Warning: This map is not to be used for VFR navigational purposes!
It is primarily designed for identifying hazards and obstacles
that may be encountered while flying at low altitudes during air operations.
See FAA "Sectional" Aeronautical Chart for details.

This map was produced by the Region 5 Fire and Aviation GIS Lab. GIS data and product accuracy may vary.
This map is not to be used for navigational purposes. It is only to be used as a means of identifying vertical
obstructions and other known hazards to ensure safe air operations. The Forest Service reserves the right
to update, modify, or replace any or all of this data without notifying users.

Not all roads shown on this map are open to public motor vehicle use. Please
refer to the Angeles National Forest Motor Vehicle Use Map (MVUM) which shows
designated motor vehicle use areas. National Forest system trails and the areas on the
National Forest system lands in the Angeles National Forest that are designated
for motor vehicle use pursuant to 36 CFR 212.41. National Forest road, trail and
area users must comply with the MVUM, as well as federal, state and local laws
and regulations. Consultation with these rules is the responsibility of the user.
MVUMs may be obtained at Angeles National Forest offices and online at
www.fs.fed.us/angeles
