

Southern Area Coordination Center

WinSCP for the New Secure nifc.ftp.gov Using WebDAV over Port 443

HELP DOCUMENTATION

If you are NOT a Forest Service employee, you will download WinSCP at https://winscp.net/eng/index.php

If you are a Forest Service employee and you do not have WinSCP loaded on your computer, you will install using the Microsoft System Center following these instructions:

Click on "Start", then "All Programs", then "Microsoft System Center", then "Configuration Manager", then "Software Center"

The following window will open up – you will click on the upper right side on the text "Find additional applications from the Application Catalog":
