## **HEALTH AND SAFETY MESSAGE**

INCIDENT: NCFS Summer 24 Fire Support DATE: 06/30/24 Time: 0700-1900

## Major Hazards and Risks:

**Driving & Traffic:** Driving during or after a rain event, whether a sprinkle or a heavy downpour, can be one of the most difficult driving situations a driver encounters. Rainy conditions are directly associated with higher collision rates. Watch out for slicker conditions on forest and paved roads. Increase your following distance to 5 plus seconds. When backing up, ALWAYS USE A SPOTTER. Watch closely when backing up in small parking lots.

TRAFFIC HEADS UP! It's the weekend and beach traffic can be crazy busy. Drive defensively!

**Heat Related Illness (HRI) & Dehydration:** Acclimate to your environment. Stay ahead of the hydration curve. Hydrate throughout and following each shift. Maintain a water/electrolyte radio of at least 3:1. Listen to your body and acknowledge any symptoms of heat related illness.

**Solar Radiation and Sunscreen:** Most skin cancers are caused by too much exposure to ultraviolet (UV) light. UV rays are an invisible kind of radiation that comes from the sun, and directly damage skin cells. Sunscreens are assigned a *sun protection factor* (SPF), which is a number that rates how well they block UV rays. Higher numbers indicate more protection. You should use a broad-spectrum sunscreen with SPF of 15 or higher.

Accidents: Identify on scene IC and CALL 911, follow 8 Line, make sure patient is secure and in a safe place. Contact your fire line supervisor and inform him/her.

"Working Safely May Get Old, However, So Do Those Who Practice it."

### Hydration Station (Check throughout your shift)

### **Thunderstorm Safety**

NWS indicates a higher chance of thunderstorms in the area over the next several operational periods

- In the past 5 years, there have been 82 lightning strike deaths in the United States.
- Stay away from tall trees, powerlines or other elevated conductive objects.
- Don't hesitate. Seek shelter in a vehicle or sturdy building as soon as you hear thunder.
- If on the fire line and far from your truck, move to an area with shorter trees.
- Don't group resources together.
- Don't operate machinery or electric motors.
- Don't resume work in exposed areas until 30 minutes after storm activity has passed.

Incident Safety Officers: Greg Riggs and Duane Truslow (t)

## **Demobilization Requirements**

- Section Chiefs will send general messages to plans and logistics notifying them of demobilization of excess resources with as much advance notice as possible.
- 24hrs prior to the resources expected time of checking out of the hotel, the hotel will be notified to prevent early checkout and/or another night's charges accruing. The resource and Logistics personnel will be responsible for notification.
- When resources checkout of the hotel they need to request a copy of the final bill to bring to finance for demob. <u>You will not</u> be allowed to demob without this!
- Resources must obtain a performance evaluation from your incident supervisor.
- Update position task book with your supervisor.
- All resources will return any equipment that was borrowed.
- All personnel approved to be released from the incident will start their demob at ICP, where they will receive a Demobilization Checkout sheet (ICS 221) from the DEMOB unit leader.
- Submit final CTR's and Shift Tickets to Finance at ICP.
- Plans will notify the resources' district operations room and the regional operations room of their departure.
- Travel Route State agency personnel returning via their agency's vehicles will plan the most direct, most practical routes to their homes.
- TRAVEL LIMITATIONS: All demobilized personnel must arrive at their home before 2200 hours and not exceed 16.0 hours of worktime that shift. If personnel can't reach their home in this timeframe the resource will rest overnight, and resume travel the next day.
- All resources must notify their ops rooms when they arrive back at their home unit.

## **Finance Information**

- Make sure you have the correct incident you are working on (NCFS Summer 24 Fire Support or Morris Marina Road Fire) identified on your CTR & Shift Ticket.
- Fuel/Gas receipts will be turned into your home unit when you return from assignment (document the fire name on the receipt). <u>Include the amount of fuel/gas purchases on your Shift Ticket in the "Remarks" section before you turn it in to your time recorder.</u> (See Example)
- Shift tickets and CTR's must be turned in daily to Ops.
- All shift tickets and CTR's must be filled out completely. Incident/Fire # NC-NCS-240024 (See examples)
- All purchase requests must be routed though logistics for approval and purchase.
- P-card charges related to the Morris Marina and NCFS Summer 24 Fire Support will need to be reconciled at the ICP. All related invoices, logs, general messages need to be scanned to kelly.howard@ncagr.gov by COB on the day of purchase. It is the Buyer's responsibility to make sure the documentation is submitted timely.

## **Logistics Message**

• Laundry Service has been set up, please plan to drop off on Monday and/or Thursday mornings at the place you receive your morning briefing. Place items in the supplied bags, place a label with your name, resource order number and a phone number where you can be reached inside and on the outside of the bag. You will be able to pick your items up the following day.

### The following restaurants have been set up for you to sign for your meals.

- Please mention the signup sheet when placing your order to prevent any confusion when it's time to pay.
- Please be sure that you are signing a meal log for every meal received, including lunches!
- Remember it is your responsibility to stay under per diem. This includes drinks, taxes and a 20% gratuity at sit down restaurants.
- Breakfast \$10.10, lunch \$13.10 and dinner \$23.10.
- Be sure to include your Resource order number- O or E and enter the amount of your meal.

## **MEDICAL PLAN (ICS 206 WF)**

Controlled Unclassified Information//Basic

### **Medical Incident Report**

FOR A NON-EMERGENCY INCIDENT, WORK THROUGH CHAIN OF COMMAND TO REPORT AND TRANSPORT INJURED PERSONNEL AS NECESSARY.

FOR A MEDICAL EMERGENCY: IDENTIFY ON-SCENE INCIDENT COMMANDER BY NAME AND POSITION AND ANNOUNCE "MEDICAL EMERGENCY" TO INITIATE RESPONSE FROM IMT COMMUNICATIONS/DISPATCH.

Use the following items to communicate situation to communications/dispatch.

Ex: "Commun 2. INCIDENT ST Ex: "Commun	nications, Div. Alpha. Si <b>FATUS:</b> Provide incide ications, I have a Red <u>p</u>	DISPATCH (Verify correct frequent tand-by for Emergency Traffic." ent summary (including number of periority patient, unconscious, struck is "Smith is providing medical care."	atients) and command	structure.	Forest Road 1 at (Lat./Long.) This will be the Trout		
	verity of Emergency / Transport Priority  RED / PRIORITY 1 Life or limb threatening injury or illness. Evacuation need is IMMEDIATE  Ex: Unconscious, difficulty breathing, bleeding severely, 2° – 3° burns more than 4 palm sizes, heat stroke, disoriented.  YELLOW / PRIORITY 2 Serious Injury or illness. Evacuation may be DELAYED if necessary.  Ex: Significant trauma, unable to walk, 2° – 3° burns not more than 1-3 palm sizes.  GREEN / PRIORITY 3 Minor Injury or illness. Non-Emergency transport  Ex: Sprains, strains, minor heat-related illness.						
	njury or Illness & sm of Injury				Brief Summary of Injury or Illness (Ex: Unconscious, Struck by Falling Tree)		
Evacuati	on Request				Air Ambulance / Short Haul/Hoist Ground Ambulance / Other		
Patient	Location				Descriptive Location & Lat. / Long. (WGS84)		
Incide	nt Name				Geographic Name + Medical (Ex: Trout Meadow Medical)		
On-Scene Incid	dent Commander				Name of on-scene IC of Incident within an Incident (Ex: TFLD Jones)		
Patie	nt Care				Name of Care Provider (Ex: EMT Smith)		
3. INITIAL PATI	ENT ASSESSMENT	Complete this section for each patien	nt as applicable (start wi	th the most severe patien	9)		
Patient Assessment: See IRPG PAGE 106							
Treatment:			2				
I. EVACUATION							
Evacuation Location (if different): (Descriptive Location (drop point, intersection, etc.) or Lat. / Long.) Patient's ETA to Evacuation Location:							
Helispot / Extract	ion Site Size and Ha	azards:					
. ADDITIONAL	RESOURCES / EQU	IPMENT NEEDS:					
Example: Paramed	lic/EMT, crews, immobi	ilization devices, AED, oxygen, traur	ma bag, IV/fluid(s), spi	ints, rope rescue, whee	led litter, HAZMAT, extrication		
5. COMMUNICATIONS: Identify State Air/Ground EMS Frequencies and Hospital Contacts as applicable  Function Channel Name/Number Receive (RX) Tone/NAC * Transmit (TX) Tone/NAC *							
Function	Channel Name/Num	ber Receive (RX)	Tone/NAC *	Transmit (TX)	Tone/NAC "		
AIR-TO-GRND							
TACTICAL							
7. CONTINGENO	CY: Considerations:	f primary options fail, what action	s can be implemente	ed in conjunction with	primary evacuation method? Be thinking ahead		

REMEMBER: Confirm ETAs of resources ordered. Act according to your level of training. Be Alert. Keep Calm. Think Clearly. Act Decisively.
