

Table Rock Wildfire
National Forests in North Carolina

Incident Action Plan

Sunday November 24, 2013
Day Shift: 0700-1800

P-Code: P8HOQ5 (0811)
Fire Number: NC-NCF-130066

IAP

MAPS

Incident Objectives	1. Incident Name <p style="text-align: center;">TABLE ROCK</p>	2. Date Prepared <p style="text-align: center;">11/23/13</p>	3. Time Prepared <p style="text-align: center;">1952</p>
4. Operational Period <p style="text-align: center;">11/24/13 Sunday Day Shift 0700 - 1800</p>			
5. General Control Objectives for the incident (include alternatives) <ol style="list-style-type: none"> 1. Provide for the health and safety of firefighting personnel and the public. 2. Provide for protection to surrounding communities, such as the Outward Bound Base Camp. 3. Minimize the impacts to wilderness values, natural resources and cultural resources during operational activities. 4. Manage the incident in the most efficient and cost effective manner commensurate with values at risks. 5. Maintain effective communication and working relationships with our cooperators, partners and the media. 6. Keep the fire east of the Linville River, South of the Spence Ridge Trail (233), west of FDR 118 and the Wolfpit/Shortoff trailhead, north of the Forest boundary and north of the control line established from previous NC Wildlife Resource Commission (NCWRC) prescribe burn located in the NCWRC property. 			
6. Weather Forecast for Period <p style="text-align: center;">See attached fire weather forecast.</p>			
7. General Safety Message <p style="text-align: center;">See attached safety message.</p>

INCIDENT Weather Forecast

FORECAST NO: 5

NAME OF FIRE: Table Rock

PREDICTION FOR: DAY SHIFT

UNIT: Planning Section

SHIFT DATE: 11/24/13

SIGNED: Jon Jelsema (240-778-5277)

TIME AND DATE

Incident Meteorologist

FORECAST ISSUED: 1800 – 11/23/13

WEATHER DISCUSSION:

Cold high pressure building into the region will result in critical humidity levels, near critical winds, and elevated fire danger today. Cold and dry conditions will continue through Monday, but winds will not be as strong. An approaching storm system will spread rain back into the area Monday night through Wednesday. Freezing rain appears to be a good probability beginning Monday night and continuing through mid-morning Tuesday. Following the storm, high pressure will build back into the area on Thursday.

Weather Forecast (Today):

Sky/Weather: Sunny and Cold. Chance of measureable rain 0%.

Max Temperatures: 32 to 36

Min Humidity: 19-24%

Wind (20 FT): Morning: North-Northwest 12 to 16 mph with gusts to 25 mph.
Afternoon: North-Northwest 8 to 12 mph with gusts to 20 mph.

Mixing Height: 3000 Feet

Transport Winds: North-Northwest 30 mph (Morning), North-Northwest 20-25 mph (Afternoon).

Dispersion Index: 70 – 75 / Excellent (Morning), 50-60 / Good (Afternoon).

Tonight:

Sky/Weather: Mostly clear. Chance of measureable rain 0%.

Min Temperatures: 17-21

Max Humidity: 50-55%

Wind (20 FT): North-Northwest 3-6 in the evening, becoming light/calm after midnight.

Mixing Height: 2000 Feet in the evening, decreasing to 600 feet after midnight.

Dispersion Index: 1-3 / Very Poor

LAVORI: 1-3

Monday:

Sky/Weather: Mostly sunny early, then increasing cloudiness. Chance of measureable rain 0%.

Max Temperatures: 37 to 41

Min Humidity: 20-25%

Wind (20 FT): Morning: Variable 1 to 4 mph.

Afternoon: Southeast 4 to 7 mph with gusts to 15 mph

Mixing Height: 600 Feet early, increasing to 2000 Feet in the afternoon.

Transport Winds: South 10-15 mph

Dispersion Index: 20-30 / Fair.

Tuesday:

Max Temp: 35-39F

Min RH: 85-90%

Wind: NE 3 to 5 mph

Precip Chance: 80%

Wednesday:

Max Temp: 36-40

Min RH: 60-65%

Wind: NNW 9-13 mph

Precip Chance: 60%

Thursday:

Max Temp: 35-39

Min RH: 45-50%

Wind: NNW 6-10 mph

Precip Chance: 10%

FIRE BEHAVIOR FORECAST

FORECAST NUMBER: 10	TYPE OF FIRE: Wildfire
FIRE NAME: Table Rock	OPERATIONAL PERIOD: 11/24/13
DATE ISSUED: November 23th, 2013	TIME ISSUED: 1700
UNIT: NC-NCF	SIGNED: /s/ Gary Jarvis FBAN

INPUTS

WEATHER SUMMARY:

Cold high pressure building into the region will result in critical humidity levels, near critical winds, and elevated fire danger today.

Sunday: Cloudy with a chance of showers in the morning, then clearing in the afternoon. Chance of measureable rain 0%.

Max Temperatures: 32 to 36

Min Humidity: 19-24%

Wind (20 FT): Morning: North, Northwest 12 to 16 mph with gusts to 25 mph.

Afternoon: North, Northwest 8 to 12 mph with gusts to 20 mph

Sunday Night: Partly cloudy in the evening, then mostly clear. Chance of measureable rain 0%.

Min Temperatures: 17-21

Max Humidity: 50-55%

Wind (20 FT): North - Northwest 3-6 in the evening becoming light after midnight

Fuel Model: Fire behavior fuel model 9, TL2, TL6, TU2

Fine dead fuel moisture: 5% (down 4 from yesterday)

OUTPUTS

FIRE BEHAVIOR**GENERAL:**

- With the high winds and combination of slope, uphill spread of 13-25 chains per hour and flame length of 3-5 feet could be expected.
- Do not get complacent because things have changed. The fine dead fuel moisture is 4% lower today and the wind is gusting up to 20 mph in the afternoon.

Probability of ignition: 56%

SPECIFIC:**All Divisions:**

- The high wind and low RH predicted today could cause residual heat to produce smoke and possible flames in the heavier fuels and unburned pockets of litter fuel.
- If the fire spots across control lines expect fire to spread with ROS predicted above.

AIR OPERATIONS:

- The high winds today will hinder the ability to fly helicopters.

SAFETY

- Safety is the responsibility of everyone assigned to wildland fire, and must be practiced at all operational levels.

HEALTH AND SAFETY MESSAGE

INCIDENT: Table Rock

DATE: Sunday, November 24, 2013

TIME: Day Shift

Major Hazards and Risks:

High Winds, Travel and Change

IF YOU ARE STAYING...

Your assignment doesn't stop when you walk away from demob. Your final assignment is to arrive safely at home. The 2-to-1 work-rest policy applies.

- * Drive defensively. Human nature ensures we are less patient when driving home, don't let impatience cause unsafe behavior.
- * No driver will drive more than 10 hours within any duty-day.
- * Multiple drivers in a single vehicle may drive up to the 12 hours limitation provided no driver exceeds the individual driving time limitation of 10 hours.
- * Do not drive past 2200 hours. Do not eat and drive at the same time.
- * Don't use the cell phone while driving, pull off the road or call during your stretch breaks.

IF YOU ARE LEAVING...

High Winds- Keep updated on current weather forecast. Communicate & keep your subordinates informed of any changes in on-site weather. Fire weakened timber (snags) occurs throughout the fire area. Look Up, Look Down Look Around principles need to be applied at all times.

Cold Temperatures- Dress appropriately and limit your exposure. Wind chill predicted at +1 degrees.

Hunting Season- Starts Monday November 25th, 2013. Drive defensively due to increased scouting activities as well as camp selection.

We look forward to seeing you on a future assignment with the SAIMT.

/s/ Brad Lidell SOF2 & /s/ Dave Bostic SOF2 (T)

Southern Area Type II IMT, Safety Officers

Injury Communication Procedure

The first person on scene contact should contact the DIVS The DIVS will contact Command in all injury situations.

DO NOT use the name of the injured individual over the radio.

In the event of a minor injury, as noted by the person calling in the medical emergency, so state when relaying information so a false sense of urgency is not produced.

Medical Information

Is the injury: Remote Location _____
Critical _____ Serious _____ Minor _____

Type of injury: _____

Is the patient conscious: Yes _____ No _____

Is the patient experiencing any difficulty breathing: Yes _____ No _____

Is there uncontrolled bleeding: Yes _____ No _____

Is an EMT present and giving treatment: Yes _____ No _____

Is an EMT needed: Yes _____ No _____

Is ALS (Advanced Life Support) needed: Yes _____ No _____

Specific location of patient(Lat/Long,DP, Helispot) _____ (Deg, Min.dec

Is a helicopter needed for Evacuation: Yes _____ NO _____

Name of radio contact, channel, or frequency: _____

Best route to patient for ground transportation: _____

All EMERGENCIES: -- Secure the area and identify witness for later investigation.

Keep an accurate log of events.

Medical Radio Procedures

In a medical emergency, communications will:

1. Immediately notify MEDL and Command and General Staff (ensure contact of DIVS, and EMT listed in medical plan). **The DIVS will command (or delegate) the incident response scene, coordinating with the accident EMT and MEDL.**

MEDL will:

insure all section chiefs are informed:

C&G Checklist: IC__ Information Officer __ Log Chief__ Finance Section Chief__ Ops Chief__ Safety__ Plans Chief__ Security__

2. Acquire pertinent medivac information on form above.

If air transportation is required, notify Air Ops about medical aircraft

Keep log of all emergency radio traffic, departure and arrival times, and other pertinent information.

TRAINING MESSAGE
NOVEMBER 24

Trainees! - Time may be short!

Please remember to check out with the Training Specialist prior to being demobed to complete your paperwork and discuss the training assignment. I'm located in the ICP in Plans room. Preparation is key to a smooth close-out:

- Evaluators must initial and date the relevant parts of the task book, complete their evaluation record in the back and discuss the assignment with the trainee. If you are recommending certification for your trainee - and are yourself certified in the position - fill in the Final Evaluator's Verification box on page 2 of the PTB.
- Evaluators will also need to complete an Individual Performance Rating form (ICS 225 or 226) and discuss the evaluation with the trainee.
- Bring the task book and the performance rating with you. If you haven't already done so, please come prepared to provide Home Unit names and addresses for Trainee, Trainer and the Trainee's IQCS certifying official.

If you've accomplished what you can on this incident, you can complete the Training Unit check out process with me well ahead of your demob date and beat that last minute rush.

John Davis, Training Specialist
