If assets are used, coordinate with Air Operations.									

HOGPEN FIRE SABINE NF *SAFETY MESSAGE*

July 31, 2023

COMPLACENCY

Complacency is known as the silent killer.

Accidental injury has become the No. 3 cause of death for the first time in U.S. history. Injury statistics examined by National Safety Council data experts confirm that preventable deaths rose 10% in 2016. Based on new injury statistics, an American is accidentally injured every second and killed every three minutes by a preventable event – a drug overdose, a vehicle crash, a fall, a drowning or another preventable incident. A total of 14,803 more people died accidentally in 2016 than in 2015, the largest single-year percent rise since 1936.

Complacency is the driving force behind most mishaps!

Three goals to put complacency in its place:

- Be team minded.
- Maintain situational awareness.
- Follow your checklists.

Your safety team says: Don't be these guys!

Let's be smart, have fun and take care of each other.

Safety Team - David (Dave) Shore - SOF2, Dale Snyder - SOFC(T)

Hotel Safety

- Don't answer the door in a hotel room without verifying who it is. If a person claims to be an employee, call the front desk and ask if someone from the staff is supposed to have access to your room and for what purpose.
- When returning to your hotel late in the evening, use the main entrance of the hotel. Be observant and look around before exiting your vehicle.
- Close the door securely whenever you are in your room and use all the locking devices provided.
- Don't needlessly display guest room keys in public or carelessly leave them on restaurant tables, at the swimming pool, or in places where they can easily be stolen.
- Don't draw attention to yourself by displaying large amounts of cash or expensive jewelry.
- Don't invite strangers to your room.
- Place all valuables in the hotel safe deposit box.
- Do not leave valuables in your vehicle.
- Check to see that any sliding glass doors or windows and any connecting room doors are locked.
- Ensure that you know the emergency exits in case of fire or other emergencies. Avoid elevators in case of fire.

Elevator Safety:

- Observe all passengers in elevators.
- It is wise to board last and select floor buttons last.
- If possible, position yourself near the elevator control panel and if attacked, push as many floor buttons as possible. Keep your back to the sidewall.
- If someone suspicious boards an elevator, exit as soon as possible.

Parking Lot Safety:

- Any person walking alone, male or female, is potential prey for assault. Walk with a friend or family member whenever possible.
- Walk purposefully and look confident. Assertive body language can help prevent an attack. Don't slouch...keep your head up. Look as though you would cause an uproar if bothered.
- Try not to carry a lot of packages at once, as this makes you an easy target.
- As you walk observe those around you. Notice if there are any strangers sitting in parked cars or standing in your pathway. If so, choose an alternate route and by all means, avoid them.
- Stay away from isolated or poorly lit areas. Avoid walking near shrubbery which can hide attackers.
- Always be alert and aware. Have your car keys in your hand and be ready to unlock the door without delay.
- As you approach your car, look under and around it. Before getting in your car look in the back seat and on the floor.
- If uncomfortable, ask coworker for escort.

News from the Information Shop

Welcome to the Hogpen Wilderness Fire!

If you get any amazing photos or video you'd like to share, please text them to Mandy Chumley at 936.366.3733 or email to mandy.chumley@usda.gov

We are updating the bulletin board at the ICP so keep an eye out for Riveting Information.

Stay safe out there.

Human Resource Message

Accept that we all are human resources, but we are humans first and resources later.

Avoid Horseplay!

HORSEPLAY is rough and rowdy play that does not contribute effectively to a productive and safe work environment.

<u>Hogpen Fire Finance Message – 7/31/2023</u>

Email CTRs, Shift tickets, Casual hire forms, and contacts/agreements to 2023.hogpen.finance@firenet.gov

Please get your time up to date as soon as possible.

- All finance documentation needs to be submitted to Finance via email.
 - Preferred format is PDF.
 - In the email subject, please put your RO#, doc type (CTR, Contract, etc.), and the date(s) you are submitting this helps search the inbox for missing items.
- 2-Days on one CTR is acceptable.
- OF-288/OF-286 will be created for each resource at the end of your assignment.
- If claiming H-Pay or showing no lunch break, please make sure there is an explanation in the remarks of the CTR – Follow what is outlined in the NWCG Standards for Interagency Incident Business Management. (Yellow book)
- Make sure you have the correct date, RO#, remarks, and supervisor's signature before submitting your time.
- Claims Fill out an OF-289 with the attachment. The form is on the link tree (QR code on IAP cover).
 - o <u>Pictures</u> of the damage are <u>mandatory</u>.
 - Manufacture dates for tires are <u>mandatory</u> as well. Email claims with questions and/or all appropriate documentation to the finance email.

For any questions regarding Finance, contact Kelly Reeves, FSC3, 936-676-6387

MEDICAL PLAN (ICS 206 WF)

Controlled Unclassified Information//Basic

Medical Incident Report

FOR A NON-EMERGENCY INCIDENT, WORK THROUGH CHAIN OF COMMAND TO REPORT AND TRANSPORT INJURED PERSONNEL AS NECESSARY.

FOR A MEDICAL EMERGENCY: IDENTIFY ON-SCENE INCIDENT COMMANDER BY NAME AND POSITION AND ANNOUNCE "MEDICAL EMERGENCY" TO INITIATE RESPONSE FROM IMT COMMUNICATIONS/DISPATCH.

Use the following items to communicate situation to communications/dispatch.

١.	CONTACT	COMMUNICATIONS	DISPATCH	(Verify correct	frequency prior	to starting report)
----	---------	----------------	----------	-----------------	-----------------	---------------------

Ex: "Communications, Div. Alpha. Stand-by for Emergency Traffic."

2. INCIDENT STATUS: Provide incident summary (including number of patients) and command structure.

Ex: "Communications I have a Red priority nations unconscious struck by a falling tree. Requesting air ambulance to Forest Road 1 at /l at /l ong \ This will be the Trout

Meadow Medical, IC is TFLD Jones. EM	T Smith is providing medical care."	t by a family tree. They	lesting an ambalance to re	rest read that (Edit Eorig.) This will be the front		
Severity of Emergency / Transport Priority	□ RED / PRIORITY 1 Life or limb threatening injury or illness. Evacuation need is IMMEDIATE Ex: Unconscious, difficulty breathing, bleeding severely, 2° – 3° burns more than 4 palm sizes, heat stroke, disoriented. □ YELLOW / PRIORITY 2 Serious Injury or illness. Evacuation may be DELAYED if necessary. Ex: Significant trauma, unable to walk, 2° – 3° burns not more than 1-3 palm sizes. □ GREEN / PRIORITY 3 Minor Injury or illness. Non-Emergency transport Ex: Sprains, strains, minor heat-related illness.					
Nature of Injury or Illness						
& Mechanism of Injury				Brief Summary of Injury or Illness (Ex: Unconscious, Struck by Falling Tree)		
Evacuation Request				Air Ambulance / Short Haul/Hoist Ground Ambulance / Other		
Patient Location			1	Descriptive Location & Lat. / Long. (WGS84)		
Incident Name				Geographic Name + Medical (Ex: Trout Meadow Medical)		
On-Scene Incident Commander				Name of on-scene IC of Incident within an Incident (Ex: TFLD Jones)		
Patient Care				Name of Care Provider (Ex: EMT Smith)		
3. INITIAL PATIENT ASSESSMEN	T: Complete this section for each pati	ent as applicable (start w	ith the most severe patient)			
Patient Assessment: See IRPG P	AGE 106					
Treatment:						
4. EVACUATION PLAN:						
Evacuation Location (<i>if different</i>): (<i>L</i>	Descriptive Location (drop point,	intersection, etc.) o	r Lat. / Long.) Patient's	ETA to Evacuation Location:		
Helispot / Extraction Site Size and H	Hazards:					
5. ADDITIONAL RESOURCES / EQ	UIPMENT NEEDS:					
Example: Paramedic/EMT, crews, immo	bilization devices, AED, oxygen, tra	uma bag, IV/fluid(s), sp	lints, rope rescue, wheeled	litter, HAZMAT, extrication		
6. COMMUNICATIONS: Identify S	tate Air/Ground EMS Frequen	cies and Hospital (Contacts as applicable			
Function Channel Name/Nu	<u> </u>	Tone/NAC *	Transmit (TX)	Tone/NAC *		
COMMAND						
AIR-TO-GRND						
TACTICAL						
7. CONTINGENCY: Considerations:	If primary options fail, what action	ons can be implement	ed in conjunction with pr	imary evacuation method? Be thinking ahead		
8. ADDITIONAL INFORMATION: υ	pdates/Changes, etc.					
REMEMBER: Confirm ETAs of I	resources ordered. Act accor	ding to your level o	of training. Be Alert. K	eep Calm. Think Clearly. Act Decisively.
