

Incident Status Summary (ICS-209)

1: Date 06/30/2011		2: Time 1600		3: Initial Update Final XX		4: Incident Number NC-NCS-11-071-048		5: Incident Name Juniper Road					
6: Incident Kind Wildfire (Full Suppression/Perimeter Control)				7: Start Date Time 06/19/2011 1533		8: Cause Lightning		9: Incident Commander Reid Hildreth		10: Incident Command Organization Type 2 Team		11: State-Unit NC-NCS	
12: County Pender		13: Latitude and Longitude Lat: 34° 32' 40" Long: 77° 40' 23" Ownership: NC-NCS				14: Short Location Description (in reference to nearest town): 18 miles northeast of Wilmington, NC							
15: Size/Area Involved 30,593 ACRES		16: % Contained or MMA 68 Percent		17: Expected Containment Date:		18: Line to Build		19: Estimated Costs to Date \$1,462,437		20: Declared Controlled Date: Time:			
21: Injuries this Reporting Period:		22: Injuries to Date:		23: Fatalities		24: Structure Information							
0		0		0		Type of Structure		# Threatened		# Damaged		# Destroyed	
25: Threat to Human Life/Safety: Evacuation(s) in progress ---- No evacuation(s) imminent -- Potential future threat ----- XX No likely threat -----						Residence		2,100		0		0	
						Commercial Property							
						Outbuilding/Other							
26: Projected incident movement/spread 12, 24, 48, and 72 hour time frames: 12 hours: Movement to the north and northeast is possible without direct fireline in place on the north end of the fire. 24 hours: Same 48 hours: Same 72 hours: Same													
27: Values at Risk: include communities, critical infrastructure, natural and cultural resources in 12, 24, 48 and 72 hour time frames: 12 hours: Holly Shelter Gameland wildlife habitat, timber and T&E plant species and Camp LeJeune training areas and ranges. 24 hours: Same 48 hours: Same 72 hours: Same													
28: Critical Resource Needs (amount, type, kind and number of operational periods () in priority order in 12, 24, 48, and 72 hour time frames): 12 hours: None at this time 24 hours: 48 hours: 72 hours:													
29: Major problems and concerns (control problems, social/political/economic concerns or impacts, etc.) Relate critical resources needs identified above to the Incident Action Plan. Fuel has an extremely high organic matter component which limits moisture absorbtion and hinders the ability to put out the fire in this fuel type. Heavy smoke has mixed with other fires, including Pains Bay, Simmons Road and fires in Florida, impairing the air quality of areas along the coast.													
30: Observed Weather for Current Operational Period Peak Gusts (mph): 1G8 Max.						31: Fuels/Materials Involved: 4 Chaparral (6 Feet) Pocosin fuels. Also fuel model 7-Southern Rough							

Temperature: 92 Wind Direction: SE Min. Relative Humidity: 45%	
---	--

32: Today's observed fire behavior (leave blank for non-fire events):

Low to moderate rate of spread in the unburned interior islands. Single tree torching.

33: Significant events today (closures, evacuations, significant progress made, etc.):

Resources continue to secure and monitor approximately 15 miles of recently burned line from 6/27 & 6/28 in Divisions F, G & H. Monitor uncontained perimeter in Division M.

34: Forecasted Weather for next Operational Period

Wind Speed (mph): **7-10** Temperature: **87**

Wind Direction: **SE** Relative Humidity: **49%**

35: Estimated Control
Date and Time:

36: Projected Final Size:
unk

37: Estimated Final Cost:

38: Actions planned for next operational period:

Continue to secure and patrol burnout perimeter. Monitor and patrol Division K & O. Continue indirect strategies in Divisions M.

39: For fire incidents, describe resistance to control in terms of:

1. Growth Potential - **High**

2. Difficulty of Terrain - **High**

40: Given the current constraints, when will the chosen management strategy succeed?

Unknown

41: Projected demobilization start date:

42: Remarks:

Anticipate superfog event for late this evening into the early morning hours on Friday for area north of the fire impacting I-40 and Hwy 17.

43: Committed Resources (Supplemental Committed Resources follow the first block)

Agency	CRW1		CRW2		HEL1	HEL2	HEL3	ENGS		DOZR		WTDR	OVHD	Camp Crews	Total Personnel
	SR	ST	SR	ST	SR	SR	SR	SR	ST	SR	ST	SR	SR		
PRI					1			1							8
