Label	RepairType	Repair Status	Repair Comments
H-1	Helispot Repair	Repair Needed	Seed/Slash
H-2	Seed	Repair Needed	Seed only
H-3	Helispot Repair	Repair Needed	Seed/Slash
Meadow Spike	Seed	Repair Needed	Seeding - very minor

Number	Line Type	RehabType	Repair Status	Repair Comments
1	Completed Dozer Line	Dozer Line Rehab	Repair Needed	Seed, pull berm, water bars, drag slash over
2	Completed Dozer Line	Dozer Line Rehab	Repair Needed	Seed, pull berm, water bars, drag slash over
3	Completed Dozer Line	Dozer Line Rehab	Repair Needed	Seed, pull berm, water bars, drag slash over
4	Completed Hand Line	<Null>	No Repair Needed	Low impacts here, rocky soil, min. slash. No rehab needed.
5	Access or Improved Road	Chip	Repair Needed	Minor chipping needed from tree line at meadow spike past DP40 to Comm towers. Drainage repair needed from Dozer Line up to Comm Towers.
6	Access or Improved Road	Water Bars	Repair Needed	Use hand crews to put in a few water bars in critical locations. Possibly buck a few green trees. Keep road open like it was before. NO DOZER NEEDED. NO SEEDING.
7	Access or Improved Road	Chip	Repair Needed	Very minimal chipping needed. Water bars or drainage improvement needed?
8	Access or Improved Road	Chip	Repair Needed	Lots of chipping needed between DP10-20. Runs along drainage. Water bars may not be effective alone.
9	Access or Improved Road	<Null>	No Repair Needed	No chip needed. Water bars not needed - too rocky.
10	Access or Improved Road	Water Bars	Repair Needed	Drainage repair needed ...?
11	Access or Improved Road	Water Bars	Repair Needed	Drainage repair needed ...?
12	Access or Improved Road	Water Bars	Repair Needed	Consult with rancher.
