12. Prepared By: Print Name: Jason Hattersley SITL Date/Time Prepared: 10/20/2015 1830 CDT		13. Approved By: Print Name: Mark Morales IC / Danny Bryant IC(T) Signature: .											
14. Date/Time Submitted: 10/20/2015 1845 CDT		15. Primary Location, Organization, or Agency Sent To: SACC											
16. State: TX	17. County / Parish / Borough: Bastrop	18. City: Smithville											
19. Unit or Other:	20. Incident Jurisdiction: TX-TXS	21. Incident Location Ownership (if different than jurisdiction): TX-TXS											
22. Latitude/Longitude: Latitude: 30° 4' 31" Longitude: 97° 8' 57"	23. US National Grid Reference: Grid Zone: x-Coordinate: y-Coordinate:	24. Legal Description: Principal Meridian: Township: Range: Section: 1/4 Sec: of 1/4 Sec:											
25. Short Location or Area Description (list all affected areas or a reference point): Four miles north of Smithville, TX			26. UTM Coordinates: Zone: Easting: Northing:										
27. Note any geospatial data available (indicate data format, content, and collection time information and labels):													
28. Observed Fire Behavior or Significant Events for the Time Period Reported (describe fire behavior using accepted terminology. For non-fire incidents, describe significant events related to the materials or other causal agents): Moderate Smoldering													

Incident Status Summary (ICS-209)

Incident: **Hidden Pines**

Creeping
 Narrative:
Continued smoldering of snags, stumps and heavy downed fuels in the morning with potential for active surface fire, potential for torching and spotting from remaining unburned/partially burned pockets of fuel in the afternoon.

29. Primary Fuel Model, Materials, or Hazards Involved (hazardous chemicals, fuel types, infectious agents, radiation, etc):
Timber (Litter and Understory)
Short Grass (1 foot)
Tall Grass (2.5 feet)
 Narrative:
Clouds and RH are on the rise but winds will increase and overall fuel dryness is extreme.

30. Damage Assessment Information (summarize damage and/or restriction of use or availability to residential or commercial property, natural resources, critical infrastructure and key resources, etc):	A. Structural Summary	B. # Threatened (up to 72 hrs)	C. # Damaged	D. # Destroyed
	E. Single Residences	95	2	64
	F. Multiple Residences	0	0	0
	G. Mixed Commercial / Residential	0	0	0
	H. Nonresidential Commercial Property	0	0	7
	I. Other Minor Structures	0	0	70

31. Public Status Summary: <i>C. Indicate the Number of Civilians (Public) Below:</i>				32. Responder Status Summary: <i>C. Indicate the Number of Responders Below:</i>

<p>36. Projected Incident Activity, Potential, Movement, Escalation, or Spread and influencing factors during the next operational period and in 12-, 24-, 48-, and 72-hour time frames:</p>
<p>12 hours: Minimal fire growth is projected outside containment lines; Unburned/partially burned fuels interior will continue to ignite and burn causing potential for surface fire, torching and spotting with forecasted winds.</p>
<p>24 hours: Minimal fire growth is projected outside containment lines; Unburned/partially burned fuels interior will continue to ignite and burn causing potential for surface fire, torching and spotting with forecasted winds.</p>
<p>48 hours:</p>
<p>72 hours:</p>
<p>Anticipated after 72 hours:</p>

<p>37. Strategic Objectives (define planned end-state for incident): Ensure public and firefighter safety throughout the incident. Continue suppression operations to limit structure loss and negative impact to environmentally sensitive areas. Continue to establish control lines Convey damage assessment to Bastrop County for analysis of loss. Maintain open communications with public and media. Assess and implement erosion control measures.</p>

<p>38. Current Incident Threat Summary and Risk Information in 12-, 24-, 48-, and 72-hour timeframes and beyond. Summarize primary incident threats to life, property, communities and community stability, residences, health care facilities, other critical infrastructure and key resources, commercial facilities, natural and environmental resources, cultural resources, and continuity of operations and/or business. Identify corresponding incident-related potential economic or cascading impacts:</p>
<p>12 hours: Continued threat to approximately 95 homes inside burned area. Buesher State Park and MD Anderson Research Facility remain closed to public access.</p>
<p>24 hours: Continued threat to approximately 95 homes inside burned area. Buesher State Park and MD Anderson Research Facility remain closed to public access.</p>

Incident Status Summary (ICS-209)

Incident: **Hidden Pines**

48 hours:	Continued threat to approximately 95 homes inside burned area. Buesher State Park and MD Anderson Research Facility remain closed to public access.													
72 hours:														
Anticipated after 72 hours:														
39. Critical Resource Needs in 12-, 24-, 48-, and 72-hour timeframes and beyond to meet critical incident objectives. List resource category, kind, and/or type, and amount needed, in priority order:														
12 hours:	No critical unmet needs at this time.													
24 hours:	No critical unmet needs at this time.													
48 hours:														
72 hours:														
Anticipated after 72 hours:														
40. Strategic Discussion: Explain the relation of overall strategy, constraints, and current available information to: <ol style="list-style-type: none"> 1) critical resource needs identified above, 2) the Incident Action Plan and management objectives and targets, 3) anticipated results. <p>Explain major problems and concerns such as operational challenges, incident management problems, and social, political, economic, or environmental concerns or impacts.</p> <p>A full suppression strategy has currently contained much of the fire spread. Spotting and extremely dry conditions make overall control difficult. Highly sensitive fire due to its proximity to Austin and because it is burning next to the 2011 Bastrop fire scar that destroyed hundreds of homes. Additional safety concerns with high volume of traffic on Hwy 71 bordering fire edge.</p>														
41. Planned Actions for Next Operational Period: Continue direct suppression operations; limit structure loss; continue to monitor and recheck structures within the burned area; continue to improve control line; mop-up around homes and structures; assess and implement erosion control measures; patrolling.														
42. Projected Final Incident Size/Area (use unit label – e.g., "Acres", "Square Miles"): 4,582														
43. Anticipated Incident Containment or Completion Date: 10/23/2015														
44. Projected Significant Resource Demobilization Start Date:														
45. Estimated Incident Costs to Date: \$659,662.00														
46. Projected Final Incident Cost Estimate: \$0.00														
47. Remarks (or continuation of any blocks above – list block number in notation): Fire area has been reopened to residents as of 1030hrs today. Road blocks/checkpoints are in place to control traffic entry to emergency personnel, residents and escorted media only at this time.														
49. Resources (summarize resources by category, kind, and/or type; show # of resources on top 1/2 of box, show # of personnel associated with resource on bottom 1/2 of box):
