INCIDENT OBJECTIVES (ICS 202)

| 1. Incident Name: | 2. Operational Period: | | | | | | | | |
|--|---|-------------------------------------|--|--|--|--|--|--|--|
| CHIC FY24 TORNADO RESPONSE | Date/Time From: | Date/Time To: | | | | | | | |
| | 05/11/2024 0700 SAT | 05/11/2024 1900 SAT | | | | | | | |
| 3. Objective(s): | | | | | | | | | |
| Prioritize human safety and operational integrity above all else. | | | | | | | | | |
| Protect and/or minimize effects of the incident to the cultural, heritage, and natural resources in the park. | | | | | | | | | |
| Provide limited access to key park areas that can safely be open for public wellness and goodwill. | | | | | | | | | |
| Maintain and enhance relationships with stakeholders and the visitors by providing accurate and timely information. | | | | | | | | | |
| Responsibly manage the incident using the | Incident Command System (safety, finance | , logistics, and documentation). | | | | | | | |
| Provide security for vulnerable government | assets exposed by the tornado until security | y mitigations can be reestablished. | | | | | | | |
| 4. Operational Period Command Emphasis: | | | | | | | | | |
| Remember why we are here service for the | ne common good! | | | | | | | | |
| Themselving we are here service for the | le common good: | | | | | | | | |
| Ensure the park is stabilized and prepared for long-term success by addressing hazards, clearing roads and trails of fallen trees and debris, and evaluating and securing infrastructure. | | | | | | | | | |
| General Situational Awareness: | | | | | | | | | |
| SAFETY FIRSTYours, your co-workers and the public! Snags, widow-makers, and trees with shallow root systems are abundant. Wear hard hats when you're in affected areas, maintain your situational awareness, be quick to identify hazards and point them out to your co-workers. | | | | | | | | | |
| Check yourself and clothing for ticks and im | mediately remove them. | | | | | | | | |
| Poison ivy is prevalent in the area, be awar | е. | | | | | | | | |
| Be situationally aware with changing weath | er conditions. | | | | | | | | |
| Be aware of heavy equipment and trucks of | n park roads; come to a complete stop at in | tersections and watch for traffic. | | | | | | | |
| 5. Site Safety Plan Required? Yes No | [X] | | | | | | | | |

Spot Forecast for CHIC Tornado Response...

National Weather Service Norman OK 255 PM CDT Fri May 10 2024

Forecast is based on forecast start time of 0700 CDT on May 11. If conditions become unrepresentative...contact the National Weather Service.

.DISCUSSION...

Mainly dry conditions are expected Saturday and most of Saturday night, with rain chances increasing by Sunday morning and continuing through Sunday night. Severe weather is not expected with this activity at this time, though lightning is a possibility.

Winds will be light and variable overnight tonight, becoming light and southerly on Saturday, and increasing to 10 to 15 mph on Sunday.

.SATURDAY . . .

Sky/weather.....Sunny then becoming partly sunny in the afternoon.

Max temperature....Around 79.

Min humidity.....42 percent.

Surface winds (mph).Light winds becoming southeast 5 to 7 mph in the afternoon.

.SATURDAY NIGHT...

Sky/weather.....Mostly cloudy.

Min temperature.....Around 58.

Max humidity......93 percent.

Surface winds (mph). South winds 5 to 8 mph.

.SUNDAY . . .

Sky/weather......Mostly cloudy then becoming cloudy in the afternoon. Slight chance of thunderstorms in the morning. Chance of rain showers through the day. Chance of thunderstorms in the afternoon.

Max temperature....Around 71.

Min humidity.....69 percent.

Surface winds (mph). South winds 6 to 15 mph.

SAFETY MESSAGE/PLAN (ICS 208)

1. Incident Name: CHIC TORNADO RESPONSE

2. Operational Period:

Date From: May 11, 2024 Date To: May 11, 2024

Safety Officer – AJ Johnson (907) 205-0148 and Christina Ryan-Miller (928) 607-0025

MAINTAIN SITUATIONAL AWARENESS AT ALL TIMES Contact Incident Safety Officer if an injury occurs.

Weather

Check the weather before you start work and periodically throughout the day. Ensure you know where the nearest shelter is to your work location. SEEK SHELTER IF THERE IS A TORNADO WARNING. Seek shelter if there is lightning within FIVE miles.

PPE

This is a large project with many moving parts that may be outside of your normal duties. If you feel you are missing personal protective equipment to help keep you safe, please reach out to your supervisor. The ICP has cut resistant gloves for personnel who are moving sharp or metal debris.

Wildlife

Larger mammals: Feral hogs, bobcats, badgers, black bears, coyotes, foxes, mountain lions.

Reptiles: Rattlesnakes, copperhead snakes, cottonmouth snakes.

Spiders: Black widows, brown recluse.

Other insects: **Ticks**, scorpions, chiggers, and the usual flying buzzers.

Dangerous plants – castor bean plants, hemlock, several toxic mushrooms, pokeweed, poison ivy.

Heat Stress

If you are not from the local area, the humidity changes the way heat affects your body – ensure that you are hydrating and eating well. Take breaks in the shade or in air conditioning throughout the day to allow yourself to cool off. The effects of heat stress can accumulate over time, so you may feel fine one day and drained the next day – listen to your body.

Driving

The intersection of 177/7 is very busy. Slow down and double check for vehicles and pedestrians in the area. Watch for roadside work. Wear reflective high visibility vests when outside of vehicle and assisting with traffic control. Dump trucks have begun speeding on highway 177, likely in an effort to make additional runs during nice weather. LE will increase patrols, and a mobile radar will be placed – but use additional caution when entering traffic on that road.

Heavy Debris Removal

Heavy equipment will be used to move large material using towing chains. If you are not part of the debris moving operation in the maintenance yard, you should not be in that work area.

Wellness

There are opportunities to meet with a peer support specialist – work with your supervisor or a member of the IMT for more information.
