- Drop Point
- Completed Hand Line
- Access Route
- Prescribed Fire

Access (from staging area):

Follow FR 820 to the hunter walking trail trailhead. UTV only beyond this point. There is a sensitive species concern in the vicinity of the gate at the trailhead, so do not drive off trail in this area. After going through gate, take first right onto trail 116A. Continue on 116A until you arrive at the south end of the unit at DP 9.
