUT THE DEMOB RELEASE FORM UNTIL ALL PRIOR STEPS HAVE BEEN COMPLETED!

**Resource Submits:
Demob Checkout Form**

Contact the Demob Unit Leader for any questions!
Rebecca Bulls: (202) 669-6141

Tiger Island ICP

506 West Dr, DeRidder, LA 70634

Laundry Service

- Laundry Service will be available effective Monday, September 4. This is charged directly to the fire so you do not have to arrange for or pay for the service yourself.
- Drop-Off before 0730 hours at the Mini-Reefer area by Supply. Pickup will be at the same area.
- You will complete two provided Identification tags and place them in the bag with your laundry to insure proper tracking.
- Return service initially will be the same day or within 24 hours depending on load counts.

VERNON PARISH FAIRGROUNDS

276 HM Stevens Blvd. Leesville, LA

Directions from Deridder:

- Head north on LA 171 to Leesville, LA
- At the light past the CVS, turn left onto LA 8 (Nolan Trace Rd.) There is an airport direction sign.
- Turn Right in approximately 1.5 miles (just past the Chevron gas station) onto HM Stevens Blvd.
- HM Stevens Blvd. dead ends into the fairgrounds
- Go to Exhibit Hall, 2nd building on the right after you enter the fairgrounds.

Equipment parking (DO NOT ENTER THRU MAIN GATE!)

Located on Forest Festival Drive, a left turn just before the Fairgrounds Main Gate off HM Stevens Blvd. (20 acres of parking available) – big field to the left before you reach the fairgrounds main gate – turn into that side gate.

IWI IC Responsibilities – Division Group Supervisor or Point of Contact

- Take charge of the scene – inform the Division Supervisor and Tiger Island Communications that you are the IWI IC and establish radio communications (frequencies, channels). Identify the emergency name – Division A medical, etc.
- **For backup IWI communication, call the communications phone: (804) 807-5821.**
- Assign or begin patient assessment (Medical Incident Report - MIR) and first aid. Request additional medical resources on division/branch or across incident. Transmit MIR patient information to Communications.
- Determine patient transportation through consultation with line medical personnel and Medical Unit Leader. Consider transportation time, risk to personnel, destination facility and available operational resources. If air transport is chosen, implement the plan for alternative transportation in the event aircraft cannot complete the mission. Order transportation resources through Communications as early as possible.
- Notify Communications as resources arrive and any patient status changes. Names of injured or deceased individuals will not be transmitted on the radio.
- Initiate documentation for future investigation; if a line safety officer is available, assign them to lead documentation. Do not move deceased individuals, gear or personal effects except to accomplish rescue work or protect the safety of others. Obtain written documentation of witnesses. Unit Log, ICS 214, may be used for initial documentation, but a narrative will be required.
- As appropriate, conduct an After Action Review to determine successes, areas to improve and lessons learned.

Medical Incident Report

FOR A NON-EMERGENCY INCIDENT, WORK THROUGH CHAIN OF COMMAND TO REPORT AND TRANSPORT INJURED PERSONNEL AS NECESSARY.

FOR A MEDICAL EMERGENCY: IDENTIFY ON SCENE INCIDENT COMMANDER BY NAME AND POSITION AND ANNOUNCE "MEDICAL EMERGENCY" TO INITIATE RESPONSE FROM IMT COMMUNICATIONS/DISPATCH.

Use the following items to communicate situation to communications/dispatch.

1. CONTACT COMMUNICATIONS / DISPATCH (Verify correct frequency prior to starting report)

Ex: "Communications, Div. Alpha. Stand-by for Emergency Traffic."

2. INCIDENT STATUS: Provide incident summary (including number of patients) and command structure.

Ex: "Communications, I have a Red priority patient, unconscious, struck by a falling tree. Requesting air ambulance to Forest Road 1 at (Lat./Long.) This will be the Trout Meadow Medical, IC is TFLD Jones. EMT Smith is providing medical care."

| | | |
|---|--|--|
| Severity of Emergency / Transport Priority | <input type="checkbox"/> RED / PRIORITY 1 Life or limb threatening injury or illness. Evacuation need is IMMEDIATE <i>Ex: Unconscious, difficulty breathing, bleeding severely, 2° – 3° burns more than 4 palm sizes, heat stroke, disoriented.</i> <input type="checkbox"/> YELLOW / PRIORITY 2 Serious Injury or illness. Evacuation may be DELAYED if necessary. <i>Ex: Significant trauma, unable to walk, 2° – 3° burns not more than 1-3 palm sizes.</i> <input type="checkbox"/> GREEN / PRIORITY 3 Minor Injury or illness. Non-Emergency transport <i>Ex: Sprains, strains, minor heat-related illness.</i> | |
| Nature of Injury or Illness & Mechanism of Injury | | Brief Summary of Injury or Illness <i>(Ex: Unconscious, Struck by Falling Tree)</i> |
| Transport Request | | Air Ambulance / Short Haul/Hoist Ground Ambulance / Other |
| Patient Location | | Descriptive Location & Lat. / Long. <i>(WGS84)</i> |
| Incident Name | | Geographic Name + "Medical" <i>(Ex: Trout Meadow Medical)</i> |
| On-Scene Incident Commander | | Name of on-scene IC of Incident within an Incident <i>(Ex: TFLD Jones)</i> |
| Patient Care | | Name of Care Provider <i>(Ex: EMT Smith)</i> |

3. INITIAL PATIENT ASSESSMENT: Complete this section for each patient as applicable (start with the most severe patient)

Patient Assessment: See IRPG PAGE 106

Treatment:

4. TRANSPORT PLAN:

Evacuation Location (if different): (Descriptive Location (drop point, intersection, etc.) or Lat. / Long.) Patient's ETA to Evacuation Location:

Helispot / Extraction Site Size and Hazards:

5. ADDITIONAL RESOURCES / EQUIPMENT NEEDS:

Example: Paramedic/EMT, Crews, Immobilization Devices, AED, Oxygen, Trauma Bag, IV/Fluid(s), Splints, Rope rescue, Wheeled litter, HAZMAT, Extrication

6. COMMUNICATIONS: Identify State Air/Ground EMS Frequencies and Hospital Contacts as applicable

| Function | Channel Name/Number | Receive (RX) | Tone/NAC * | Transmit (TX) | Tone/NAC * |
|-------------|---------------------|--------------|------------|---------------|------------|
| COMMAND | | | | | |
| AIR-TO-GRND | | | | | |
| TACTICAL | | | | | |

7. CONTINGENCY: Considerations: If primary options fail, what actions can be implemented in conjunction with primary evacuation method? Be thinking ahead.

8. ADDITIONAL INFORMATION: Updates/Changes, etc.

REMEMBER: Confirm ETA's of resources ordered. Act according to your level of training. Be Alert. Keep Calm. Think Clearly. Act Decisively.
