

Incident Status Summary (ICS-209)

1: Date 07/24/2011	2: Time 1700	3: Initial Update Final XX	4: Incident Number NC-NCS-11-009-049	5: Incident Name Simmons Road		
6: Incident Kind Wildfire (Full Suppression/Perimeter Control)		7: Start Date Time 06/20/2011 1323	8: Cause Lightning	9: Incident Commander Dan Brandon	10: Incident Command Organization Type 2 Team	11: State- Unit NC- NCS
12: County Bladen	13: Latitude and Longitude Lat: 34° 50' 37" Long: 78° 43' 11" Ownership: NC-NCS		14: Short Location Description (in reference to nearest town): 14 miles SE of Fayetteville, NC			
15: Size/Area Involved 5,438 ACRES	16: % Contained or MMA 91 Percent	17: Expected Containment Date:	18: Line to Build	19: Estimated Costs to Date \$3,695,986	20: Declared Controlled Date: Time:	
21: Injuries this Reporting Period: 0	22: Injuries to Date: 1	23: Fatalities 0	24: Structure Information			
			Type of Structure	# Threatened	# Damaged	# Destroyed
25: Threat to Human Life/Safety: Evacuation(s) in progress ---- No evacuation(s) imminent -- Potential future threat ----- XX No likely threat -----			Residence	306	0	3
			Commercial Property			
			Outbuilding/Other	200	0	16
26: Projected incident movement/spread 12, 24, 48, and 72 hour time frames: 12 hours: 24 hours: Spread in any direction is possible if fire escapes containment due to erratic thunderstorm winds. 48 hours: 72 hours:						
27: Values at Risk: include communities, critical infrastructure, natural and cultural resources in 12, 24, 48 and 72 hour time frames: 12 hours: 24 hours: 306 homes, wildlife resources commission property, and Bushy Lake State Natural area property will be at risk again if fire escapes containment. 48 hours: 72 hours:						
28: Critical Resource Needs (amount, type, kind and number of operational periods () in priority order in 12, 24, 48, and 72 hour time frames): 12 hours: 24 hours: 48 hours: 72 hours:						
29: Major problems and concerns (control problems, social/political/economic concerns or impacts, etc.) Relate critical resources needs identified above to the Incident Action Plan. Continued drying of organic soil, fuels are in the 90th percentile, gusty and erratic						

winds are possible with thunderstorm activity. Poor trafficability for access to many sections of the fire due to deep sand and organic soil that becomes very slick with minimal rainfall. Extreme heat causing firefighter safety issues.

30: Observed Weather for Current Operational Period Peak Gusts (mph): 10 Max. Temperature: 98 Wind Direction: SW Min. Relative Humidity: 45	31: Fuels/Materials Involved: 4 Chaparral (6 Feet) Bay fuels (Sweet Bay, Wax Myrtle, Loblolly Bay) and Sandridge. Fuel model 7 (Southern Rough) is also present.
---	---

32: Today's observed fire behavior (leave blank for non-fire events):
Moderate fire activity observed along perimeter. Significant interior re-burn of previously burned fuels that have now cured. Significant burning of organic soil.

33: Significant events today (closures, evacuations, significant progress made, etc.):
The southern part of the fire received approximaetly 0.2 inches of rain yesterday evening.

34: Forecasted Weather for next Operational Period Wind Speed (mph): 8 Temperature: 95 Wind Direction: SW Relative Humidity: 47	35: Estimated Control Date and Time:	36: Projected Final Size:	37: Estimated Final Cost:
---	--------------------------------------	---------------------------	---------------------------

38: Actions planned for next operational period:
Continue holding control lines using engines and tractor plow units. Continue mop-up of hot spots along fire perimeter to maintain containment. Continue rehabilitation efforts.

39: For fire incidents, describe resistance to control in terms of:
1. Growth Potential - **High**
2. Difficulty of Terrain - **High**

40: Given the current constraints, when will the chosen management strategy succeed?
When sufficient rainfall is experienced that will extinguish interior burning.

41: Projected demobilization start date:

42: Remarks:
In addition to the resources listed below there are 2 flex tracks ,1 fulltrack, and 1 backhoe assisting on this fire.

43: Committed Resources (Supplemental Committed Resources follow the first block)

Agency	CRW1		CRW2		HEL1	HEL2	HEL3	ENGS		DOZR		WTDR	OVHD	Camp Crews	Total Personnel
	SR	ST	SR	ST	SR	SR	SR	SR	ST	SR	ST	SR	SR		
CNTY													4		4
