NK Hazard Tree Removal Stewardship Contract (1924 ac.s) removing haz. trees 100' along 60+ mi.s of public roads and 9 mi.s of Ariz. Trail (Per the N. Kaibab Hazard Tree Removal EA's Decision Notice/FONSI)

All other salvage efforts performed under "Warm Recovery EIS" Record of Decision

Of approx. 9000 NEPA approved salv. acres, about 1/3 of it was prepared for salvage.

FY2008 and 20010 planting performed on past even-aged shelterwood units (which did not need salvaging first)

Numbers displayed within polygons are harvest and/or planting unit numbers.
