

Magnetic Declination for the U.S. 2004

Mercator Projection

Contours of Declination of the Earth's magnetic field. Contours are expressed in degrees. Contour Interval: 1 Degree (Positive declinations in blue, negative in red)

Produced by NOAA's National Geophysical Data Center

Based on the International Geomagnetic Reference Field (IGRF), Epoch 2000 updated to December 31, 2004
